BENSON & THORNE CO.
1518-1520 FARNAM STREET

SOMETHING OF INTEREST! GRADUATES ATTENTION!

Here is a little **Mathematical Proposition** which should **Interest** you and **Interest** those who are **Interested** in you, and **Interest** all **who are Interested in Saving Money.** We have just made a most important Stationery deal, which makes it possible for anyone to have their Monogram Stationery ready to their order at about one-fourth of what it would cost if they bought **their own die.**

Example: 1 full quire fine Linen Paper and 25 Envelopes, latest and most popular cut, cost, \$ 40
Die for two-letter Monogram, gold letters, 2.25
Total \$2.65

We will place on sale immediately 1,000 boxes at **75c Per Box** Complete
A **Saving** on the initial purchase of **\$1.90** to every purchaser.

Booklets, Cards, Books specially prepared for graduates, elegant giftlings also in dainty silver novelties, quaint and unique jewelry, pretty china and glassware. Silk Hosiery in special boxes, Gloves, Fans and a thousand and one appropriate articles for girl or boy graduate.

Thos. Kilpatrick & Co.

PARCELS POST IS COMING

Postmaster General Hitchcock Says Law Certain to Go Through.

BOURNE BILL MOST SCIENTIFIC

Establishes Zone System of Charges and Will Benefit Country Merchant by Stimulation of Business.

WASHINGTON, June 10.—Legislation providing for a general parcels post throughout the United States and its possessions except the Philippines is practically certain to be enacted by the present congress, in the opinion of Postmaster General Hitchcock. He has urged insistently upon congress the desirability of domestic parcels post because, among other reasons, he believes it will aid substantially in the solution of the problem of the high cost of living. In a statement today he expressed the hope that the measure recently introduced by Senator Bourne, chairman of the committee on postoffice and post roads, might be crystallized into law. In the judgment of the officers of the postal service, the Bourne bill represents the most scientific and business-like plan yet devised for a parcels post. It provides for a parcels service throughout the country both on rural routes and city carriers' routes. It consolidates the third and fourth classes of mail matter, a reform long advocated by the post-

office department, and raises the weight limit of parcels to 11 pounds, which is the limit of the international parcels post.

Rate on Rural Routes.
The rate to be charged for articles carried in the rural route service and city carrier service is 5 cents for the first pound or fraction of a pound. For the general parcels post service, which covers all mail transportation other than local delivery by rural or city carriers, graduated rates would be established based on distances.

Six zones of distance would be established. The first would have a radial distance of 50 miles from the point of mailing; the second would include the area lying between 50 and 100 miles; the third, that between 100 and 200 miles; the fourth, that between 200 and 500 miles; the fifth, that between 500 and 1,000 miles; and the sixth distances beyond 1,000 miles. The rate for delivery within the first zone is 6 cents for the first pound or fraction of a pound and 2 cents for each additional pound or fraction of a pound. The rates would increase for each additional zone until in the sixth they reach a maximum of 12 cents a pound, the rate now charged in the international parcels post. The rate on the consolidated third and fourth class mail matter is fixed at 4 cent an ounce for not more than four ounces. Distinctive parcels post stamps would be provided.

Hitchcock Urges Action.
In a formal report forwarded today to the senate postoffice committee, Postmaster General Hitchcock strongly urges the passage of the Bourne measure. Con-

cerning the general advantages of the comprehensive parcels post service, he says:

"The enactment of the proposed parcels post bill will aid materially in solving the high cost of living problem, because it will bring the producer and the consumer into closer proximity. The rural route service will enable the farmer to send to town each morning the fresh products of his truck farm or garden and at the same time obtain quickly the small articles he desires to purchase from city stores. This will not only be a great saving, but will stimulate a large and more varied production and trade. It will have the effect of bringing more closely together in their commercial and social relations the people of the city and the country. The local system of parcel post delivery by city letter carriers will meet the demand for a cheaper and more ready exchange of small wares of all kinds in the larger towns and in the cities.

Zone Plan Rates.

"Under the zone plan the schedule of rates is based solely on the actual cost of the service performed, whereas the flat rate system, to make the service self-supporting, must be based on the average general distance the mail has to be carried. So long as weight is negligible, as is the case of letters, postal cards and small packages, the flat rate is feasible, but when larger parcels, weighing as much as eleven pounds, are to be carried the rates should be graduated to meet in a more accurate manner the cost of transportation for different distances. Under the flat rate plan it would be impossible to meet the competition of private carriers, for those carriers would take the short hauls and leave the long hauls for the government. The bill retains a flat rate, however, for parcels up to four ounces.

