BRIEF CITY NEWS

Have Root Print It.
Electric Fans—Burgess-Graden Co. F. E. O. Sisterhood to meet—P. E. O. Sisterhood will hold a business and social meeting Saturday afternoon at 2:30 at the home of Mrs. George Lehnhoff, 349 Hawthorne avenue.

Grip Is Stolen—While John Richardson of Mound City, Ia., was purchasing a ticket at the Union station thieves stole his grip, which was sitting within a few feet of him.

Overcoat Taken from Auto—A light tan overcoat was stolen out of the front seat of Dr. B. Riley's automobile at Sixteenth and California streets while he was in a nearby store.

Sergeant Peirce in Omaha—Sergeant George E. Peirce of the Sioux City police department was in Omaha yesterday, having come down to look after some business matters and incidentally to call on a few of his friends.

Know He was Drunk—Seldom will a man admit he has a reason for being in that condition. However, there are exceptions to all rules. William Basler, a peddler living at Fourteenth and Cass streets, staggered into the police station yesterday morning. "Grandpa, I want to sober up," he said to Desk Sergeant Marshall. "I know I am drunk I was passing by the station and seeing the door open I thought I would come in and sleep off the effects of the liquor."

Krug Park—Krug park has enjoyed good attendance despite the cool and unseasonable weather since its opening last Saturday and though this has reduced the crowds to some extent the receipts at the gate have shown that this recent innovation has taken well with Omaha people. The park has come up to all expectations in the eyes of summer resort lovers. The facilities the park offers to picnickers are unexcelled. Tables in the grove are free with a first class restaurant near by. Added to this land concerts are given each evening by a fourteen-piece orchestra.

IN AVOIDING APPROACHING TRAIN HIS LEG IS BROKEN
A. D. Staller, thirty-fourth and Pinkney streets, an employe of the electric light company, jumped into a pit yesterday and one of his legs was broken. He jumped to avoid being hit by an approaching train. He was taken to the Omaha General hospital.

BLOTCHES ON FACE ITCHED AND BURNED
Baby Could Not Sleep. Face Covered with Sores and Scabs. Cuticura Soap and Ointment Cured Her.

Polo, Ill. — "My baby was nine months old when there suddenly appeared red blotches in the form of a rash on the left side of her face, on the back of her head and neck. They itched and burned; she scratched them in her sleep and they bled and made small sores. She was cross and feverish, and could not sleep. Her face was very red and covered with sores and scabs, and she was so restless during the night that she had to have a great deal of care. I began to use the Cuticura Soap. Then I applied the Cuticura Ointment. I used the Cuticura Soap and Ointment steadily for one week and all the sores dried up and gradually went away. I am glad to say that the Cuticura Soap and Ointment cured her completely. She has never had any breaking out since and no scar is to be seen." (Signed) Mrs. Ray Brock, Nov. 27, 1911.

EGZEMA ON FEET AND HANDS
Itching Terrible. Could Not Go Out.
460 Park Place, Brooklyn, N. Y. — "Eczema began on my feet; my toes got in a terrible condition, swelled up, and then burst open with a watery discharge. The itching was terrible, then it spread to the palms of my hands and on my face which got so bad I could not go out, in fact I could not put my shoes on. Looking at the paper I came across Cuticura advertisement. I sent and got Cuticura Soap, Ointment and Resolvent, and used as directed. I used two cakes of Cuticura Soap, one box of Cuticura Ointment, then Cuticura Resolvent, and in about four weeks my skin was as clear as it could possibly be, and I am glad to say have had no return." (Signed) Mrs. E. Vaughn, Aug. 15, 1911.

BENSON CITIZENS TALK NEW SEWERAGE SYSTEM
A mass meeting of the citizens of Benson was held in the city hall at that place Wednesday for the purpose of discussing the sewerage proposition. After listening to talks by two Omaha engineers, the citizens decided to request the city council to confer with an engineer and have him make an estimate on the cost of installing a sewerage system. If the cost will not be too much, it is probable an election for the purpose of voting sewerage bonds will be decided upon at another mass meeting to be called by Mayor McGuire.

It was general opinion that the only sewerage system which could be installed at Benson would be to divide the town into five districts and build a septic tank in every district. Mayor McGuire was elected chairman of last night's meeting.

CRAIG MAKES REPORT ON THE COST OF THE SEWER
City Engineer Craig reported to the commissioners at an informal session yesterday that the sewer requested by the Woodmen of the World would cost either \$5,000 or \$8,000, depending on whether they desire to reconstruct the sewer in the alley or lower the sewer along Fourteenth street to Jackson to twenty feet. Councilman McGovern, City Attorney Fine and Mr. Craig were appointed a committee to confer with Woodmen of the World officials and request them to bear a part of the expense.

Trusty Attempts to Gain His Liberty from County Jail

Alexander Sears, colored, serving a ninety-day sentence in the county jail on a petit larceny charge, violated his trusty-ship yesterday when he escaped from Deputy Sheriff Schroeder while carrying out refuse from the jail. Sears was later captured by Jailer Cahill in Postawatawago county on the road to Council Bluffs. The trusty waited until Schroeder's back was turned before he made his break for liberty. He ran to Douglas street and leaped upon a brewery wagon going toward the Bluffs. Deputy Cahill following a few moments later caught up with him and brought him back at the point of a revolver.

MASONIC GRAND LODGE FINISHES ITS SESSIONS

The newly elected members of the Masonic grand lodge were installed Wednesday night, and yesterday the business of the delegates was concluded. The reports of the old officers showed the lodges all over the state to be in good condition and rapidly growing. The condition of the Masonic home at Plattsmouth was reported as being entirely satisfactory.

Business before the lodge yesterday included the disposing of some minor matters and drawing warrants to pay the expenses of the delegates.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

Swarm of Bees Takes Possession of the City Hall Corner

Some bees in search of a home filled the air on Eighteenth street just south of Farnam at 2:30 yesterday afternoon. Auto drivers and teamsters turned back rather than drive through the swarm. Quite a crowd of persons of the class that is not hard to interest stopped and gazed at the bees as they flew around and about.

One old man with a market basket on his arm started to cross the street through the swarm. He was warned, but cast a look of contempt at those who sounded the alarm. He walked through the swarm, but was not stung. Bees when swarming are not disposed to sting anyone.

If your business takes you to the court house and city hall frequently, you should have your office

close to the building closest to these public structures. When so much attention is being paid to "business efficiency" the professional man should likewise consider the number of steps from his office to the court rooms. This is only one of the advantages offered by

SAGE RESTORES GRAY HAIR TO NATURAL COLOR

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent, Sherman & McConnell Drug Co.
