Wheat Harvest Promise in Kansas and Nebraska is Improved

TRADE IN CORN HOLDING BACK Scason So Far Has Been Very Back ward, with Little or No Foreing Weather and Little Progress is Reported.

OMAHA, June 17, 1912.

All reports on harvest promise for both Kansas and Nebraska winter wheat both Kansas and Nebraska winter wheat crops are considerably improved.

New wheat is beginning to move from Oklahoma and harvesting has commenced in Missourl and Kansas and conditions in the northwest are as near perfect as possible. The general news and feeling to bearish for the time being and the only hope bulls have is that sellers will overdo and be forced to cover.

The general trade in corn is waiting to see what the new crop will be. The sea-

see what the new crop will be. The season so far has been very backward, little or no real forcing weather, so the crop has made little progress as yet. These conditions may make accidents from heat and dry weather more probable during the support months.

and dry weather more probable during the summer months.

Wheat opened nervous and values changed rapidly higher and lower. The market ranged narrow, however, and cosed slightly higher. Cash wheat was inchanged to 1/2 lower.

Corn values broke sharply after the opening, and selling was general on the increase in the visible supply and heavy receipts. Cash corn was 1/2/2/2 lower.

Primary wheat receipts were 488,000 bu. and shipments were 272,000 bu., against receipts last year of 570,000 bu. and shipments of 258,000 bu.

receipts last year of 510,000 bu. and simplements of 258,000 bu.

Primary corn receipts were 1,065,000 bu. and shipments were 848,000 bu., against receipts last year of 1,063,000 bu. and shipments of 532,000 bu.

Clearnces were none of corn, 160,000 bu. of oats and wheat and flour equal to 855,000 bu.

Fentures of the Trading and Closing Prices on Board of Trade.

GHICAGO, June 17.—Assertions that the weather was too cold northwest and too damp southwest, helped today to advance them to the strong, 18% of the strong of

damp southwest, helped today to advance wheat. The market closed strong, \$42%c above Saturday night. Latest trading left corn unchanged to %c down, oats varying from the final figures of last week to \$42%c off, and provisions irregular, strung out from 7%gloc decline to be increase.

Wheat quotations at one time suffered a sharp setback owing to reports of astonishing crop improvement in Kansas and because of rumors of large sales of new wheat from Oklahoma to arrive here the first half of next month. Denial of the Oklahoma stories, however, brought about a quick renewal of buying, but offerings were small. September fluctuated from \$1.03%(21.0%), with last sales %2%c higher at \$1.04%(21.0%), with last sales %2%c higher at \$1.04%(21.0%), with last sales %2%c closing firm at 71%c, precisely Saturday night's level. No. 2 yellow was quoted at 74074%c.

OATS—The late upturn in other grain affected oats, but previously the market declined owing to liquidation in July. September ranged from 40%(20%c to 40%c, with the close 40%c, the same as Saturday.

After provisions had weakened owing

After provisions had weakened owing o a large increase in the stocks of pork and lard here, packers gave the market support. In the end nevertheless pork was less expensive. The rest of the list finished dearer a shade to 5c.

Representative sales:

HOGS-Prices in the hog market took another drop today, the decline being due directly to large receipts at Chicago. All advices from that point were decidedly bearish and local buyers were unanimous in their efforts to put up droves at cheaper cost. The trade opened 5@10c lower but the demand at these levels was very narrow and business in bulk was transacted at figures mostly a dome off. Receipts were estimated at a modest 5,000 head, but the size of supply had no apparent influence upon the market activity, and movement was rather quiet from start to finish. The yards were not completely cleared until after 10:30 o'clock. Shippers and speculators held only a few limited orders, their total purchases amounting to less than 10 per cent of the zun.

second District Convention Ends Its Labors by Determining on a Personal Campaign for the Coming Year.

"Greater efficiency in carrying on religious activities and the daily observance and-miss figures, but prices ruled gen-erally steady and trading covered most of the morning before pens were completely cleared. Strictly choice fed lambs, minus of the 'quiet hour' " will be the slogan of Christian Endeavor societies of the second district of Nebraska during the next fleece, were apparently in pretty good demand around \$7.65, with spring lambs selling at \$8 and less. There were no well-finished sheep on sale. Business in feeders was a little larger twelve months. This slogan was adopted at the final meeting of the Second District Christian Endeavor convention, held at the North Presbyterian church last

Every pledged Endeavorer will be asked o observe the "quiet hour" each day. This "quiet hour" will take up fifteen minutes daily in some religious observance, either in prayer or in reading some Bible topic. It is suggested that this duty be observed early in the morning. Rev. F. T. Rouse of the First Congregational church delivered the convention sermon last evening, his topic being "The

the evening's session. The date and place of next year's convention was not decided upon.

In closing the convention, F. Ralston Moore of Schuyler, president, thanked ing at 250 East Sixty-seventh street, the local Endeavor societies for their reception and entertainment of the visiting delegates. A sunrise prayer meeting was conducted at 7 o'clock yesterday morning at the

North Presbyterian church by F. E. Gosselin of Omaha. At the church in the afternoon a fifteen-minute song service led by Miss Nona Zentmyer of Omaha was held, after which Miss Grace Hooper of Crete explained the importance of the "junior hour" in Endeavor work. All present then took part in a "general question box" session.
