seventy or eighty delegates claimed by Colonel Roosevelt, he adopted. In thus submitting the matter of the debated seats to the convention en bloc, none of the delegates affected by the contest would vote on the question and the Roosevelt men believe that such a poll would give them the upper hand in the organization of the convention.

Rosewater Is Storm Center.

Victor Rosewater of Nebraska, chairman of the national committee, became the storm center of this phase of the fight as soon as the plans of the Roosevelt leaders were perfected last night. In his capacity as chairman, Mr. Rosewater will call the convention to order and will decide whether to entertain or refuse the motion of the Roosevelt men to consider a second list of delegates.

ROOSEVELT HOLDS RECEPTION

Strenuous Work Is Too Much for the Colonel.

CHICAGO, June 17.—Colonel Roosevelt's reception to the Roosevelt delegates and alternates today was the most strenuous he has gone through since he reached Chicago. Several times before the apparently endless string of enthusiasts had passed him, he cried out: "Not another man; not another man." Once the colonel broke out of the reception line, in which he was surrounded by policemen and special guards, and started across the room toward one of the side doors.

TAFT VETOS THE ARMY BILL

President Objects to Section Retiring General Wood.

NOT TIME TO MAKE CHANGE

Executive Says It Would Interfere with Plans in Hand and Takes Exception to All Rider Legislation.

WASHINGTON, June 17.—The president today vetoed the army appropriation bill. He returned the bill to congress with a message indicating his disapproval of the legislative provision which would oust Major General Leonard Wood from the office of chief of staff March 4 next.

In his message the president said: "The army of the United States is far too vital an institution to the people of this country to be made the victim of a hasty or imperfect theories of legislation. As was pointed out by the chairman of the senate military committee it is well known that the war college and the general staff have been for many months engaged upon a comprehensive plan of reorganization."

"At the present time, therefore, it is especially inappropriate, in my opinion, to force upon the statute books legislation enacted without the usual deliberation and care. I cannot conscientiously surrender the responsibility in shaping such laws with which I am vested under the constitution."

"I therefore return to your honorable body without my approval the said bill." The president's flat declaration that he was opposed to the enactment of legislation as a rider on an appropriation bill was taken today as an indication that he would also veto the legislative, judicial and executive bill which carries an amendment that would abolish the commerce court.

ILLINOIS TO STAND BY CLARK

California Delegation is Enroute to the Convention at Baltimore Loaded Down with Wine and Fruit.

BALTIMORE, Md., June 17.—Two dark horse booms for the democratic presidential nomination were informally discussed here today by national committeemen. The booms were for Mayor Eugene N. Foss of New York and Governor Eugene N. Foss of Massachusetts. Whether the movement in behalf of Mayor Gaynor is being encouraged by Charles F. Murphy, leader of Tammany Hall, could not be learned here, but those directing the Wilson campaign said they had been informed that Leader Murphy was of the opinion that New York should make no choice for president until after the Chicago convention.

The movement for Governor Foss was launched by Frank Hendrick of New York, who said that the governor's name might not be taken up until the second ballot. Mr. Hendrick said that Governor Foss' platform was the immediate reduction of the tariff and reciprocity with Canada.

Illinois Comes Sunday.

National Committeeman Sullivan of Illinois, said he had not heard that the Illinois delegates were trying to secure the vice presidency for Illinois. "We have a dozen or more men in Illinois capable of filling the position," said Mr. Sullivan, who added that the Illinois delegates and their friends would come here next Sunday on a special train and caucus Monday.

Regarding the repeated reports that the New York, Indiana and Illinois delegations would unite to make the nomination, Mr. Sullivan remarked in the presence of other committeemen today: "Illinois delegates will vote as a unit and continue to vote throughout the convention. We are for Clark."

"Will you vote for Clark after the first ballot?"

"I may be dead then, and I'm not going to tell what we will do," answered Mr. Sullivan.

Secretary Woodson received word today that some contests would be filed from Rhode Island. The notification gave no details.

Hideous War of Classes Predicted

CLEVELAND, O., June 17.—Prevailing methods of industrial distribution will result in hideous war of the classes in America.

Young girls of today are merely careless children without preparation for the continuance of the race and its welfare. The young have a legitimate curiosity as to the origin of life and vague explanations based on the supernatural do not gratify it.

Schools in a democracy should prepare the child for work. These were declarations made by speakers at the National Conference of Charities and Corrections today.

Among those addressing the hearers were: Louis F. Post of Chicago; Dr. Evangelina W. Young of Boston; William Wirt, superintendent of schools at Gary, Ind., and Miss Beulah E. Kennard.

The National Association for the Advancement of Colored People this afternoon went into session in conjunction with the conference.

The committee on organization has started preparing a state of officers and committees for the ensuing year. The election takes place next Wednesday.

To Keep Skin White, Velvety, Wrinkle-Free

(Aunt Sally in Woman's Realm.)
G. M. W. says: "My wrinkles are so coarse and rough I cannot wear short sleeves. What do you advise? The treatment recommended to 'Anise' will doubtless overcome this condition."
A. F. G. asks: "What should I do for a rough face and a baggy neck? Try a wash lotion made by dissolving 1 oz. powdered muslin in 8 pint witch hazel. This is immediately effective in any wrinkled or flabby condition. Use daily for awhile and results will surprise you."
Anise: A simply way to keep your skin smooth, soft and white is to apply ordinary muscolized wax before retiring, washing it off in the morning. This keeps the face free from the particles of lifeless cuticle which constantly appear. The wax absorbs these worn-out particles, so the younger, fresher, healthier skin is always in view. An ounce of muscolized wax may be had at small cost at any drug store. Use like cold cream. Ad.
