

STATE FINANCES PICKING UP

More Money in the Treasury Than for Some Time Past.

CAR OF GRANITE IS LOCATED

Stone for the Lincoln Monument is Located in Kansas City—Employers of Pen Discharged Because of Fight.

LINCOLN, Neb., June 16.—(Special.)—That the finances of the state are picking up is evidenced by the fact that at the close of business Saturday, the treasury was \$12,000 to the good as compared with \$15,000 the Saturday preceding and a month ago several thousand to the bad. The month of May and thus far in June the county treasurers of the state have been sending in their remittances and in consequence the state treasury is booming up on the right side of the ledger.

Car of Stone Found. At last the lost is found. The last car of stone for the Lincoln monument has been found in Kansas City. Work has been delayed several weeks on account of the non-arrival of this identical car, and while it would seem to be pretty hard work to lose track of a carload of big granite, such is the fact and for more than two weeks the railway companies have been trying to locate the big blocks of stone, which left Quincy, Mass., weeks ago.

The controversy which was recently started over the publication by a Lincoln paper of an article claiming that the granite was not good stone, has not created very great alarm. Treasurer George, who is a native of Massachusetts and was born and reared near the Quincy quarries, where the stone came from and has seen lots of it, says that the stone is all right. He further says that he never saw anything which came from Massachusetts, but what was all right. In this statement he is backed up by two or three other native sons and daughters of the old Bay State, who are holding down jobs in the state house.

Fight at the Pen. W. G. Cloyd, a penitentiary guard and Night Engineer Frye, of the same institution were discharged by Warden Melick Saturday, on account of a fight which they had indulged in at the home of the latter the night before. It is asserted that both men were drunk. Cloyd was arrested by the Lincoln police and later fined by Police Judge Fullerton.

Higher Rate Granted.

The Burlington has received permission from the railway commission to make the higher Sioux City, Fremont, Omaha, Lincoln and Grand Island rates between points west of the Missouri river named in items 965a, 965a and 965a, supplement 19 to tariff 990a, applying to all commodities named in such tariffs, instead of being restricted to the ten classes and enclaves movable. This change will result in some reduction by reason of extending the tariff to all commodities.

Swift Labels Laid.

The Swift company has consented to label its lard and butter packages in accordance with the wishes of Food Commissioner Hansen. The company has been using a small rubber stamp which at times was unreadable, but now prints the net weight in large letters on all its lard and butter.

Articles of Incorporation of the German Investment company have been filed with the secretary of state by Fred Whitmore, William Seelenfreund and F. B. Sidles. The company has a paid up capital stock of \$500.

Irrigation Right Denied.

The board of irrigation has denied the right of J. H. Kersbrook of Columbus to use the waters of the west fork of the Blue river for irrigation purposes on the grounds that he had abandoned and not used his right to the water for more than ten years.

Justice Fawcett of the supreme court and Auditor Barton delivered addresses at the flag day exercises in Lincoln.

Shesley May Escape.

Charles G. Shesley, a former resident of Lincoln and a contractor well known over the state, who recently pleaded guilty to the charge of bribing a county commissioner at Greeley, Colo., and was sentenced to pay a heavy fine and also serve one year in the penitentiary, has appealed his case to the supreme court of Colorado on the grounds that it is not a crime to bribe a county commissioner, and may escape, as the Colorado law makes it a crime to bribe a ministerial or judicial officer and says nothing about an executive officer, under which class county commissioners come.

On to Chicago.

"On to Chicago" will be the slogan tomorrow and for several days the state house will be left to the people who work for a living. There will be no especially designated "official train" and the travel will be divided between the Burlington and the Rock Island. Governor Aldrich and Tom Benton will lead the forces which will go over the Burlington, while some of the delegates will travel over the Rock Island. Among the occupants of the state house who will leave or have already gone are: Governor Aldrich,

His Only Chance of Seeing the Show

From the Minneapolis Journal.

Secretary of State Watt, Auditor Barton, Food Commissioner Hansen, Adjutant General Phelps, E. G. Magz, Henry Lindsay and several others who would not own up to it. Treasurer George, who expected to go, has given up the idea, as he has purchased a residence and it will be moving day for him Monday.

Randall Distributes Cards.

State Fire Commissioner Randall has just received at his office 20,000 cards for distribution over the state. These cards contain matter which will tend to educate the people of the state along the lines of preventing fires by proper precautions. Each card contains a picture of the fire commissioner fixed up in such a manner that it resembles a postage stamp which could easily be taken for such with the picture of George Washington upon them. "An ounce of prevention is worth a ton of cure," said the commissioner in his emphatic way, "and if I can have my way there will be such a system that fires will be very few in the future."

