

FOREST RESERVE SURVEYS

Agricultural Bill Carries Item that Will Aid Entrymen.

BILL PERMITS RIVER STRUCTURE

Senate Passes Measure to Allow Central Railway and Bridge Company to Construct Crossing.

(From a Staff Correspondent.)

WASHINGTON, May 30.—(Special Telegram.)—A provision for surveying agricultural lands in national forest reserves has been included in the agricultural bill by the conference committee. It calls for an appropriation of \$25,000. Representative Martin of South Dakota originally introduced a bill on the proposition asking for \$50,000. It was later added to the agricultural bill in the senate as an amendment, but the appropriation was reduced.

Representative Martin said this morning that, while it applied to all national forest reserves, it was of special value to the Black Hills forest reserve, which included a large area of agricultural lands. It will save to every entryman filing on agricultural lands in national forest reserves the cost of a survey by private parties. The surveys are to begin this summer, under the supervision of the Department of Agriculture.

It will result in continuing appropriations in subsequent years as fast as the entries are made and surveys required. The listing of the agricultural lands affected has been done heretofore by the forest surveyor, but no surveys were provided for. It is estimated that a similar appropriation of \$50,000 will be made annually until such surveys are completed.

Bill for Missouri Bridge.

The senate today passed the bill to permit the Central Railway and Bridge company to build a bridge across the Missouri river near Council Bluffs. It is provided that the bridge must be begun within one year and completed within three years after the final enactment of the act. The measure passed the house a week ago and needs only the president's signature to become a law.

New Homestead Law.

The senate has agreed to the report of the conference committee on the Borah three-year homestead bill. The house will agree to it, it is claimed, within a day or two. A number of important provisions in the bill are due to the work of representative Kinkaid, it applies to unperfected entries.

It allows the entryman to choose within sixty days after he receives notice from the secretary of the interior of the passage of the act, whether he wishes to prove up under the old law or the new. It practically exempts the claims under the Kinkaid act from the cultivation requirements, thereby reducing them materially from what they would have been had not the exemption been made. Kinkaid homesteaders can also prove up in three years instead of five.

Win Cadet Places.

Grover N. Young of Deadwood and Robert G. Guyer of Brookings, who have been appointed as first and second alternates to West Point military academy by Representative Martin, have successfully passed their entrance examinations. As the principals failed, it will result in the appointment of both young men to West Point.

Mr. Young had an alternate appointment from Senator Crawford also, and as Senator Crawford's principal failed, it leaves him eligible. Guyer is a son of Prof. Guyer of the Brookings agricultural college. They will enter the academy with the fall class.

Money for Genoa School.

The senate committee on Indian affairs added to the Indian appropriation bill reported today the following items for the Genoa Indian school. Four thousand dollars for the superintendent's cottage, \$2,000 for additions to the hospital and office and \$1,000 for a septic tank on the sewer main.

The Bill of Representative Stephens

for allowing the Santee Sioux to submit their claims to the court of claims, was also added as an amendment.

Cash for Other Schools.

The Indian appropriation bill reported to the senate today by the Indian affairs committee includes \$20,000 for a new building at the Rapid City, S. D., Indian school; \$5,000 for repairs to the boys' building and \$1,000 for other repairs. Eight thousand dollars is included for the gymnasium at Flandreau. One thousand dollars is for repairs at the Pierre Indian school. At the Yankton agency, \$10,000 is set aside for repairs.

Attorneys Help Pay For Judge's Voyage

WASHINGTON, May 30.—Members of the bar who practiced before Judge Robert W. Archbald of the court of commerce when he was United States district judge at Scranton, Pa., contributed to a fund for a vacation trip to Europe for the judge, according to testimony given before the senate committee on judiciary today by John T. Lanahan of Philadelphia, a former member of the bar.

Mr. Lanahan contributed \$4 or \$5, he could not remember which, at the solicitation of E. W. Searle, clerk of Judge Archbald's court. Another firm in Philadelphia, he said, did likewise.

That Judge Archbald received the money Mr. Lanahan was convinced. He said he received a letter from the judge from Europe, thanking him for his contribution.

