HOW TO FILL A VACANCY

Secretary of State Puzzled Over Problem from Thomas County.

QUESTION OF DESIGNATION

Labor Commissioner Guze Decides to Visit Lands in State Subject to Homestead Entry to Answer Questions More Fully.

(From a Staff Correspondent.)
LINCOLN, June 24.—(Special.)—Secretary of State W. E. Mowery has received a letter from V. E. Mowery of Thedford, in Thomas county, asking for information regarding the rights of a candidate nominated by petition since the primary to appear on the regular ballot, both as a petition candidate and the regular candidate of a party. The party in question since the primary has been placed in nomination by a petition circulated by friends who now wish to have him endorsed as the regular nominee of the party. The letter does not state in what way he is to become the regular nominee. It is presumed, however, that a vacancy exists and that the committee desires to fill it. The secretary of state is of the opinion that he cannot go on the ticket in the way desired, though he is as yet unable to find any authority exactly covering that point.

The board of public lands and buildings purchased a spiral fire escape for the Beatrice institution this morning at a cost of \$65.

Barton Makes Ruling.
Auditor Barton has received a letter from the insurance commissioner of Iowa regarding an agreement between the Western Union, an insurance organization, and the Western Insurance bureau, another organization of the same kind, relative to doing business in this state. Mr. Barton is of the opinion that the point in question would be an infraction of the Junkin law of the state and will take no action in the matter until he has looked the law thoroughly.

Republicans Stand Firm.

The political pilgrims who have returned from the Chicago convention are beginning to take up their usual line of work in the state house. Some of them do not care to talk about the convention very much, while others seem pretty well satisfied with the nominations made. Some have come back greatly disappointed that "Teddy" did not develop greater strength in the convention and deplore the fact that he is engineering a bolt and the formation of a new party. Most of the disappointed ones say most emphatically that they will not talk for publication, but some of them feel that a new party is not the right solution of the problem. One man who has been one of the strongest supporters that Mr. Roosevelt had in the state house says that it would be foolish to leave the republican party to form a third party. He thinks that it is only a question of time when the progressives in the party will win, but cannot do it by going outside. "I am a republican," said he, "and shall vote for President Taft. We went into the fight and lost. Four years from now there is no doubt but that we will win. If we bolt the party now, or assist in the election of a democrat it means that the democrats will gain control and it will be all the harder to put this nation under the progressive form of government. We must win the republican fight this year. It is our only hope to elect a progressive president four years from now."

Cozad Canal Case.

Argument before the railway commission was had this morning in the Cozad canal matter over the jurisdiction of the railway commission to regulate service of irrigation companies. Senator W. V. Hoagland of North Platte represented the complainants and V. A. Cook of Lexington the company.

Guze to Visit Lands.

Owing to the great interest which has been awakened on account of the publication of an article regarding the large acreage of land subject to homestead entry, Labor Commissioner Guze has decided to visit these lands personally and for the edification of those interested makes the following statement:

"Owing to the hundreds of letters received requesting information concerning the lands subject to homestead in Nebraska," says Labor Commissioner Louis V. Guze, "I find that I am unable to answer the many queries intelligently unless I have first looked the land over, which I intend going within the next few days. After having gone over the land I shall then answer all correspondence so that in this manner every questioner will get the same information at the same time."

"Many are making inquiry concerning the location of the small tracts of Douglas, Burt, Cuming, Howard, Knox, Madison, Hall and Boone counties. I am not in possession of the information concerning such tracts and I am informed that the land offices are not in possession of the exact location of such tracts, a survey being necessary as a means of locating the same."

"The law recently signed by the president reduces the term of actual settlement from five to three years' residence, allowing five months' absence in each year. It is not possible to commute under this law."

"I shall leave Lincoln on Tuesday morning for a ten days' trip over this section of our state. All correspondents will receive a full and complete reply to their inquiries upon my return."

STANTON COUNTY VOTES ON BOND ISSUE TODAY

STANTON, Neb., June 24.—(Special.)—A special election will be held in Stanton county at the usual places of voting today. The purpose of the election is to see whether Stanton county should or should not issue bonds amounting to \$50,000 for the purpose of purchasing material for the building, furnishing and completing a new court house and jail building on the same premises the present buildings are located.

