CRISIS OF THE POLITICAL BATTLE

Billboards Flaming with Posters
and Newspapers Are Filled
with Political Adver-
tisements.

NEWARK, N. J., May 27.—This was another day of hard riding and fast talking for President Taft and Colonel Roosevelt. Tomorrow New Jersey will instruct its twenty-eight delegates to the national convention and the last full day of the primary campaign was utilized by both candidates to its last hour.

Many other signs besides the meteoric-like trips of the candidates made it apparent that the state was at the crisis of a big political battle. The billboards which stretch for miles along the railroad lines out of New York were filled with posters. The newspapers are full of political advertisements, and campaign literature has been distributed by the ton. Colonel Roosevelt started from Oyster Bay early this morning for what may be his last day of campaigning before the national convention unless he decides to go to South Dakota. It was said the colonel might visit the latter state if President Taft spoke there, but that the president's intentions were unknown.

Roosevelt's itinerary included a number of large towns in the central part of the state, and tonight he expects to wind up at Princeton and speak from a balcony of Princeton Inn. In the selection of this rostrum, it was due to the refusal of President Hibben of Princeton to let any of the university buildings be used for a political meeting unless nothing derogatory was said about President Taft who was the institution's guest recently at President Hibben's inauguration.

Mr. Taft will continue his campaign up until the polls open at one o'clock tomorrow. Today he started from New York, where he spent Sunday and last night, for a tour of the towns along the Atlantic coast. His day's work will end at Atlantic City, where he will spend the night.

CHICAGO, May 26.—The actual work of setting the stage and seating arrangements for the republican national convention on June 18 will begin this week. Toward the end of the week members of the national committee and representatives of various state delegations which have been contacted will be in the city to take up preliminary work.

The night of May 29 is the time limit set for the filing of credentials and contests, except from states where the election laws provide for conventions or primaries after that date. On June 6 the national committee will sit to begin the hearing of claims for more than 200 contested seats.

MONEY LEFT TO BLACK HILLS CHURCHES MISSING

DEADWOOD, S. D., May 27.—(Special.)—When Samuel Bennett, a former resident of Lead died a short time ago in Goldfield, Nev., he left a will bequeathing \$5,000 to church and friends in this section. No money was found and it was thought that the estate was worthless. Now it develops that he was suspicious of banks and had hid his wealth in a tin box on the outskirts of Goldfield. This box contains 100 shares of Homestake stock which is now worth over \$200 per share and which he purchased years ago at \$5 per share, and many divided checks which he never cashed. A friend in Goldfield is said to know the location of this box and he is now being sought to uncover it and have the estate distributed to the beneficiaries here.

METHODIST BISHOP WHO IS SIGNED TO OMAHA

BISHOP FRANK M. BRISTOL,

LORIMER WILL NOT TALK

Senator Declines to Comment on Report
He Will Resign.

BACK AT HIS DESK IN BANK

Answers All Questions with Statements
that He is Feeling Much
Better and that Weather
is Fine.

CHICAGO, May 27.—United States Senator William Lorimer appeared at the bank of which he is president today and was closely questioned concerning the visit of Vice President Sherman to Chicago last Saturday. The junior senator from Illinois made no objection to any of the questions asked him nor did he answer any of them except to smile and reply that his health was improved, or to comment on the weather.

The colloquy was along these lines: "Senator, did the vice president have a talk with you Saturday about the advisability of resigning your seat in the senate?"

Answer—"I am feeling a trifle better today."

"Have you seen the reported poll of the senate?"

"I can safely say that I am feeling better today than I have been of late."

"Have you decided whether you will resign your seat or continue the fight?"

"It is a remarkably pleasant day and I feel better now."

Personal and political friends of the junior senator repeated today their belief that he will not resign under any circumstances.

Meat and Vegetables Conveyed from Docks at London in Cabs

LONDON, May 27.—Although everything is quiet in the vicinity of the docks the police took precautions today to ensure the removal of meat and provisions from steamers which have been tied up as a result of the strike of the river-side laborers, truckmen and transport workers. As it was necessary to move large quantities of provisions to replenish the supply, detachments of police reserves were sent to the landing wharves.

