Advertisement for Drexel's Special shoe. Text: Drexel's Special For Weak Arch and Flat Foot. We have a woman's shoe for weak arches and flat foot that will bring immediate relief for those foot defects. A weak arch or flat foot is a foot in which the arch or instep is broken or breaking down, due to excessive weight or ill fitting shoes. It causes pains in the instep, ankle, knee, and limbs and labored walking. It is often mistaken for rheumatism. These are the only shoes we have ever known to relieve it. Try a pair if you have these foot troubles.