The present court house in Stanton county is in a dilapidated condition and unsafe for the officers. It does not contain sufficient vault space and does not afford protection to the records of the county which are stored therein in case of fire or theft. They are in such a poor condition that they endanger the title of each and every tract of real estate in the county.

Should the bonds carry the building will at once be started, which will be \$20x65, three full stories above the grade, in modern renaissance style of architecture and fireproof throughout. All record rooms will be equipped with required enameled steel cases. The build-

Nebraska.

ing will be heated by an independent steam heating plant and everything will be equipped modern and sanitary.

Some of the voters of the county think that their taxes will be raised considerably should the bonds carry. A 1-mill levy will be levied.

Governor Refuses to Grant Extradition

(From a Staff Correspondent.)

LINCOLN, June 24.—(Special Telegram.)—R. H. Robinson, the Pittsburgh detective who has been in Lincoln several days waiting for Governor Aldrich to grant his application for extradition for the return of Salton Schonbroon, now in Omaha, to Pittsburgh, on a charge of obtaining money under false pretenses, returned today without his man, Governor Aldrich refusing to grant the paper, as nothing was shown in the hearing to indicate that the prisoner who had been in jail over two weeks in Omaha had committed any crime.

Attorney Ringer appeared on behalf of the prisoner. Schonbroon had sold an interest in an invention of his own to a Pittsburgh man, who had neglected to file the paper with the patent department in Washington, and when he discovered that the records did not show he had an interest, became frightened, and as Schonbroon had left the city to go to Omaha, where a new baby had been born to him, the man at once got busy and the detective was sent to arrest him.

Schonbroon has been employed in the Union Pacific shops in Omaha over five years.

TECUMSEH PUSHING PROTEST AGAINST RAISE IN RATES

TECUMSEH, Neb., June 24.—(Special.)—The protest of the proposed raise in telephone rates in Johnson county will be carried to the close. A mass meeting of citizens, both of town and county, was held at the court house last evening and was well attended. It was decided to have the same committees from each of the towns of the county which have the matter up with the railway commission go before the managers of the Lincoln Telephone and Telegraph company, the company which bought the two plants in this county, and see if concessions will not be made. In the meantime the protests will remain before the commission. The objection to the proposed raise in rates seems to be general, and there is all sort of talk of independent companies and the like.

Thirty Drowned in Niagara River When Dock Collapses

BUFFALO, June 24.—Up to noon sixteen bodies had been recovered from the Niagara river at Eagle Park, the scene of last night's drowning tragedy and the official list of identified dead and missing reached a total of thirty. Those reported dead so far are:

- MRS. ARTHUR MAYER.
- MRS. JOHN HAYES.
- MRS. LILLIE KELLOGG.
- CELLA KELLY, 9 years old.
- MRS. AGNES S. GALLAGHER.

In the terror and confusion of the accident, families became separated and there is faint hope that some of those listed as missing may be found today. There seems little doubt however, that the list of dead will be at least twenty. George Richmeyer, who lost his wife and 10 year old son, saw them carried clear of the wreckage by the current that sweeps past the dock at the rate of ten miles an hour. He was clinging to a pile holding his infant son in his arms and could do nothing to save the other members of his family. George McKee, who also lost his wife and infant son, saw them go down in the mass of struggling people.

The section of the dock which gave away was about fifty feet in length and twenty-five feet in width. The medical examiner who examined the wreckage at dawn found that many of the broken planks were rotten and that directly beneath the collapsed portion of the structure there were no supporting piles.

Boats were sent down the river from Eagle park early today to recover the bodies. A mile below the landing there is a reef running several hundred feet out into the river, which, with a shore swing of the current forms a natural basin, and into this is believed the bodies will be carried.

The excursionists were members and friends of Court Amherst lodge, No. 233, Foresters of America, who were on their annual outing. They were taken to Eagle park on board the steamer Henry Koerber and the barge Lottie Koerber. The boats were warping into the dock to take on passengers for the return trip when the crowd began to gather on the dock.

