Cold Storage Refrigerators

Ice is cheap this season, but poor refrigerators make it high. Last season was the hottest season ever experienced in Nebraska. The Cold Storage Refrigerator stood right up and did the same kind of work as it did in cool weather. It kept the price of ice down and never let milk get sour or provisions spoil. Several refrigerator manufacturers are imitating the Cold Storage in appearance. They would imitate it in its vital parts, but all vital parts on the Cold Storage are patented. We have a Cold Storage in operation at our store every season to demonstrate its superior ice and provision keeping qualities. This is what Omaha people who used the Cold Storage last season, the hottest season we ever had, say:

Mrs. Voal, 1517 So. 33d: "I should not have been surprised last summer when it was so unusually hot if my refrigerator had not been able to keep milk sweet and provisions fresh twenty-four hours, but it did. Besides that, it was economical in ice and easily kept sanitary because it is so easily kept clean."

Mrs. Stewart, 3015 Manderson: "That the unusually hot weather last summer never phased the working qualities of my refrigerator proves its superiority. You can't misrepresent the Cold Storage, no matter what you claim for it."

We sell the Cold Storage at \$4 per month, which is \$1 per week, or a cut price for cash.

If your business takes you to the court house and city hall frequently, you should have your office in the building closest to these public structures. When so much attention is being paid to "business efficiency" the professional man should likewise consider the number of steps from his office to the court rooms. This is only one of the advantages offered by

The Bee Building

Rooms 218-219—A large suite of offices, on the second floor, having a total of 1200 square feet. Some of these offices have been partitioned so as to make a suite of about five rooms. This space will be rented either in single offices or in suite. Price per month for all...\$60.00
