Are You FAT?

I Was ONCE. I Reduced MYSELF

I was Fat, Uncomfortable, Looked Old, Felt Nervous, suffered with Rheumatism, Asthma, Neuralgia. When I worked or walked, I puffed like a Porpoise. I took every advertised medicine I could find. I Starved, sweated, exercised, doctored and changed climate, but I ruined my digestion, felt like an invalid, but steadily gained weight. There was not a single plan or drug that I heard of that I did not try. I failed to reduce my weight. I dropped society, as I did not care to be the butt of all the jokes. It was embarrassing to have my friends tell me I was getting stout as no one else had.

SOMEONE HAD TO BE DONE I began to study the cause of FAT. When I discovered the cause, I found the remedy. The French Method gave me an insight. I improved on that. Removed the objectionable features, added more pleasant ones, and then I tried my plan on myself for a week. It worked like magic. I could have SCREAMED WITH JOY at the end of the first week when the scales told me I had lost ten pounds by my simple, easy, harmless, drugless Method. It was a pleasure to continue until I regained my normal self in size. I feel fifteen years younger. I look fifteen years younger. My Double Chin has entirely disappeared. I can walk or work now. I can climb a mountain. I am normal in size. I can weigh just what I want to weigh. I am master of my own body now. I did not starve, but eat all I wanted to. I did not take Sweet Baths. I did not use Electricity, or harmful exercises, but I found the Simple, Safe, Common Sense WAY of reducing my weight and I applied it. I have tried it on others. My doctor says I am a perfect picture of health now. I am no longer ailing. I am now a happy, healthy woman. Now I am going to help others to be happy. I have written a book on the subject. If you will let me, I will tell you how. It will tell you about my Harmless, Drugless Method. To all who send me their name and address I mail a FREE, as long as the present supply lasts. It will save you Money. Save you from Harmful Drugs. Save you from Starvation Diets. Harmful Exercises, possibly save YOUR LIFE. It is yours for the asking without paying. Just send your name and address. A Postal Card will do. I will be glad to send it so that you can quickly learn how to reduce yourself and be happy. I am. BOURKE MAY BEAT BURGESS

Aspect of the Fight for Secretaryship of School Board.

DEPENDS ON THE NEW MEMBER

Lineup Shows that Man Chosen to Succeed Bourke on Board May Decide the Election of Secretary.

Again the office of secretary of the Omaha Board of Education is the foot ball of politics.

History is quite likely to repeat itself, and J. F. Burgess, the incumbent, is in imminent danger of being set aside in favor of W. T. Bourke under exactly the same conditions as prevailed when James M. Gillan was set aside in favor of Mr. Burgess. No charge of any sort is made against Mr. Burgess; it is admitted by all that he has been a good man in the position of secretary of the School board, and he is accused of nothing more serious than being a little "cranky" at times. Men who are familiar with the work of the office say that Burgess is both faithful and efficient, that his records are models of exactness, and that he has managed his office economically.

Bourke Wants the Place.

Over against this is set the claim of Mr. Bourke, which amounts to the fact that he wants the place. Bourke has just resigned as member of the board, for the purpose of contesting with Burgess for the place, the resignation following a quiet campaign that has been carried on for several months. On the election by the board of a successor to fill Bourke's unexpired term as member will turn the election of secretary.

At present the lineup of the board members is:

- For Burgess: Foster, Parsons, Richardson, Walker. For Bourke: Cort, Jacobson, Plumb, Streitz, Holovitchner.

Members Sears and Courtney are listed as uncertain, although it is commonly believed that Courtney will vote for Bourke; Sears has been counted for both sides, but is thought to lean to Burgess. Seven votes are required to elect, and so the election of a new member on Monday night will determine the question. It has been reported that Sears has expressed himself that, in event of his voting for a new member who is in favor of Burgess, he will vote for Bourke for secretary, and vice versa. This will give Sears the decision either way.

Richardson Sums Up.

Considerable feeling has been engendered among the members of the board, and quite a little gossip is rife among those who have kept in touch with the progress of Bourke's campaign. James Richardson, who is chairman of the finance committee of the board, is the leader of the Burgess party, and in discussing the question says: "Part of this trouble began last year, when Bourke was on the finance committee, and R. V. Cole was chairman. They went to the secretary's office for certain information before the appropriations were made. Burgess was on his vacation, and they didn't get the information. A deficit of nearly \$100,000 developed as the result of that appropriation sheet, and Bourke and the members supporting him laid the deficit largely at the door of Burgess, because they didn't get the information they desired on the day they called, when he was out of town."

Trade in Janitorship.

