to the day's expected hostilities all three shook hands and retired to their corners. Governor Hadley and Watson arranged for an equal division of the three hours'

debate that was to be allowed on the Roosevelt proposition to substitute a roll containing ninety-two Roosevelt delegates in place of ninety-two Taft followers seated by the national committee.

Before calling the convention to order Chairman Root and the other officers of the convention posed for a series of pictures. This helped to delay matters several minutes beyond the scheduled hour. 11 o'clock. At that time many delegates' yeats still were vacant.

Called to Order.

Chairman Root finally pounded the table with his gavel at 11:15 and ordered the sergeant-st-arms to clear the aisles. A swarm of delegates and alternates wan-

greeted this statement. The recital of what Mr. Dovell said was "the facts" as to Washington aroused the ire of Roosevelt delegates. He was interrupted with groans from the Roose velt forces when he said:

"When it was discovered the night before the state convention that the Taft forces were in control the adherents of Mr. Roosevelt declined to come to the convention because they knew they were beaten."

The clerk, for the information of the convention, then read the list of delegates which the Hadley motion would strike from the roll, and the list of those it would seat.

When the announcement was concluded Henry J. Allen of Kansas was presented to speak in support of the Hadley motion. The chair answered that he had been allotted twenty minutes.

Mr. Allen discussed the Washington cases, denouncing W. T. Dovell's statement as "flimsy."

Allen frequently was cheered by the Roosevelt delegates and laughed at by the Taft adherents and despite the occasional discourtesy to speakers, it was apparent the temper of the delegates was much better than it was yesterday. The tension seemed to have relaxed everywhere.

Allen Becomes Dsturbed. After being interrupted several times Allen shouted. "You haven't got anything until this convention is over; then the Lord only knows what you've got." "Are you going to ablde by the decision of this convention?" cried a delegate

When Georgian was reached the first change from yesterday's vote was noted. Yesterday Georgia gave Senator Root 22 and today voted 24 ayes to 4 noes. Illinois showed a change. Yesterday it divided, 48 to 9 on the temporary chairmanship, favoring the Roosevelt candidate. Today it divided 51 and 7, one being absent yesterday. This was a Roosevelt gain of three, as against the Taft gain of two in Georgia.

Taft Gains One in Indiana. The Taft people gained a vote in the Indiana delegation because of an absentee, getting 20 ayes to 9 noes, as against 20 and 10 yesterday. Iowa and Kansas showed no change. Kentcky, 23 to 3 yesterday for the Taft chairman, went 24 to 2 today.

The Maryland delegation split 8 to 8 yesterday, today stood 9 to 7 against the Taft proposition, but Michigan, 19 to 10 for the Taft forces yesterday, was 30 to 10 today.

Senator Root announced the unfinished business of the day-the motion of Watson that the convention proceed to the appointment of the regular committees and the substitute motion of Governor Hadley that the Roosevelt list of delegates be substituted for the temporary roll. He also announced the agreement to three hours' debate and asked if there was objection. There was not.

To Fight it Out.

It has been agreed in advance that there should be no parliamentary points of erder against the Roosevelt motion, the Taft forces agreeing to fight the matter out before the delegates.

As Governor Hadley advanced to the front of the stage to open the debate a round of cheers from the Roosevelt forces greeted him. When the turnult subsided Governor Hadley began an explanation of the situation confronting the convention He reviewed the events of yesterday leading up to the ruling of National Commit-'tee Chairman Rosewater which guashed the Hadley motion to purge the tempo-Tary roll.

Claim of Hadley.

"We could have met immediately and forcibly this artbitary and unparliamen-tary ruling," said Hadley, and he was roundly cheered. "We could have forcibly insisted on calling the roll on that motion, and we could have forcibly taken control. Instead we chose to wait patiently until today."

Governor Hadley did not attempt to go into the details of various contested cases, saying he would leave that to other speakers. He read the "indictment" of

The great crowds in the galleries became restless during Mr. Record's argument-it was luncheon time, and as the udiced and then took a final fling at proceedings had been exceedingly tame

Governor McGovern of Wisconsin said the "call of the lunch" appealed to him and he moved a recess until 3 p. m. "No, no," cried hundreds of voices, the motion was not put.

"If you recognize the right of the committee to pass on the right of state delegates to sit in a national convention," resumed Mr. Record, when order was resored, "you have established governa partial or packed tribunal, where the verdict is reached before the evidence s submitted."

An outbreak in the Indiana delegation followed the assertion of Record that in one district in Indianapolis the returns were made up by the officials without

even opening the ballot boxes. William E. of me." So much disorder had occurred in the galleries that Chairman Root ordered a recess until all who desired to do so could leave the building.

Delay of Fifteen Minutes.

The delay totalled fifteen minutes, and tacking the right of the contested men of the Indiana delegation to sit in the convention. In conclusion he said the party was facing the greatest crisis in

its history. "We don't want to be driven out o the party either by force or conscience,'

he said, and added: "But if we are to permit an outside body to pack this convention and to carry that packing through to a permanent nomination, the conscience of the

American people will revolt." Robert E. Morris of Arizona then spoke in defense of the Taft delegates from that state. His description of the "row"

made by the Roosevelt forces in the Arizona state convention caused much merriment. He said the Roosevelt people at the end of the convention marched ing upon their chairs and brandishing out of the hall.

"Bolted." called a voice from the floor "Yes, and we remained and passed very parliamentary move that was ecessary."

Morris was interrupted by laughter. "All that remained was parliamentary practice," he resumed amid renewed Pennsylvania delegation, Senator Root laughter.

Devine Expresses Opinion.

Morris soon concluded, the next sneake being Thomas H. Devine of Colorado, member of the Taft forces and slated for chairman of the committee on credentials. Devine sat in the sessions of the reput lican national committee as the representative of Colorado. He deslared the fourteen members of the committee had "listened" to their master's voice, and signed a statement, the contents of which they did not know.