"Under the low and carefully graduated scale of postage rates fixed for the several zones, buying and selling by mail order will be increased, while the production of all classes of merchandise and the growing of farm and garden products will be greatly stimulated.

"The bill will be beneficial to all classes, except those common carriers engaged in the transportation of small wares. It is probable that such carriers will soon divert their business to the carriage of larger freight, their proper function.

"The chief opposition to the proposed parcels post has come from the country merchant, but instead of hurting him, as he now fears, it will eventually help him, for he will undoubtedly profit by the general business stimulus created by the measure.

SMOTHERS GASOLINE FLAMES WITH SHELLED CORN

MARBLE ROCK, Ia., June 10.—(Special.)—Jumping into a load of shelled corn just as he did, undoubtedly saved the life of Frank Lyder. He was engaged in attempting to fill a tank of a corn sheller with gasoline. How it happened no one seems to know but there was an explosion with the result that the contents of the can was thrown all over Lyder. His clothing was instantly in flames. With remarkable forethought he at once jumped into a wagon box that was nearly filled with shelled corn and in less than a jiffy he was literally buried in the corn and the flames subdued. However, he was badly burned, but it is hoped not fatally.

Commencements

RUSHVILLE, Neb., June 10.—(Special.)—The class of 1912 brought the school year to a close Friday night in the opera house, which was filled with friends to listen to the exercises. The graduates were Virginia Oldham, Edna Mohr, Opal Musser, Patience Edmunds, Francis Purney, Charles Brown, Clyde Lynde and Effie Parrish. The Rushville band and Glee club furnished the music and the stage was prettily decorated with cut and potted flowers. The moderator, Attorney R. L. White, in an appropriate address presented the diplomas.

ALLIANCE, Neb., June 10.—(Special.)—The closing exercises of the grammar grades of St. Agnes academy will be held in Phelan opera house June 11. The baccalaureate sermon will be preached by Rev. Peter Donnelly in Holy Rosary church Sunday evening, June 16. Commencement and graduating exercises will be held in Phelan opera house Wednesday evening, June 19.

GUARDS FIRE ON CONVICTS

"Grub Strike" in San Quentin Develops Into Big Riot.

ONE KILLED, SEVERAL WOUNDED

Prisoners Rush to Kitchen and Throw Pots and Pans Around and Keep Up Noise After Being Locked in Cells.

SAN QUENTIN, Cal., June 10.—A continuation today of the "grub strike" demonstration, begun yesterday in San Quentin prison, developed into a riot in the general mess hall as a result of which one prisoner was shot and killed and two prisoners were wounded.

The riot was caused by the refusal of the prisoners to accept a new menu of food.

H. L. LYNNWOOD, a naval prisoner serving a term of six and one-half years for desertion and impersonating an officer, was the wounded.

Frank Taylor, a negro serving twenty years for robbery, committed in San Francisco, shot through hand, and H. A. George, struck in leg by glancing bullet.

Nineteen hundred prisoners were sitting down to dinner shortly after 2 o'clock this afternoon, when 200 or 300 of the men began a concerted demonstration. Not content with voicing their protests with shrieks and cat calls, the demonstrators began throwing dishes and food about. Some made a rush for the adjoining kitchen and began hurling heavy pots and pans around the room. The men were driven out with hose spouting live steam, several of the rioters being severely burned.

No sooner had the mutiny started than the prison bell was sounded with the "lock up" signal.

Convicts Rush Out.

The majority of the men who had taken no part in the demonstration and were anxious to escape from the hall, made a rush for the three doors. At two of the doors the men passed out unmolested. At the third, several of the rioters gathered and endeavored to block egress, their purpose being to keep the men in the mess hall and prolong the demonstration.

It was here that Lynnwood, one of the leaders of the mutineers, was shot down. A guard's bullet pierced his chest and he died almost instantly.

Taylor also tried to block the passage way and he received a bullet through the hand. The bullet glanced from the floor and struck George in the leg. George had taken no part in the disturbance. Only these shots were fired.

The prisoners were quickly marched to their cells, but the rioters even after being locked up continued their shrieks of defiance and kept up their shouting at intervals until late tonight.

Warden John Hohi said late tonight that thirty or forty of today's mutineers would be severely disciplined. Ten men were singled out for disciplinary measures for yesterday's disturbances, but of these only four were punished.

