

ALL-RUN-DOWN AND GENERALLY MISERABLE

New Tonic, Tona Vita, In Use at Health Resorts For This Trouble.

If you are nervous and run down with little vitality or ambition, and feel generally miserable and half sick, you are suffering from nervous debility. If so you should investigate the new tonic, "Tona Vita," and find out what a great record it has made since first introduced scarcely a year ago.

Do you know that "Tona Vita" is now recommended by hundreds of physicians as the most remarkable tonic known. Do you know that "Tona Vita" is used in high class sanitaria and health resorts as a nerve food and tonic? Do you know that during the past year more than fifty thousand people have stated over their own signatures that "Tona Vita" has completely restored their health.

Mr. James L. Hickley, of 28 North Division Street, Buffalo, N. Y., the well known National League Umpire, is one of these. This is what he says: "The

nature of my profession frequently necessitated irregularity in sleeping and eating and as a result I became a victim of nervous debility. I had headaches and indigestion. My nerves troubled me also and I did not get sufficient rest from my sleep. I would become fatigued very easily and was almost prostrated by hot weather.

"I had tried other means to restore my normal condition when a friend suggested the tonic, "Tona Vita." I took his advice and am glad of it. My appetite improved at once. My headaches became less frequent and have gradually disappeared and I am no longer nervous or depressed. My stomach is now in perfect condition, in fact, I am thoroughly rejuvenated."

We have an agent in every city who will refund the purchase price if "Tona Vita" fails to completely build you up. Sherman & McConnell Drug Co., 16th and Dodge, Owl Drug Co., 16th and Harney, Harvard Pharmacy, 36th and Farnam, and Loyall Pharmacy 35th and Farnam, have the agency for Tona Vita in Omaha. LINCOLN, May 28.—(Special)—An answer to the petition of the State Railway commission requiring the Omaha & Council Bluffs Street railway to make report of physical valuation to the commission was filed this morning in the supreme court of the state. The auditor claims that a special act provided for sewers, but provides that the bonds shall not exceed 5 per cent. The Mitchell bonds call for 6 per cent and on that provision the bonds were refused by the auditor.

German Athletes Picked for Olympic

LEIPSIC, Germany, May 28.—As a result of the two days tryouts for the Olympic games a team of twenty-five track and field athletes has been selected to compete at Stockholm. They are headed by the sprinters Ray and Hermann and the middle-distance runner, Braun, who are regarded as prominent candidates for first places in Sweden.

Ray, who on May 11 had the 100-meter race twice in 11½ and 11¾ seconds and Braun, who on May 18 ran 800 meters in 1:54, did not compete here. The performances both today and yesterday were generally mediocre owing to the absence of the German cracks. The weather was cold and the track poor.

TOO MUCH WATER IN CANS HELD TO BE ADULTERATION

WASHINGTON, May 28.—The addition of water to canned products will be considered adulteration in the future, except in those cases where a certain amount of water is required for the proper preparation or for the sterilization of the product, according to a pure food decision signed today by Secretary Wilson of the Department of Agriculture.

"The can in canned food products serves not only as a container, but also as an index of the quality of food there," the decision says. "It should be as full of food as is practicable for packing and processing without injuring the quality or appearance of the contents. Some food products may be canned without the addition of any other substances whatever—for example, tomatoes. The addition of water in such instances is deemed adulteration."