Love for Third Man.

Nebraska delegates have received from Victor Rosowater notice that the delegation will meet at the La Salle hotel in Chicago for the purpose of organization; name a chairman, select those they want for the different committees and receive their badges and other things necessary. Don Love, mentioned for the position of chairman of the delegation, denied that he favored the selection of a third candidate, but would vote for Rosowater first, last and all the time. Governor Aldrich, it is said, now believes that a compromise candidate is the real solution of the matter from the standpoint of future success at the polls.

Currie Not Optimistic.

F. M. Currie, who was secretary of the Taft committee during the primary fight here in the state, was in the city today and is still a strong advocate of the nomination of President Taft and believes that he will win out. "If nominated," said Mr. Currie, "he may not be elected, for the reason that when patriots of the Cummins-Murdock-Bristow-Norris stripe start in to discredit the republican party and Roosevelt joins the hammer brigade, what chance is there for republican success with any candidate?"

Golden Wedding at Weeping Water.

WEeping Water, Neb., June 16.—(Special.)—Mr. and Mrs. James Colbert of this city, celebrated their golden wedding anniversary Saturday. About 200 guests called during the afternoon and evening, and the mails brought many letters of congratulation. Mr. Colbert was born in England, and married in

Nebraska City Seeks to Oust the Speed Association

NEBRASKA CITY, June 16.—(Special.)—City Attorney Moran has, in behalf of the newly elected city commissioners, begun action against the Nebraska City Fair and Speed association to oust them from the new city park, which they have had and maintained a track thereon since the park was purchased some years ago, with money raised by the city and citizens. The park was purchased with an understanding that there was to be a race track thereon and a portion of the park maintained by this association in consideration of a tract of ground which they owned, but turned over to the city. The suit was a surprise to all and Commissioner R. E. Hawley, who is in charge of the parks. The association will reply they held under an ordinance, passed at that time and never since repealed. It will be a bitter fight between the city and the association, with all of the business men as members of the association.

Notes from Central City and Merrick County

CENTRAL CITY, Neb., June 16.—Judge Thomas held an equity session of the district court in this city the latter part of the week and disposed of many matters. The suit of Earl Henry Larcom against Earl McFarquie et al. was settled out of court by the payment of \$1,000 by the defendant. The suit of Bert M. Hall vs. Henning Hallin, in which there were allegations of fraud in a trade of land for a stock of goods, was settled by the agreement of the parties. Judge Sullivan of Omaha was assisting local attorneys for the plaintiff, and John E. Breen of Omaha appeared for the defense. The Chapman road case was put over on account of a motion to join the Union Pacific as one of the parties in the suit. It cannot be tried now before fall, which means that the road along the south side of the Union Pacific right of way, west of Chapman to the county line cannot be built this year, if at all.

The marriage of Attorney W. E. Hill and Miss Alice Coleman of this city occurred at the Joyce home on the College section yesterday afternoon. After the ceremony the young people went in an automobile to the home of the groom's parents at Horville, and later departed for their new home at Gandy, Neb., where Mr. Hill will engage in the practice of law.

Misses Edith and Blanche Stillinger, victims of the gruesome tragedy at Vallicia, Iowa, were the nieces of M. L. Hastings and John Hastings of this city. Upon receipt of the news, the Messrs. Hastings departed for the scene of the murder.

News has been received by relatives here this week of the marriage of Miss Merle Martin, formerly of this place, to Mr. Roscoe C. Bolton of Alexandria, La. During her residence here, the bride was a student at Nebraska Central college.

The Board of Supervisors of Merrick county have asked the state engineer for an estimate on the cost of various sorts of bridges across the Platte river, and have sought his advice as to the feasibility of damming part of the river to shorten the length of the bridges. The bridge question is a great proposition in Merrick county, for the expense to be incurred will not be light.

CLEVERER ARRESTED UPON FORGERY CHARGE

FREMONT, Neb., June 16.—(Special.)—C. Cleverer was arrested yesterday afternoon at the First National bank while attempting to cash a check purporting to be signed by K. Nelson, a rural free delivery carrier. A few days before the same bank had cashed a check of \$3.50 for him purporting to be signed by J. A. Ten Bruck, which the latter declared a forgery, so that when he came into the bank just before closing yesterday afternoon the officers detained him until the police were called.

Cleverer came here from Grand Island a few months ago and started a clothes cleaning office, also taking orders for an eastern house for tailor made clothing. On the first of the month he moved out, leaving a goodly number of creditors to wonder where he was. His check peculations will not amount to more than \$75, probably considerably less.

