CHICAGO, June 5 .- Congressman William E. McKinley and Senator Joseph M. yent in the convention city by issuing posite "certainties."

The Taft leader in a formal statement

President Taft will be the nominee of cotes on the first ballot."

Senator Dixon in an equally positive statement declared:

The nomination of President Taft is physically and humanly impossible with the delegates elected."

Congressman McKinley added that the personal presence of Colonel Roosevelt in convention "would only make the outcome more certain against him." Senator Dixion insisted that the Roose velt men "absolutely control the convention without taking the contested delegates into consideration.

Howell Will Be Turned Down. The attempt of R. B. Howell of Nebraska to take Acting Chairman Victor Rosewater's place on the national committee Thursday is certain of defeat, according to leading members of the committee. William L. Ward of New York who will be a leader in the Roosevelt ranks, said he believed the committee would quickly dispose of the case adversely to Mr. Howell's claim.

"The way the national committee is constituted," he said, "the terms of its members cannot begin until the end of this being about half of the precincts, the national convention, when the new give Byrne a lead of 7,000 over Egan. Conservative estirules for contest hearings, in which slight mates place Byrne's majority at about changes probably will be made, with 10,000 Ormsby McHarg, the Roosevelt contest attorney, and former Senator Charles Dick of Ohio, who will represent the Taft claimant.

Dixon's Statement. Senator Dixon's statement in part fol-

lows: "Some of the Taft managers in their desperation have thrown out broad intimations that a majority of the republican national committee would by revolutionary methods and strong-arm tactics attempts to reverse the plain verdict of the republican voters. I bitterly resent these insinuations.

"We have no fear in resting our cas in the matter of contested delegates to the committee's decision."

The talk of a bolt from the convention by the Roosevelt forces Senator Dixon designated as "junk." The senator pointed to the result of the

South Dakota primaries as evidence of the triumph of Roosevelt and added: "The Taft machine in Ohio refused to

submit to the popular verdict the question of the election of six delegates-atlarge. They boldly and insolently in defiance of the express wish of the republicans stole the six delegates-at-large." Congressman McKinley in his statement

"The sober-minded thought not only of the republican party but of the people will be further respected at the polls in November by the re-election of President Taft for a second term.

"The campaign of bluff, bulldoze and bluster which Mr. Roosevelt has conducted for the nomination is drawing to a close.

"No terrorization or intimidation on the part of Mr. Roosevelt or his managers can change the result. No compromise is possible as between the candidates be cause the fight is already won by Presi dent Taft."

Roosevelt May Stay Away. OYSTER BAY, N. Y., June 5.-With only incomplete returns at hand from the South Dakota primaries Colonel Roose velt said today that he would make no statement, although his latest information indicated that he had carried the
