# Have You Tried the 1912 Gillette Blades?

"The Gillette Shave is Finer Than Ever," Say Gillette Users-Buy Gillette Blades To-day

The Gillette Blade is the most uniformly satisfactory edge ever supplied a man to shave with. These blades are used by three million men, of every civilized

nation and race, with all types of beards and all kinds of skins. You can go into any one of 40,000 retail stores—buy Gillette Blades

sight unseen—and shave with them. You will find them more uniform in shaving quality than ever

always keen and smooth. The Gillette Safety Razor will shave you cleaner, more easily than other razor or shaving device.

It has the Blade—the steel—the edge. The 1912 Blades are fine.

### Be Fair to Yourself-and the Gillette Blade

Many a man cheats himself out of half the comfort of his Gillette shave. Its very ease and simplicity get him into bad habits. His most common fault is to slight the lathering—he neglects to rub the lather

well into the beard. Then, too, he probably tries to force his shaving with stiff grip and long, straight

strokes-throwing away all the advantages of the marvelous Gillette angle stroke. Shaving should be easier with you every day as use improves your stroke and you get to know your beard. But don't slight the lather. Gillette Blades are better than ever.

# Gillette 1912 Blades are Finer Than Ever

They are keener and smoother-more uniform in shaving quality.

Don't ask impossible things of them.

The beard is tough and horny. It gets dry and harsh. It needs softening. Don't just paint the lather on. Rub it down into

the base of the hairs. Shave with short angle strokes. Take it easy. Hold your Gillette with a flexible grip. Give the natural motion of hand and wrist full play.

Nature provided that wrist motion—and the Gillette is the only razor that is adapted to make

Rinse your razor off during the shave, to free the edge from lather and short hairs.

You will find them always bright and keen—in any climate, in any part of the globe.