By the adoption of many rules the retailers of Covent Garden market and many retail storekeepers obtained supplies, some of them conveying the meat and vegetables in cabs from the dock to their shops.

The officials of the Transport Workers' union have not gone beyond the "peaceful picketing" allowed by law in their endeavors to bring out every man employed in transport work. The men are responding generally to the appeals of their striking comrades to join them and at Covent Garden vegetable market practically all the unions who are, however, in the minority there, have thrown down their tools.

Dr. Buckley Retires from Active Service

MINNEAPOLIS, May 27.—(Special Telegram.)—Dr. James M. Buckley, for thirty-two years editor of the New York Christian Advocate, resigned today. On a question of personal privilege, Dr. Buckley got the floor of the general conference and after reviewing his work as editor and thanking the church for the high honor conferred upon him by repeated elections, asked that his name be not considered in electing an editor of the Christian Advocate. He was accorded applause that amounted to an ovation. The conference arose and gave the aged editor the enthusiastic salute. A committee was appointed to frame a suitable response to Dr. Buckley.

BULLETIN.

JERSEY CITY, N. J., May 27.—President Taft today sent a message to President Gomez of Cuba saying he would not intervene in Cuba.

BULLETIN.

HAVANA, May 27.—President Gomez has received the message from President Taft disclaiming the intent of the United States to intervene. He immediately summoned a meeting of the cabinet, to which he communicated the text of the message expressing his highest appreciation of President Taft's attitude.

WASHINGTON, May 27.—Feeling assured that President Gomez has misunderstood the purpose of the American government in dispatching the large naval force now on its way to Key West, the State department after having instructed American Minister Baupre at Havana, to make plain to the Cuban government the purpose of the movement, has now left to the discretion of Colonel Rarnany, commanding the marine force, en route on the cruiser Prairie and due at Guantanamo tomorrow, the extent to which the marines shall be employed.

It is believed that as soon as President Gomez is made aware of the fact that there is no sinister purpose behind the movement of the naval vessels and that their commanders will do nothing more than use their forces to prevent injury to American lives and property, he no longer will object. It is thoroughly appreciated here that the Cuban president must assume a rather resentful attitude toward what will appear to be an invasion of the islands, lest the patriotism of the Cubans be stirred to resistance.

Should he persist in his objection, however, American naval commanders will not remain indifferent to the demands of Americans for protection where it is clear that the Cuban government cannot afford it.

Admiral Outerhouse' fleet, which is due at Key West Wednesday, will not move at once into Cuban waters until something should happen in the meantime to demand its presence there. The signal for the disposition of the ships among Cuban ports will await, it is said, the decision of American Minister Baupre at Havana.

If, however, destroyed telegraphic communication hampers Mr. Baupre in getting information as to events in the eastern end of the island, where the disturbances are occurring, the State department will act independently of his suggestion. The prospects of a settlement of the Havana dock strike were reported to be brighter today.

Thanks for One Act.

WASHINGTON, May 26.—The Cuban government has expressed through Minister Baupre its gratitude to the United States for sending the cruiser Prairie to Guantanamo. The thanks of the island republic were conveyed in a reply addressed to Minister Baupre according to his message notifying Cuba of the sending of the note.

Those notes received by Mr. Baupre, a copy of which was transmitted to the State department today, declares that the "Cuban government at present needs only sufficient time in which to crush, as it will surely crush, the unjustifiable racial revolt in the southern part of the island, just as it has put down revolts breaking out in other provinces where, although only four days have elapsed, no armed parties are at large and confidence is re-awakening and public tranquility growing."

Fleet Has Heavy Orders.

NEW YORK, May 26.—The armored cruiser Washington, flagship of Rear Admiral Higo Osterhaus, commander-in-chief of the Atlantic fleet, and four battleships of the fourth division sailed south, supposedly for Key West, on hurry orders today a few hours after arrival in port from Provincetown, Mass. The battleships following the flagship were the Ohio, Missouri, Mississippi and Minnesota.

