#### Fear for American Game

The fact that the English game is what has brought all of these universities, through their athletic teams, into amicable relations, is what makes lovers of the great American gridiron sport fear

Add to that the annual outlay for fataliies and injuries that always occur through the season and the reason these contentions is apparent.

But this is not all. The alterations and changes made to American foot ball every year when the rules committee sets in its deadly work is weakening the game more than any other single cause, it is claimed. Coaches and candidates find every fall that it is neces sary to learn practically the entire game over again, so changed and revamped

are the provisions in the new rule book. A good proportion of the "old time" slumni of six or seven years back are backing the undergraduates who clamor for a return to the old style of play. The allowance of the forward pass under cer-tain conditions is the only innovation while has found universal favor.