Two Men Confess Robbing Iowa Bank

EMMETTSBURG, Ia., June 10.—James Gleason and Frank Collins, in jail here, today confessed to the robbery of the Cylinder Savings bank at Cylinder, last Friday night, according to the statements of the detectives who arrested them. The men were captured here last night as they were trying to get out of town. The detectives recovered \$300 in mutilated money which was part of the \$900 stolen. The men are said to have admitted that they were a part of the Daly gang, with headquarters at Sheldon, Ia., and that three others, not yet arrested, helped them with the Cylinder robbery.

Iowa Pure Food Law Declared Valid

WASHINGTON, June 10.—The Iowa pure food law, enacted in 1907, was sustained today as constitutional by the supreme court of the United States.

New Fitcher for Beatrice. BEATRICE, Neb., June 10.—(Special.)—Fitcher Culver of Beloit, Kan., has been signed to play with Beatrice. He will take Fresson's place, Fresson having been released. Outfielder Ramsey has been released to Grand Island in the state league.

Getty's Regiment Begins March From Dubuque to Sparta

DUBUQUE, Ia., June 10.—The provisional or experimental regiment of the United States regulars under command of Colonel Getty, broke camp early today and began a march through the city and across the Mississippi river to Wisconsin, where they are to meet an "imaginary army." They will march to Sparta and the entire trip probably will take a month.

The movement is not merely a practice march, but it is intended to determine several important military problems having particular reference to equipment and field tactics. Upon the outcome of the march will depend largely the future equipment of the army and the national guard.

Theoretically the regiment, accompanied by an automobile supply train and a force of mountain artillery, will be surrounded by an enemy.

Instructions based on intricate tactical problems will be given to Colonel Getty, commanding the forces, by Captain Flisko of the war college at Leavenworth, Kan. The working out of these problems will be carefully observed by several officers of the general staff.

The automobile truck train with the forces comprises twelve machines. With a wagon train propelled by mules it is impossible to carry adequate forage for the animals and the forces would be compelled to subsist on the country through which they passed. The automobiles will carry their own supply of gasoline and all else needed for their maintenance.

The regiment will act, not as a separate command, but as a part of an entire imaginary command, moving in the center, the right and left wings, and as an advance guard to the supposed main body.

ALLIANCE PREPARES TO ENTERTAIN STOCKMEN

ALLIANCE, Neb., June 10.—(Special.)—The stockmen's convention at Alliance June 20, 21 and 22 this year will be the largest and the entertainment will be the most elaborate of any in the history of the association. The program is open and every day brings entries of horses and other attractions for the entertainment of visitors. Aviator Walsh in a Curtiss biplane will make three flights daily, while the usual horse racing and

cowboy performances will comprise the amusement at the fair grounds. Each evening there will be dancing, band concerts and attractions at the different play houses in the city. As there will be no Fourth of July celebration here this year, Alliance citizens will bend all their efforts to make these three days memorable ones for visitors to the stockmen's convention.

President Bowman On Vocational Schools

IOWA CITY, Ia., June 10.—(Special Telegram.)—The true meaning of vocational education was discussed by President John G. Bowman of the University of Iowa in delivering the annual baccalaureate address to the members of the senior class today. He emphasized the need of vocational schools, but urged that the higher meaning of the word vocational be taken, and that mere utilitarianism alone should not be the controlling idea. About 1,500 heard the address.

Senate Agrees to Report on Army Bill

WASHINGTON, June 10.—The senate today, after a bitter debate, voted, 27 to 24, to agree to the conference report on the army appropriation bill carrying amendments which will legislate Major General Leonard Wood out of his office as chief of staff on March 4, 1913.

EXPERIMENTAL REGIMENT WILL BEGIN MARCH TODAY

DUBUQUE, Ia., June 10.—Colonel Getty and his provisional or experimental regiment of United States regulars who have been encamped at Summer Hill, one mile south of Dubuque, since last Wednesday will break camp at 7:30 o'clock tomorrow morning, march through the city and across the Mississippi river at Eagle Point into Wisconsin, where an imaginary enemy is expected to be encountered. This regiment will march by way of Madison. It is expected the troop will take a full month. The regiment is composed of seasoned men from Fort Crook, Fort Snelling, Fort Sheridan and Fort Brady. All is of the most modern equipment, except the troops from Fort Brady, which have

equipment now in general use in the United States army, the object being to make comparisons.

