

DON'T BE NERVOUS AND RUN-DOWN

New Tonic, Tona Vita, Will Positively Restore Your Old Vitality.

Nervousness, depression of spirits, lack of energy, all run down, these are the chief symptoms of nervous debility, the modern affliction caused largely by the rush, hustle and worry of modern life.

If you are a sufferer from this all-too-common complaint, and cannot go to a high priced sanitarium to have rest and diet build you up, you should read carefully the following statement by C. N. Hunt, Esq., of 602 Sixth St., Milwaukee, Wis., concerning the remarkable new tonic, "Tona Vita," that has made such a great record during the past year. Mr. Hunt says: "For a number of years my wife has been a sufferer from a continuing run down, nervous condition and stomach trouble. I took her to a number of doctors, but none seemed to give her any relief. She grew constantly worse and her entire system became affected.

She could hardly eat anything and would say the very thought of eating made her sick. She caught one bad cold after another and was always tired and languid. She had bad headaches and attacks of dizziness.

"I got some Tona Vita a few months ago. My wife began taking the tonic that night and we were pleasantly surprised to notice an improvement after the second day. She is now like a different woman. The nervousness and depression are all gone, and she eats and sleeps better than she has for years. It seems wonderful to note such a change in her. I believe 'Tona Vita' is worth its weight in gold."

If you are debilitated and run down, above all things try "Tona Vita." You will never regret it, as it will build you up like magic. It is the finest preparation now on the market.

Sherman & McConnell Drug Co., 15th and Dodge, Owl Drug Co., 16th and Farnam, Harvard Pharmacy, 34th and Farnam Sts., and the Loyal Pharmacy, 27th and North 16th Sts., are the agents for Tona Vita in Omaha. Your money will be returned to you if you are dissatisfied with the tonic. The Approved Formula Co., Dayton, Ohio.

TOUR IS FULL OF SENTIMENT

Weber Says Company Could Make More Money at Home.

WANTS TO MEET HIS FRIENDS

Star Says that People Who Cannot Visit New York Are Entitled to a Look at the Big Show.

Weber & Fields Jubilee company, which appeared at Boyd's theater yesterday afternoon and night, reached Omaha at 10:35 yesterday morning on its special train over the Milwaukee, coming from Davenport, Ia., where it appeared Monday night.

In the company are: Weber and Fields, Lillian Russell, Fay Templeton, William Collier, George Beban, Bessie Clayton, Ada Lewis, John T. Kelly and Helena Collier Garrick. Several of the players have wives and children with them. The train is composed of a dozen cars, the principals and the chorus all eating and sleeping on the cars.

The tour of the Jubilee company is purely a sentimental thing, according to Mr. Weber, who graciously submitted to an interview, along with Mr. Collier and Mr. Fields and others behind the scenes.

Takes a Chance.

"Before we opened, of course, we didn't know whether the stuff would go well or not," said Mr. Weber. "We had to take chances on that. It had been a long time since we had been together and there was no way of telling what the people would think of it. They might not like the old stuff. But they did. They surprised us. You wouldn't think there was such power for sentiment in a poke in the eye. But when Fields poked me in the eye they began to roar, but it wasn't all laughter."

"There were a lot of people crying in the audience who were appreciating the old memories brought to life by the coming together of these players in the company."

Want to Visit Friends.

"We decided to go on the road because we thought the people are entitled to it. We could have stayed in New York, but we may never be together again and we thought it was only right that we should come out from home a ways and give people a chance to see the company, people who cannot come to New York. We have lots of friends in Omaha and other cities and some of them we know personally, others not so well, but they are our friends. We owed it to them, we thought, to make a tour. It meant a financial sacrifice, but we have money enough to do it and it does all our hearts more good to come out than the good we would do our purses by staying in New York."

They Play Pinochle.

Mr. Collier, Mr. Fields and Mr. Weber talked enthusiastically about the tour. They said life on their cars is just like life in a Harlem flat. "Only," said Mr. Collier, "the dining rooms on the cars are bigger than a dining room in a Harlem flat." They told how they amuse themselves. It's pinochle. They said they have got so they "350" in their sleep all night long; but there's no playing at night. When the show's over they go to bed. There's generally plenty of time to play cards in the day time, for the matinees are rare.

