### For the Girl Graduate

Graduation and commencement days are upon us. The occasions naturally call for the newest, freshest and prettiest hats. We are showing lovely lingerie hats of dainty lace and ribbon—an appropriate setting for youth and beauty—as well as hundreds of girlish models in hemp, seahorn and Milan. For the younger girls, very attractive hats of white with flowered covering.

**SOROSIS**  
 Karbach Block.

### Brandeis is Showing The New Patterns in Community Silver

The Ideal Wedding Gift That is Individually Distinctive.

Useful wedding gifts are always the most welcome, especially when they possess the lasting qualities and beauty of this famous SILVERWARE. We are showing a wonderfully complete variety of rich, handsome pieces in all the newest patterns.

Community Silverware is the ideal gift, for it remains with the bride long after cut glass and china are broken and forgotten. Our many handsome patterns and moderate prices makes selection comparatively easy.

**BRANDEIS STORES**

### Corsets for the Trousseau

No article of the trousseau—even the wedding gown itself—is more important than corsets—for on the corset depends the effect of the outer garments—consequently the poise and comfort of the wearer.

We make a specialty of Trousseau—and have fitted many brides with a half dozen corsets—Norda models—to their entire satisfaction.

Norda Model Corsets are not expensive. We have them from \$3.50 up to \$25.00—and no woman who cares what she wears—how she looks—can scarcely afford to be without one.

All supplied with comfort and convenience.

### The Profound Impression Which the Mason & Hamlin PIANO

has created among the most discriminating and cultured musicians gives it a unique position in the musical world. No other piano ever aroused such enthusiasm on the part of musicians.

This is not the result of chance, extensive advertising methods on the part of its manufacturer. It is due to certain epoch making improvements of a scientific, but practical nature—notably the Tension Resonator—developed in the Mason & Hamlin factories and found only in the Mason & Hamlin pianos.