The gunboat Yankton accompanied the squadron to serve as a dispatch boat. The battleship Delaware of the first division remained in port all day taking aboard its complement of marines and field equipment, and together with the hospital ship Solace was expected to sail during the night.

The flagship Washington and the battleship dropped anchor off the naval station at Tompkinsville, S. I., shortly after dawn today, where they are believed to have received new orders, for at about 10 o'clock residents of the island heard the rattling of the great warships' anchor chains again and in half an hour the last of the five vessels had passed out to sea. It is understood that the battleships have on board several hundred marines and that by the time they reach Hampton Roads the battleships Georgia, New Jersey and Rhode Island of the third division will be ready to join them on the trip south.

Activity on Vessels.
HAMPTON, Va., May 26.—The battleships Rhode Island and Georgia of the third division of the Atlantic fleet sailed from Hampton Roads tonight at 8 o'clock for Key West with 80 marines aboard. The marines from Washington, Annapolis and Norfolk arrived here during the day. The marines boarded the battleships at 3 o'clock in the afternoon. The Georgia and Rhode Island, it is understood, will join the fleet commanded by Rear Admiral Osterhaus of the Virginia cipe.

Is This What He Does Expect?

ARMY BILL IS AMENDED

Conference Committee Would Eliminate
Wood as Chief of Staff.

LOCATION OF MILITARY POSTS

Bill as Amended Would Refer Pro-
posed Changes to Commission of
Retired Officers and Four
Congressmen.

WASHINGTON, May 27.—The army appropriation bill was reported with anti-administration amendments, which would legislate Major General Wood out of office as chief of staff and would leave the location of military posts to a commission of retired army officers and two members each of the senate and house committees on military affairs.

The amendment which would remove General Wood, also would prevent either Brigadier General Crozier or Finston from ever attaining the office of chief of staff. No officer who has not spent ten years in the line with troops before becoming a brigadier would be eligible.

Many army officers charge that the fight between the line and staff which recently resulted in the retirement from the army of Major General Ainsworth is responsible for that provision.

Lieutenant Generals Young and MacArthur, Major Generals Randall, Lee and Humphreys would be the retired army officers on the proposed commission, which would report that congress on January 1, upon location and distribution of army posts and the proposed abandonment of many recommended by the War department.

The report was not acted on in either house today. A sharp conflict over the amendments is expected. Senators Curtis and Smoot blocked immediate action in the senate by insisting on time to study the changes.

Bigelow Must Pay Back Two Million Dollars in Profits

WASHINGTON, May 27.—The supreme court today affirmed the Massachusetts judgment by which Albert S. Bigelow of Boston was directed to pay the Old Dominion Copper Mining and Smelting company \$2,000,000 as secret promoters' profits. The suit growing out of the transaction have probably attracted more attention than any other strictly corporation case in the last decade.

CLAPP WILL OPPOSE ROOT

Roosevelt Forces to Groom Him
for Temporary Chairman.

ROOT IS GOING RIGHT AHEAD

Indicates He Has Been Asked to Ac-
cept Chairmanship and Will Take
Position—New York for
Senator.

ST. PAUL, May 27.—Following a conference late last night by Orin M. Harg of New York, one of Colonel Theodore Roosevelt's managers and contest expert, Clifford Pinchot, former chief forester and leader of the Roosevelt movement in Minnesota, Hugh T. Halbert of St. Paul, today announced that United States Senator Moses E. Clapp of Minnesota will probably be a candidate for temporary chairman of the republican national convention at Chicago next month in place of Senator Elihu Root.

Mr. Halbert says Senator Clapp has been urged for the place by the Minnesota wing of the Roosevelt movement and according to McHarg and Pinchot he is favored by Colonel Roosevelt for the honor.

McHarg has returned to the east, as has Mr. Pinchot.