"My complaint brought in a report acknowledging the deficit. Since then there has been trouble. Bourke is a good man, and I'd like to do what I can for him, but under the circumstances, I am for Burgess, who is a good faithful servant, and ought to be re-elected. The only reason for Bourke's resigning to enter the race for the secretaryship is that he needs the money."

At the last meeting of the board, Dr. Holovitchner, who is a member of the buildings and grounds committee, succeeded in having the pay of Thomas H. Fitzgerald, head janitor at the high school, reduced from \$110 to \$85, and Andrew Johnson, a former employe of the Armour Packing company, elected as assistant to Fitzgerald at a monthly pay of \$85. In the case of all other assistant janitors the pay is \$60. In this instance it is offered that Fitzgerald is physically unable to attend to the duties of janitor, and therefore his pay is reduced, while Johnson will in fact be head janitor.

When Burgess Got the Job.

Ten years ago a very similar state of affairs was presented. James H. Gillan had been secretary of the board for several years, succeeding Charles Conroy, who had succeeded J. B. Piper. Burgess had served as a member of the board for five years, and early in 1900 resigned to make the campaign for the secretaryship. He finally succeeded in defeating Gillan, and took over the office in July, 1900, holding it ever since.

"Little Red Wagon" Factory is Rebuilt

E. F. Stroud's wagon factory is now practically re-erected on the site where a short time ago fire destroyed the old buildings. The new factory is twice as large as the former one and is a permanent structure.

It was thought for a while the company might move from Omaha to Clinton or Shenandoah, Ia., but after a great deal of urging on the part of the Commercial Club and Manufacturers' association Mr. Stroud was induced to stay. His new factory will have a greater output than the one which was burned.

Mr. Stroud recently used the water company because of alleged lack of pressure the night his factory burned.

Wyoming Oil Line in Working Order

The Franco-Wyoming Oil company's pipe line from the Salt Creek fields to Casper, Wyo., has been completed and tested and is now ready for oil. The pipe line is forty-eight and one-half miles in length and has been tested at 7 1/2 pounds pressure. This is the first step in the work of getting oil from the Wyoming fields to the Omaha market and is deeply interesting to business men of this city.

ANOTHER RAIN HELPS CROPS

Downpour of Monday Night More General Than Day Before.

AVERAGE IS OVER AN INCH

Sand Hills and Nearly All Other Portions of the State Are Benefitted by the General Rain Which Helped the Farmers.

With the exception of a limited area in the southeast portion of the state, rains were more general over Nebraska Monday night than Sunday and Sunday night. Generally they were heavier, the amount in many places exceeding an inch and for a long distance in every direction from Gothenburg three inches is reported.

Along the Union Pacific there were heavy showers from Omaha through to Grand Island, and from one-half to three inches from the last named place all the way to North Platte. This rain covered all the country north of the main line, as far away as the ends of the branches to the north. On the branches south of the main line, there was a steady rain

Elkhorn Valley Drenched.

While the rain of Sunday night fell over only a small portion of the Elkhorn valley, it got a drenching Monday, generally being reported at Fremont, Beemer, Wisner, Stanton, Ewing, Stuart, Snyder, Elgin, Dodge, Leigh, Nickerson, Hooper, West Point and Scribner.

All of the South Platte country along the Burlington system was thoroughly wetted down. Points on the Omaha division reported from one-half to an inch. There was an inch and more over most of the country to the northwest of Lincoln, up as far as Seneca, more than half way to Alliance. At Greeley Center, in the heart of the sand hills, over an inch was reported, this heavy precipi-

BAKER ADVISES COUNCIL NOT TO RESTORE LICENSE

Judge Ben Baker, city corporation counsel, before the council in open and regular session advised that the license of William Miller, a saloon keeper whose license the council had revoked, be not restored because Miller had been convicted under the law of selling liquor on Sunday, and the duty of the council was to revoke his license as soon as he was convicted.

Counsel Bradley for Miller declared the conviction had been obtained under city ordinance and not state statute, which made a difference. Judge Baker said it made no difference to the council since Miller was convicted.

Bradley declared Police Judge Barker, on the bench but a few days, would sign anything placed before him. He attacked

POSTAL HEADS GO TO LINCOLN CONVENTION

Postmaster Wharton expects to leave this morning to attend the remaining sessions of the Nebraska Postmasters' association convention in Lincoln. Fourth Assistant Postmaster General DeGraw and George G. Thompson, chief clerk to Postmaster General Hitchcock, went through Omaha yesterday and will remain there through the con-

vention until Saturday morning, when they will return to Omaha.

The postmaster expects to remain over at Lincoln until Saturday morning and return to Omaha with the postal chiefs. While here the heads of the departments will make recommendations in line with the recent reorganization. No changes in the personnel of the postoffice are expected as a result of the inspection.

Mr. W. S. Gunsalus, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.
