FIREMEN ASK FOR MORE PAY

Moving for Standardization of Wages, Following Lead of Engineers.

Locomotive Division and hostlers employed by the railroads east of Chicago and north of the Ohio and Potomac rivers have taken up the trail blazed by the

engineers for standardization of wages in that district. The engineers' demands are to be submitted to an arbitration board, the railroads and workmen agreeing to abide by the decision. Doubtless the demands of the firemen will take the same route.

Following are some of the firemen's demands: Pay for day's work on engines in passenger service, weighing 100 tons or over, shall be \$1.75; engines weighing seventy tons or over; \$1.60; engines weighing less than seventy tons, \$1.50.

Freight service. Daily wage on engines weighing 120 tons or over, \$4; engines weighing ninety tons or over, \$3.50; engines weighing sixty tons or over, \$3; engines weighing less than sixty tons, \$2.50.

Rates of pay for firing steam locomotives shall apply to helpers on electric locomotives, in same class of service.

On Mallet type engines when used in "pusher or helper" service firemen shall be paid \$3 a day of sixty miles or less, six hours or less. Switching service calls for \$2.00 per day of ten hours or less. Road hostlers, \$2.75 for ten-hour day.

Ten hours or less, 100 miles or less shall constitute a day's work in all class of service. All mileage in excess of 100 miles made within ten-hour period shall be paid for at mileage rates. All mileage or time made, after expiration of ten hours on duty shall be paid for on basis of time and a half. Miles run and hours worked shall not be counted together, but where miles exceed hours, miles will be allowed, and where hours exceed miles, time will

be allowed on basis of one mile for each four minutes.

Curious to Learn.
 In Georgia they tell of a prisoner who had been convicted a dozen times of stealing, who when placed at the bar for his latest offense, displayed a singular curiosity.

"Your honor," said he, "I should like to have my case postponed for a week. My lawyer is sick."

"But," said the magistrate, "you were caught with your hand in this gentleman's pocket. What can your counsel say in your defense?"

"Exactly so, your honor; that is what I am anxious to know."—Green Bag.