Root Says Will Take Place.

WASHINGTON, May 27.—Senator Elihu Root of New York, who has been named temporary chairman of the republican national convention by a subcommittee of the republican national committee, issued a statement today declaring that there is no foundation whatever for the report that he had decided not to accept the temporary chairmanship of the convention. Senator Root said:

"The customary duty of the committee on arrangements requires them to designate someone to render that service. I was notified by the committee that they had designated me and I accepted. Unless that designation is overruled, as of course it may be by the convention, I shall serve."

New York for Root.

NEW YORK, May 27.—New York's ninety delegates to the republican national convention are expected by William Barnes, jr., chairman of the republican state committee, to support Senator Elihu Root for temporary chairman of the national convention in the event of a contest. Mr. Barnes expressed this belief in a statement issued today. Senator Root has been designated by the subcommittee on arrangements, of which Captain Harry S. New of Indianapolis is chairman, as the temporary presiding officer of the convention.

"Senator Root's views upon the vital issue which the republican party must face at Chicago, that of the preservation of our form of government against its proposed overthrow," said Mr. Barnes in his statement, "were ably expressed by him on the floor of the Rochester convention. This is no time for weak men or compromises. Senator Root is needed."

The St. Louis carried Albert Von Hoffman and Captain John Berry and was well equipped with oxygen tanks and other paraphernalia for high flying. The distance from San Antonio to Chanute is about 350 miles.

in the City.

Nearly 200 professional musicians from all parts of the United States and Canada representing 60,000 professionals from over 600 cities, are in Omaha as delegates to the seventeenth annual convention of the American Federation of Musicians, which opened Monday afternoon at Washington hall to continue till Saturday evening. Besides the delegates, a large number of guests as well as wives of the delegates are in attendance.

The delegates led by a band of 100 pieces marched from the Paxton hotel, which is the headquarters for the musicians, to Washington hall. The meeting was called to order by President J. N. Beber of New York. The afternoon was spent in organizing and appointing committees, hearing the reports of the officers and the introduction of resolutions.

Plan Titanic Memorial.

A committee will be appointed to arrange for a memorial service for the Titanic musicians, who lost their lives on the ill-fated ship, or to start a fund for their relatives. President Weber said he did not know which would be done and that the delegates might decide to hold a memorial service and raise a fund as well.

Musicians were never so thoroughly organized in the country as they are today, the officers say. All the symphony orchestras and famous bands in the United States and Canada are represented in the organization. Formerly managers were sending to other countries for musicians, saying they could not get finished performers in this country. The federation has insisted that the American musician be given the first chance and as a result over 10 per cent of the members of the large orchestras and bands are composed of Americans.

Instruments Laid Aside.

"Although the convention is composed entirely of musicians they will not give any concerts while here," said President Weber. "We are going to try and forget we are musicians for a week and not touch an instrument. We were offered the use of the Auditorium in which to give concerts. The people think that the main object of the convention is to give a musical fest, but we are going to attend strictly to the business end of the organization."

The Omaha musicians have planned to entertain the visitors while here in an elaborate way. Last evening the ladies committee gave a reception to the visiting ladies at the Paxton hotel from 8 to 10 o'clock. A musical program was given and there were flowers and refreshments. Tonight a banquet will be given at Washington hall, followed by an entertainment.

Outing at Manawa.

There will be no afternoon session Wednesday as plans have been made for an outing at Lake Manawa. Chartered cars will take the delegation from the Paxton hotel at 1:30 o'clock to the park. A ball will be given at Washington hall Thursday night and the same afternoon the ladies will attend the memorial services of the Grand Army of the Republic on the river bank. The ladies will be taken about the city in automobiles Friday afternoon and the Exalted Order of Big Dogs will hold a star party at Washington hall in the evening and the ladies will attend the Gayety.

Miss Grace Brown, Mrs. C. A. Covatt, Mrs. Emil Hoffman, Miss Effa Ellis and Mrs. Ernest Nordin are the Omaha reception committee for the women.
