Service

The Cadillac Desk-Table is the expression of an Ideal. And that Ideal is this: nothing without utility is beautiful, and no useful thing should be ungainly. The Cadillac Desk-Table is made in every style of furniture beauty, and in every staple wood. But its chiefest appeal to your consideration is its ability to serve you. By simply pulling open a drawer you are provided with a desk surface, pen-grove, and, best of all, a non-spillable ink well. Right under the dacklid is a roomy drawer for letters and stationery. The drawer, too, is counterbalanced to prevent tipping. The Desk-Table is just the thing to send out to your Summer place, as well as to use in your home. **Let Us Show You Its Advantages.**