Senate Awaiting Word from Lorimer

WASHINGTON, May 30.—A statement from Senator Lorimer of Illinois, either in the form of a formal resignation from the senate or a flat refusal to resign in response to the importunities of some of his colleagues, was expected throughout today by senators active in the case, but developments were not forthcoming. Senators Kern and Lea telegraphed him yesterday suggesting that he indicate approximately when he would be in the senate, but they had no answer and for this reason the case was not called up.

The minority have evinced a disposition to press the case to a vote, allowing, however, a reasonable time for Senator Lorimer to communicate a response to the inquiries sent him and to the president that has been carried by some of his friends on the basis of what they told him was a practical certainty of an unfavorable vote.

Metal Tariff Bill Amended by Senate Without Final Vote

WASHINGTON, May 30.—After devoting the day to the consideration of amendments to the iron and steel bill, the senate adjourned tonight without reaching a final vote on the measure. Senator Heyburn held the floor upon adjournment and the understanding is that when he concludes his speech a vote will be taken. The amendments adopted place a long list of farm implements on the free list, repeal the Canadian reciprocity act and provide for a duty of \$2 per ton on print paper, and reduce the duty on pig iron to 6 per cent and that on ferro silicon to 10 per cent. The successful unexpected fight for the repeal of the reciprocity law was inaugurated by Senator Gronna, who at first proposed the repeal of all of the reciprocity law except the second section which permits the free admission of print paper from Canada.

Senator Gallinger moved as an amendment the recall of the entire reciprocity law, including the paper provision. This suggestion was accepted by Mr. Gronna, who withdrew his own amendment in its favor. The effect of the success of the Gallinger amendment would have been to restore the Payne-Aldrich rate of \$2.15 per ton on print paper and Senator Cummins declared his unwillingness to go so far. He then proposed a rate of \$2 per ton on print paper which Mr. Gallinger accepted. The vote on the amendment stood 21 to 21.

An amendment by Senator Hitchcock of Nebraska, reducing the duty on pig iron from 9 cents in place of 8 cents, as fixed by the house, was voted in, 26 to 12, while an amendment by Senator Watson of West Virginia fixing the duty on ferro silicon at 10 per cent instead of 12 per cent was adopted without opposition.

Diners Left Hungry in New York Hotels

NEW YORK, May 30.—The first serious strike New York hotels have experienced occurred tonight when the waiters walked out of the Waldorf-Astoria, The Gotham, The Breunin and Rectors in the evening dinner hour, leaving hundreds of hungry patrons in the lurch. Approximately 600 waiters and cooks from these four well known hotels simultaneously went on strike, and with those who had joined previous strikes at the Belmont, the Knickerbocker and Churchill's make a total of more than 1,200 who have actively participated in the fight for higher wages and better working conditions.

The hotel management, as represented by the hotel association, had practically surrendered to most of the demands of their employees before tonight's strike began, but without recognition of the new International Hotel Workers' union, which claims to have enlisted a membership of 12,000 hotel employees here during the last few weeks. The strikers demand recognition of their union and increased wages. Manned by a skeleton crew the Waldorf-Astoria tonight managed to serve most of its patrons, but not without delays, confusion and general embarrassment. It was estimated that 1,500 would-be diners were at tables in the various rooms there when the strike was called by a prearranged whistle signal. Between 600 and 800 men walked out without disorder, leaving patrons astonished, but the management had made preparations for the emergency and promptly marched into the main dining room 100 strike-breakers who had been lodged at the hotel for a week.

Franklin Continues Tale Against Darrow

LOS ANGELES, Cal., May 30.—Bert H. Franklin, former chief detective for the McNamara defense, entered into the details of the alleged bribery of George N. Lockwood by himself, at today's session of the trial of Clarence S. Darrow on the indictment charging Lockwood's bribery. Franklin was still under examination when the trial was continued until Friday morning.

The prosecution sought through the witness to connect Darrow with the alleged corruption of Lockwood, but Franklin repeatedly testified that he could remember no specific conversations with Darrow concerning Lockwood.

MEETING OF WATER BOARD

Action Deferred on the Agreement Made in Water Case.

TRANSFER WILL BE APPROVED

General Bills Are Allowed, but Election Expenses Held Up Until All Are Submitted.