OMAHA RAILROAD MEN WIN GAME AT BURLINGTON

BURLINGTON, Ia., June 16.—(Special Telegram.)—Freight clerks in the general offices of the Burlington system at Chicago and Omaha met here today and played a lively game of ball, resulting in a score of 6 to 4 in favor of Omaha.

ESPERANTO TO AID RELIGION

(Continued from First Page.)

of West Point, whose topic was "Tenth Legion." Musical numbers were rendered as follows: Contralto solo, Mrs. W. H. Griffith; vocal duet, Hazel Grayson, and Hiram Sallsbury; soprano solo, Miss Luella Peterson.

At the business meeting following the program the following officers were elected: F. Ralston Moore of Schuyler, president; C. W. Anderson of Irvington, vice president; Miss Nona Zentmyer of Omaha, secretary-treasurer.

ENDEAVORERS HOLD SESSION

Meeting to be held today at the North Presbyterian Church. Rev. Fred G. Paton, Presbyterian missionary from New Hebrides Island, delivered an address on "Mission Work" at the second annual convention of District No. 2 of the Nebraska Christian Endeavor union last evening at the North Presbyterian church, Twenty-fourth and Wirt streets. All meetings today will be held at this church.

So far a total of fifty delegates from Washington, Sarpy, Douglas, Dodge, Saunders and Colfax counties have registered in attendance at the convention. Many members of local Christian Endeavor unions are also attending the meetings.

Glenn Kennedy of Blair spoke upon the "Quiet Hour" in Christian Endeavor work yesterday morning. "Every staunch member of the union should devote at least fifteen minutes each day in religious study or consecration," said Mr. Kennedy. "This time should be set aside in the morning or at noon. If it is left until the last thing in the evening the body and mind of the individual is fatigued and the benefit derived is not so thorough."

Rev. Charles S. Lang of Blair spoke on the need of greater efficiency among the young people who are engaged in

Christian Endeavor work throughout the state. Miss Grace Hooper of Crete announced the offer of the expenses of a trip to Los Angeles and return for the International Christian Endeavor union convention next month by the Nebraska organization of the union. This trip will be afforded "the young man or woman who shows the best record in religious activities of the union for work this year."

A business meeting concluded the morning's program. The nominating committee submitted the following for officers for the coming year: President, F. Ralston Moore of Schuyler; vice president, C. W. Anderson of Irvington; secretary-treasurer, Miss Grace Hooper of Crete.

An interesting address on "Mission Work" was given in the evening by Rev. Fred G. Paton, Presbyterian missionary to the New Hebrides islands. Rev. Mr. Paton related several little incidents of religious work among the natives of New Hebrides and also touched upon the importance of foreign mission affairs in all corners of the earth.

The program was opened with vesper services conducted by Rev. H. J. Kirschstein of Omaha.

Rev. M. O. McLaughlin of Omaha spoke on "The Endeavor Field," touching upon the possibilities open to the young men and women who are engaged in Christian Endeavor work.

A quartet selection by Miss Gertrude Aiken, Miss Luella Miller, Lynn Sackett and Willard Slabaugh and a solo by Dr. A. E. Van Fleet were the musical numbers.

FUNERAL OF M. D. WELCH WAS HELD YESTERDAY

Funeral services for Merrit D. Welch, managing director of the Omaha Cooperative company, were held yesterday afternoon at the family residence, 1140 South Thirty-eighth avenue. The services were private and interment was in Forest Lawn cemetery. Rev. Ed H. Jenks, pastor of the First Presbyterian church, officiated. Mr. Welch had lived in Omaha for thirteen years and was 70 years of age. He is survived by a widow and two children.

DURUM WHEAT A Most Valuable Food

The original Durum wheat was grown on the banks of the Black Sea, and because of its richness in gluten has always been used by the Italians for the making of macaroni. The U. S. Agricultural Department imported some of the best specimens of this Durum wheat and tested it out. When they found the right soil and climatic conditions they produced the finest Durum wheat in the world.

From this wheat, so rich in nourishing elements, Faust Macaroni is made. For this reason Faust Macaroni is the most nutritious food of all—and best of all, it contains that nourishment in the most easily digested form. It is all food, good food without waste.

Use more Faust Macaroni and cut your butcher bills in half—and be better fed, too. All good dealers sell Faust Macaroni—5c and 10c packages. Write for our free Book of Recipes. MAULL BROS. 1821 St. Louis Avenue, St. Louis, Mo.
