BRANDEIS STORES

CAR LINES TO BE EXTENDED

Plans Are Now Being Made for More Adequate Service.

PAYING ONLY STANDS IN WAY

Street Car Company Will Go Ahead with Construction When It Secures Agreement from the City to Do Its Part.

Extension of the Fortieth and Cumings-Farnam and the North Twenty-fourth street car lines will be made if the street car company can get the city's agreement to pave the streets.

The company has material ready for the West Farnam extension from Fortieth to Forty-sixth and Cumings, but is holding back pending the city action on the paving matter.

Plans also have been made by the company to build the North Twenty-fourth street line from Fort to Miller park.

Conference Will Be Held.

The Florence line now covers the territory west of the park and the new Twenty-fourth street extension is calculated to handle the traffic of the east side.

R. A. Leusser, assistant general manager of the street car company, will hold a conference with Commissioner of Public Improvements McGovern regarding the paving.

"We do not want to build the tracks on the streets until we know grading and paving will be done," said Leusser. "We do not want the tracks to stand out above the street and form an obstruction to general traffic."

Italian Unmanned by Watchful Police

Sam Monaco, an Italian section hand, was arrested at 2:30 yesterday morning by Patrolman Rinn at the Union station charged with carrying concealed weapons and being a suspicious character. Monaco was loitering about the station in a suspicious manner and his rear trouser pocket had a peculiar bulge, which attracted the officer's attention. He was arrested and a search revealed a huge pistol, loaded with dynamite steel jacket bullets.

Woman Takes Acid While Her Husband Waters the Garden

After sending her husband out into the front yard to water the flowers about 7 o'clock Monday night, Mrs. Frankie Barr took two ounces of carbolic acid and died within a short time. After taking the acid Mrs. Barr tapped on the window and beckoned her husband to come in. She told him what she had done, said she was sorry and asked him to call a doctor.

Mrs. Barr was 18 years of age and had been married about a year and lived at 3216 Oak street. She had been suffering with stomach trouble and became despondent. She had been in the hospital for several months and was attended by several doctors, but failed to improve. She was the wife of Lawrence J. Barr, who, with his father, Andrew Barr, are speculators on the South Omaha market. The funeral will be held Wednesday afternoon at 9 o'clock from the residence, Rev. Robert L. Wheeler of the First Presbyterian church of South Omaha, will officiate. Interment will be in West Lawn cemetery.

Thieves Get Tools and Hose from School

Thieves broke into the tool house at the Kelton school Monday night and carried off several sets of carpenter tools and a new 300-foot hose which belonged to L. H. Beers, 1915 Webster street.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Wednesday We Place on Sale Our Entire Stock of Tailored Suits

There isn't much to say about a sale like this, especially when it's a house of an established reputation that announces it. The caption and the prices tell the whole story, with the addition that IT'S THE BIGGEST AND BEST SALE OF THE SEASON.

Those who have been in the women's garment store this season know that we have shown greater, better and broader assortments than in any previous season. That's the stock you choose from in this sale.

To make the selling and prices more satisfactory, we have divided the entire stock into three groups and marked it as follows:

- \$9.95 for all the suits sold at \$17.50 to \$22.50.**
- \$14.95 for all suits sold at \$25 to \$30.**
- \$19.50 for all suits sold at \$32.50 to \$45.**

All of the newest fabrics and staple weaves, shades and colors are to be found in each lot; and every woman can come with the assurance of being fitted. Plenty of the extra sizes, as well as the sizes for women of average size, small women and misses.

Please note that we have cream-white wool suits at the above prices, but not all of them are reduced in the same proportion. Be here with the opening of the store.

 - Three large cans Cottage milk and 10 stamps **25c**
 - Large can hominy and 10 stamps, 10c
 - Lea & Perrin's sauce, bottle **25c**

A NEW FARM AND HOME IN COLORADO

must have many advantages over the old one to keep you satisfied. You have been used to 15 to 20 bushel wheat crops; you will harvest 40 and 50 bushels in the San Luis Valley, Colo. Your cattle will yield 80 bushels to 125 bushels in the San Luis Valley. Your potatoes will turn out 250 to 400 bushels; in other words, you will raise just about twice as much per acre, and do it every year. Our land is cleared and plowed, ready to crop. You can begin now. Your crops will bring as good or better prices than you would get at your present home. Seven flour mills are ready for your wheat; potato buyers will contract your crop before it is dug; your hogs, sheep and cattle will find buyers whenever you are ready to sell. Poultry, eggs and butter bring better prices in the Valley than in Kansas or Nebraska. Your new house and stable will cost less in the San Luis Valley; dimension stuff is only \$20 per M. Fence posts and fire wood free for the hauling. It costs too much to tell the story in this column; send us your name and address for prices, terms, etc.

CLEANING SATISFACTION

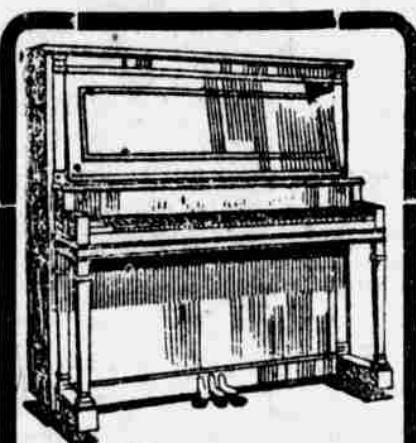

One of the worst phases of the cleaning business is the great number of inexperienced people who hang out a "DRY CLEANING" sign and claim to be EXPERT CLEANERS, when they have neither knowledge nor equipment to do first class work.

Another drawback is that so many people think dry cleaning or gasoline cleaning is all there is to the cleaning business, when in fact it is a very small part of the business and the easiest part to learn.

The skill and experience is what counts when it comes to fixing up the articles that do not come out right in the gasoline cleaning—that's where our long experience and fine equipment comes in to make our work better and more satisfactory than what you get at other places. That's also why our business grows larger each year and why we do more cleaning in our plant than is done in any other two places in Omaha.

Send us your fine summer dresses, rare laces, dollies, house furnishings, rugs, etc., and we will restore them to their original luster and beauty. We clean anything that requires CARE and SKILL in handling, and guarantee satisfaction. We will send you one of our complete price lists, or send a man to quote price on all your work if you will phone us. Out of town business receives prompt attention. Express paid one way on orders of \$3 or more.

SAGE TEA WAS USED BY OUR GRANDMOTHERS

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea," made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, making the scalp clean and healthy, gives the hair strength, color and beauty and makes it grow.

Get a 50 cent bottle from your druggist today. He will give your money back if you are not satisfied after a fair trial. Agent, Sherman & McConnell Drug Co.

One of the Many Conveniences

of a Gas Range is that after it is connected it is ready to use any minute you want it. You will want one the first warm day. Buy it now and be ready for that day.

We will connect at once any range purchased and payment need not be made until range is set. Then, you pay only \$3.00, each month until the range is paid for. In the meantime, use the range.

We make this offer in your interest and ours, so that you may have the Gas Range the moment you want it and we may be relieved of the strain that will fall upon us if everybody who intends to buy a Gas Range this summer comes in at the same time and wants the range connected at once.

Help us to help you.

Omaha Gas Co., 1509 Howard Street