A special meeting of the water board was held yesterday afternoon, but no formal action on the agreement reached between the city and the company in the waterworks case was taken. A resolution will be passed at the next meeting, Wednesday, approving the agreement and sanctioning the transfer.

John L. Webster, the board's attorney, was allowed \$11.25 on litigation expenses. Dillon, Thompson & Clay were given \$5,125 for passing on the validity of the bonds recently sold. Last payment to the Katz Construction company on building of the deaf institute and Dundee water mains was authorized. This payment will amount to \$2,000. The bid was for extra expense in tunneling under obstructions at the deaf institute. A bill for \$4 extra for being compelled to dig a deeper ditch in one place on the Dundee main was disallowed. Both mains were accepted.

Election Bills Held Up

Bills for election expenses for the late primary were postponed until next meeting. The city commissioner of finances and accounts will be asked to submit the total election bills before any are allowed.

Bids for the construction of the 4th main to Florence extending from Lake street will be advertised for, the board suggesting that a motion directing advertisement be passed at the next meeting. Bids were to have been advertised for two weeks ago. However, Secretary Koenig left the city on personal business and no advertisement was made. Bids were to have been opened yesterday, but none was received. Advertisement will be run in the official paper for ten days, according to the board, bids opened, contract awarded and work begun with great haste.

HALF PRICE MILLINERY SALE.

SOUTH DAKOTA BELLS TO BE TOLLED AT NOON

SIOUX FALLS, S. D., May 30.—(Special Telegram.)—Colonel Thomas Brown of this city, department commander of the South Dakota Grand Army of the Republic, today issued an order requesting that all bells in the department of South Dakota, both village and country be tolled tomorrow, commencing at noon and continuing for a period of five minutes. The order further requests that all flags be placed at half staff during the five minutes the bells are tolled and then be raised to the top of the pole for the remainder of the day.

Former Omahan Lost When He Returns to His Old Home Here

Great changes in the skyline of Omaha have appeared during the last three years, according to William Brown, aged 79 years, a former Omaha man and now residing in Avoca, Ia. So radical have the improvements been that Mr. Brown became lost in the very neighborhood that he resided for fifteen years. He had to appeal to the police to have his bearings restored.

Mr. Brown came here to visit a younger brother, J. J. Brown, an employee of Expressmen's Delivery company and aged 68. The brothers last saw each other three years ago. The younger Brown then lived at 1700 North Seventeenth street, so immediately after reaching town he had a cabman take him to the old number. New faces met him at the door and he could not understand why his brother had not informed him of his change of address. His maner was so pathetic that neighbors told the police.

Patrolman John Barta and Conductor Andrew Fahy finally located Brown's brother and he was taken to the latter's home. The old man was effusive in his thanks to the two officers for their kindness to him.

New Indictments Against Rapid Men

DEADWOOD, S. D., May 30.—(Special Telegram.)—Indictments were returned today by the federal grand jury against County Auditor John Fall of Pennington county and his brother, Deputy A. Fall and F. R. K. Hewlett, a wealthy hide dealer of Rapid City.

The first two are charged with using the mails to defraud and the latter with conspiracy to commit a crime against the United States.

In the same connection, all three are outgrowths of the wolf bounty frauds in Pennington county, postoffice inspectors claiming that the three men used the mails in the alleged collecting of the hides.

Ray Shea, the young lead man, former money order clerk in the postoffice there, who pleaded guilty to embezzlement, was sentenced to five years at Leavenworth and to pay a fine of \$100.

Couple Wedded for Sixty-Seven Years

NEW LONDON, Ia., May 30.—Mr. and Mrs. William Howe of New London, today celebrated their sixty-seventh wedding anniversary. They were married in Tuscarawas, O., and have lived in Iowa fifty years. Mr. Howe is 87 and his wife 86. Both are in good health.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment, and it will soon disappear. Sold by all dealers.

Christian Colleges Unite.

MARSHALLTOWN, Ia., May 30.—(Special Telegram.)—The board of trustees of Palmer college, the state denominational school of the Christian church, today voted to move the college to Albany, Mo., and there consolidate it with colleges of the same denomination to be moved from Westmoreland, Mo., and Lincoln, Kan.
