### CONSUMERS PAY FOR METERS

Flat System of Water Rates Will Be Abandoned by Board.

### MAY REDUCE COST OF WATER

Meters Will Be Installed at Plant to Record Volume of Waste and Reduce the Loss as Much as Possible.

With the abandonment of the flat rate system of charges for water when the city takes over the plant on July 1, meters will be installed at the expense of consumers, who will pay only for the amount of water used. The meters will be purchased by the Water board at wholesale, and the consumers will be required to bear the expense of installation.

"We have figured on charging customers 50 cents per foot of pipe for installation," said P. C. Healey. "In other cities we find the charge running from 60 to 85 cents. Consumers may pay for the extensions and for installation of meters in three or five payments." Meters will cost \$15 to \$25 each, although the water board expects to be able to furnish them at much less expense, because they will be purchased in large wholesale lots if necessary. Mr. Healey said there would be no increase in the cost of water to the consumer, and that was about all that was agreed upon. In fact he believes the cost of water will be gradually reduced. The water board's plans are still vague, but they are satisfied that the service demands installation of meters and the matter will be taken up at next meeting.

### SEWER PROBLEM IS SOLVED

City Will Advertise for Bids and Pay for the Work.

### WOODMEN TO PAY THE EXCESS

Effort Will Be Made to Find Some Way to Collect Back Personal Taxes Without Collecting the Penalty.

By resolution, passed with a vote of four to three, the city council yesterday directed the engineer to advertise for bids for the construction of a sewer in the alley south of the Woodmen of the World building, to cost not more than \$8,000. If it costs more than \$8,000 the Woodmen of the World officials will, according to a contract to be entered into, pay the additional cost. The vote on the resolution stood: Ayes—Butler, Kugel, Dahlgren, Ryder; nays—McGovern, Withnell, Hummel. Mr. McGovern said he thought the city should pay \$4,000 of the cost and the Woodmen of the World the rest. The other side maintained the city ought to construct the sewer because it would do service for another building as large as the Woodmen of the World, which will be built within the next two years. A third building that will also utilize the sewer is planned. It will take thirty days to construct the sewer. Advertisement will run for ten days. Contractors on the building were today ordered to resume work, plumbing operations having been suspended until the sewer construction was decided.

There is now available in the sewer bond fund, out of which this sewer will be built, about \$2,000. Warrants are outstanding and work has been authorized that will reduce this to \$500. A debt of \$200, owed the city by the Woodmen of the World for repairs to a sewer will be paid immediately, representatives stated. A resolution was passed by the council directing the commissioner of finances and accounts to confer with City Treasurer Ure to plan some way of collecting personal taxes now delinquent without collecting interest. The resolution stated that in many cases it was not the citizens' fault that taxes had remained unpaid, and that because of this the city ought to proceed more on the supposition that "the literal construction and enforcement of the law is less desirable than fair dealing with the citizens."

### H. S. Afro-American Alumni Reunion

First annual reunion of the Afro-American Alumni association of the Omaha High school was held at the Alamo Friday night, about forty persons being present. Wigington; papers by Mrs. Elvora Brooks-Jones, Miss Frances Bell and Miss Marguerite LaCour, and musical numbers by Mrs. Cecelia Wilson-Jewell, Mrs. Gwendolyn Bruce-Taylor, Miss Ruth Seay, Rufus C. Long, and the orchestra.

### OLD PEOPLE HOME FUND INCREASED BY MRS. NASH

Mrs. Catherine B. Nash has made a donation of \$50 to be applied to the Old People's home fund. In a communication to Mrs. George Tilden, president, she regrets that she could not give more because she had so many calls for charity of late. She says that she is sure that as far as the People's home is concerned Mrs. Tilden will not have any difficulty in raising the necessary amount, since the institution belongs to all denominations. With the Nash donation the building fund is now raised to \$17,000.

### CRIPPLED BOY SENT HOME

Tells Peculiar Story and Then Sticks to it Right Through.

### ABLE TO GET WHAT HE WANTS

Charitable Institutions Are Not Able to Keep Him Confined, as He Always Manages to Make His Escape.

David Miller, a crippled newboy on crutches, who has been the bane of juvenile court officials and the object of much charity and pity, will go back to his home in Tulsa, Okl. This the court decided when the little fellow hobbled before the judge and told tales that were kind enough to him, his heart yearning for Oklahoma. The lad is ten years old. He was operated on by Dr. C. C. Allison. He will eventually outgrow his lameness. Davey was badgered and bullied by court officials and reporters in a futile attempt to break down a story he had told. He had been placed in the Child Saving Institute and on the second day he disappeared.

Officers found him after a two days' search. He had money, new clothes and two books of street car tickets. He said he had bought these street car tickets from a "fat Dago boy" for 25 cents each. They were \$1 books. Officials believed they were stolen either by Davey or some other boy. It even looked like there might be a capable organization swiping tickets and selling them.

"No, I didn't steal them," declared Davey, as he fingered a button bearing the picture of a Cub player. "My brother used to steal, but he has more sense now. He is the worst one in the family."

"I met a boy at Fifteenth and Farnam. He asked me how I got crippled. Then we talked about getting around and I had seen a man on a street car give the conductor some tickets. I asked the boy to buy me some tickets."

"At first I thought he would take my fifty cents and not come back. So I held his hat while he was gone. He came back and gave me two books. I thought they were hot tickets."

Davey stoutly declared that he didn't know the boy and had never seen him before. He told his story several times and never varied from it. The court doubted the truth of the story, but could secure no further information.

Davey was sent here a few months ago, by the people of Tulsa, who raised a purse. After the operation he was sent to the Child Saving Institute. He ran away twice. Each time he was found he was well supplied with money.

A reporter found the lad upon his arrival here. He was wandering about the depot, a forlorn little figure. The reporter took him to his room at the Young Men's Christian association and put him to bed.

### MORE CARPENTER TOOLS ARE MADE AWAY WITH

Sneak thieves stole three sets of carpenter tool from a new building at Fifty-first and Izard streets Friday night. In the three sets there were fifty-one tools, which were the property of J. C. Hannany, 819 South Thirty-fifth street; Herbert Pinkettin, 3019 Pratt street, and J. J. Warmley, 1529 North Seventeenth street. Many new buildings in the city have been visited by thieves and carpenter tools stolen. There has been about ten thefts reported to the police in the last week.

### CATARRH OF THE STOMACH

Could Hardly Eat. Gradually Grew Worse. Relieved by Peruna.

Mr. A. M. Ikerd, Box 51, West Burlington, Iowa, writes: "I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief, and finally one of my doctors sent me to Chicago, and I met the same fate. They said they could do nothing for me; said I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was offensive and I could not eat anything without great misery, and I gradually grew worse. "Finally I concluded to try Peruna, and I found relief and a cure for that dreadful disease, catarrh. I took five bottles of Peruna, and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle of it in my house all the time."
