DRINK VICTIMS NEED MEDICAL HELP NEAL CURES IN THREE DAYS Sometimes you have heard a man say, "I can drink or I can let it alone." Maybe he can, but which? There is not one of them who can keep up the practice of doing both, and there is not more than one in a thousand of drinking men who CAN quit without medical help, and even the one who will quit better to take the NEAL TREATMENT and save himself the torture and nerve strain he must undergo for months and perhaps years, trying to quit by only his own will power, unless he has the poison removed from his system. The NEAL TREATMENT is an antidote for this poison, neutralizing and removing it from the system, and leaves the patient just natural, just as he was before he began to tinkle and taste in learning to drink.

Try Skin Absorption Instead of Cosmetics

(From the Woman Millant.) The constant use of rouge and powder irritates a coarsened, roughened condition of the skin, eruptions, enlarged pores and wrinkles. If you've learned this from experience, suppose you quit cosmetics and try what I recommend. Ask your druggist for an ounce of ordinary mercurized wax and begin using this tonight. Apply like cold cream, washing off in the morning. Keep this up for a week or two. The wax will literally absorb the coarse, colorless or bleached skin, but so gradually as not to disarrange your skin at all. Just as gradually the clear, velvety, naturally-tinted under-skin comes to the surface. And mercurized wax becomes your everlasting friend. For those wrinkles and large pores, make a face bath by dissolving an ounce of powdered salolite in a half-pint witch hazel. This has remarkable astringent and tonic properties, and beneficial results come quickly.—Adv.

A HARMLESS WAY TO DARKEN THE HAIR

Who does not know the value of Sage and Sulphur for keeping the hair dark, soft and glossy and in good condition? As a matter of fact Sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably there is no better remedy for hair and scalp troubles, especially premature grayness, than Sage and Sulphur, if properly prepared. The Wyeth Chemical Company of New York put out an ideal preparation of this kind, called Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for keeping the hair and scalp in clean, healthy condition. If your hair is losing its color or constantly coming out, or if you are troubled with dandruff or dry, itchy scalp, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, use it according to the simple directions, and see what a difference a few days' treatment will make in the appearance of your hair. All druggists sell it under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent, Sherman & McConnell Drug Co.