HYMENEAL
Ecklund-Wilson.
Miss Emily Wilson, daughter of Orad D. Wilson and Bernard Ecklund, were married by Rev. Charles W. Savidge, Saturday evening at 8, at the home of the bride's parents, 459 Grant street. A large company of guests were present and a wedding supper was served. Mr. Fred E. Wilson, the bride's brother, and Miss Mary A. Borg were the attendants.

WELL-KNOWN LAWYER CURED OF ECZEMA

By Cuticura Remedies Which He Recommends for Skin Troubles.

Greenville, Ohio.—"While attending school at Lebanon, Ohio, in 1882, there was a small-pox scare, and we were all vaccinated. Presumably from impure virus used, I became afflicted with boils, which lasted for about two years, when the affliction assumed the form of an eczema on my face, the lower part of my face being inflamed most of the time. There would be water-blisters rise up, and open, and wherever the water would touch it would burn, and cause another one to rise. After the blister would open, the place would scab over, and would burn and itch so as to be almost unbearable at times. In this way the sores would spread from one place to another, back and forth over the whole of my upper lip and chin, and at times the whole lower part of my face would be a solid sore. This condition continued for four or five years, without getting any better, and in fact got worse all the time, so much so that my wife became alarmed lest it prove fatal.

"Finally I decided to try Cuticura Remedies, which I did, taking the Cuticura Resolvent internally, applying the Cuticura Ointment to the sores, and using the Cuticura Soap for washing. In a very short time I began to notice improvements, and continued to use the Cuticura Remedies until within less than a year I was well again, and have not had a recurrence of the trouble since, which is over twenty years. I have recommended Cuticura Remedies to others ever since, and have great faith in them as remedies for skin diseases." (Signed) A. C. Brandon, Attorney-at-Law, January 17, 1911.

Cuticura Soap and Cuticura Ointment are sold by dealers everywhere. Liberal sample of each mailed free, with 32-p. book on skin and scalp treatment. Address: "Cuticura," Dept. J, Boston. Tender-faced men should shave with Cuticura Soap Shaving Stick.

For Eyes—An Expert Only

If you were about to have an operation performed on your stomach or liver, you would be very particular in the selection of a surgeon. The eye is a more delicate organ than the stomach or liver. In selecting a man to examine and prescribe for your eyes, you should be more careful than in the case of these other organs.

At this office you will have the services of a man widely known as an expert refractician, who has had eight years' experience right here in Omaha—Mr. E. H. Flitton. Appointments may be made by phone.

Telephone Douglas 1953.
Flitton Optical Co.
(Successor to Hutson's)
213 South Sixteenth Street.

Warner's Safe Remedies

Bladder and Kidney Troubles
Men and women of all classes suffer greatly from disorders of these organs. Mrs. L. E. Walker, 85 Little St., Atlanta, Ga., suffered terribly until she began taking

Warner's Safe Kidney and Liver Remedy
"About two years ago I had kidney and bladder trouble. My case seemed hopeless until I commenced the use of Warner's Safe Kidney and Liver Remedy. The results were marvelous, the medicine effecting a complete cure. I am so grateful that I recommend it to everyone I meet whom I know to be suffering as I had been."
The OLD ORIGINAL Warner's Safe Kidney and Liver Remedy, used in thousands of homes, will be sent prepaid on receipt of 25 cents.
Warner's Safe Remedies Co., Dept. 352 Rochester, N. Y.

GOOD ONLY FOR SECTION 2 IF USED AT ONCE

WAR SOUVENIR COUPON
SAVE THIS COUPON IT HELPS YOU GET
The Civil War Through the Camera
Containing
Brady's Famous Civil War Photographs
(Published by Permission of the U. S. War Department)
And Professor Elson's Newly Written History of the Civil War

The Above Coupon Good for Section 2

The Omaha Bee has entered into a great National publishing alliance, whose object is to place in every American home the best possible memento of the Civil War—as an education in patriotism, and also in order to celebrate fittingly the semi-centennial of that momentous period. We have secured the rights in this city for the famous Brady photographs, taken on the actual fields of battle and lost for many years. These historic scenes, with full history of the great struggle, newly written by Prof. Henry W. Elson of Ohio University, will be issued in sixteen sections, each complete in itself, and known as the CIVIL WAR THROUGH THE CAMERA. The above coupon, if used at once, is good for one section when accompanied by an expense fee of TEN CENTS, to cover cost of material, handling, clerk hire, etc. By mail, three cents extra. Bring or send this Coupon TODAY to The Bee office.