Asked what he thought about the "big fight," Mr. Collier said he expects Roosevelt to get the nomination.

"T. R. doesn't stand for Teddy Roosevelt any more than it stands for 'third round,'" said Mr. Collier, "but that's plenty."

Mr. Weber said Roosevelt would get the nomination. Mr. Fields said he thinks New York will beat "terrible Teddy" for the nomination, but if he gets it he'll be elected.

Mr. Collier said he won't bet on the Flynn-Johnson fight, but Flynn may spring a great surprise on the folks who think he has no chance.

Friends of Smith

Think Him Poisoned

Friends of Frank Smith, the colored attorney who was found dead in his office in the Creighton block Friday, think that he was poisoned and did not commit suicide. Smith's stomach, when examined, revealed a quantity of bichloride of mercury.

Upon looking through the drawers of the desk in Smith's office, his brother and Rev. J. A. Williams, pastor of St. Philip's Episcopal church, found two saucers in a box wrapped up in a napkin. One saucer was turned over, the other containing strawberry juice. It is thought that some person either sent in the strawberries to Smith or brought them in and ate with him. The latter seems to be the most plausible theory as two spoons were found in with the dishes.

Dr. McCloughan is making an analysis of the strawberry juice. He thinks that the same poison that was found in Smith's stomach will be found in the juice.

Woodmen Building is Below the Sewer

John T. Yates, representing the Woodmen of the World, applied to ask the council for a sewer for the Woodmen of the World building. All plumbing work is held up because the only sewers that could be utilized are twelve inches above the level of the basement of the building and pumping machinery would have to be installed.

City Engineer Craig was instructed to submit estimates of the cost of either a new sewer or of taking up the old one and lowering it twelve to fifteen inches. The cost will be in the neighborhood of \$6,000 according to Mr. Yates. Craig will report Friday.

Mr. Yates said in his opinion the city ought to do this work at the earliest

date as it was sorely needed and would also meet a future need, as he understood other large buildings, perhaps as big as the Woodmen of the World, would go up in that locality.

WOMAN IS FINED FOR SELLING GREEN SUPPERS

Mrs. Godley, Sixteenth and Cumling streets, arrested Saturday night for conducting a disorderly house, was fined \$10 and costs in police court, and the two inmates dismissed. Harry Polly, 808 North Eighteenth street, arrested Saturday night with five inmates on the same charge was dismissed. Goldie and Louis Ravitz, 1619 North Twenty-fourth street, were also discharged.

WITNESSES TESTIFY THAT PARSONS IS INSANE

A boy who smokes cigarettes to excess, talks about the girls a considerable part of the time, reads dime novels, talks about a desire to work in the mines and thinks it would be fine to hold up a stage coach is insane, in the opinion of Harvey Rich, a painter.

In the case of Roy Parsons, charged with highway robbery, on trial in the criminal division of the district court, Rich testified he believes Parsons has been insane for a year or more. He worked with Parsons as a painter in the Union Pacific shops and said he had the above symptoms of insanity.

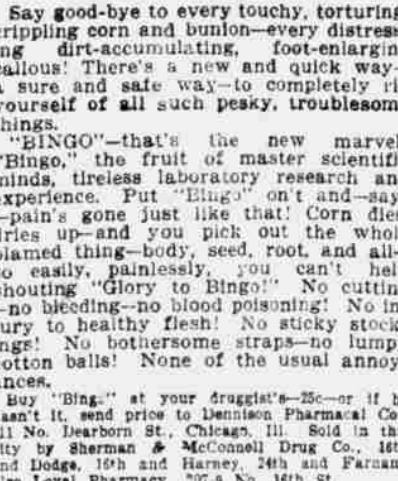

Dr. G. Alexander Young and Dr. A. S. Pinto, both of whom examined the lad long before the robbery, were witnesses in his behalf. Young said he was absolutely insane and Pinto said he was "mentally below par." The case went to the jury yesterday afternoon.