FEUD OVER LIQUOR TRAFFIC CAUSES DOUBLE SHOOTING

MAYFIELD, Ky., June 24.—After Rufus Blittington shot and killed Alvin Wheeler, a tobacco planter of Veasburg, near here today, Wheeler's son shot Blittington. Blittington, despite his wounds, escaped. Wheeler and Blittington had been at odds since Wheeler attempted to check the liquor traffic in this part of the state.

HYMENEAL

Hicklin-Jones.
FALLS CITY, Neb., June 24.—(Special.)—Miss Nora Jones and Wallace Hicklin were married at the German Lutheran parsonage by Rev. Gursche. The bride is a daughter of Mr. and Mrs. Dick Jones of this city. Mr. Hicklin is a member of the Falls City Mink league ball team. He and his bride will make their home in Falls City during the base ball season.

Falvey-McKinney.
Miss Pearl McKinney and Mr. Edward E. Falvey were married by Rev. Charles W. Savidge at his residence Saturday evening at 6. They were accompanied by the bride's father, Charles P. Bam-bush; the groom's brother, A. W. Falvey, and Mrs. Elsie Falvey.

Becker-Bowman.
Miss Anna Bowman, daughter of Thomas Bowman, and Mr. Marlon Becker were married by Rev. Charles W. Savidge at his residence Saturday evening at 10.

Take Warning.

REPUBLICANS STAY REGULAR

No Disposition Manifested in Iowa to Go to New Party.

VERY FEW MEN WILL BOLT

Northwestern Railroad Seeks \$3,000 Judgment Against Boone County as Indemnity for Drainage District.

(From a Staff Correspondent.)

DES MOINES, June 24.—(Special Telegram.)—A local newspaper has gathered from republicans who have returned from Chicago many expressions as to the outcome of the national convention and practically all of them indicate that the ticket will be supported by leading men. In only a few instances do the men indicate they would like to consider the matter. Nearly all state officers and candidates for office indicate that they will remain regular.

Road Gets Judgment.

Judge McPeterson of the United States district court gave the Chicago & Northwestern Railway company a judgment of \$3,000 and costs against Boone county as indemnity in the establishment of a drainage district. The board of supervisors of Boone county allowed the railway company \$1,666.43 damages in a suit demanding \$12,700, and no more. The Chicago & Northwestern appealed after the supervisors overruled the road's objections to the federal court, waiving a jury and trying the case before the court.

Iowa Veterans Gather.

Arrangements were completed today for a great gathering of the Iowa war veterans in semi-annual reunion of the war to be held in this city next June. The plan is to secure attendance of all veterans who enlisted from Iowa and to bring thousands of them back to the state for this occasion.

Sulzbergers Lease Packing Plant at Fort Dodge

FORT DODGE, Ia., June 24.—(Special.)—Sulzberger & Sons, a company of prominent packers of the United States, have leased for one year, with an option to buy, the Corn Belt Packing company plant at Fort Dodge. The lease is for \$5,000. That they intend to exercise their purchase option is considered by many certain, because they have agreed to keep in perfect repair during the time of the lease the property of the Corn Belt company.

The company will begin operating July 1 and will slaughter 2,000 hogs a week during the summer and 3,000 in winter, from the start. When they buy they will begin at once to enlarge the plant to a half-million-dollar property, which will employ between 300 and 400 men. Representatives of the company today declared they intend the plant shall be second to none in Iowa.

The Corn Belt Packing company shut down last April after operating just one year. It was handicapped by lack of capital with which to compete with bigger firms at cash prices. Their products were always disposed of rapidly, but they could not handle cash purchases. Two successive fires, coming when the plant was practically completed and destroying it entirely, depleted the company funds and delayed operation for over a year.

House Has Fun Over Political Situation

WASHINGTON, June 24.—The house enjoyed itself today over the situation in which the republican party finds itself because of the Chicago convention. Representative Philip Campbell of Kansas started it by having read a letter written by Roosevelt in 1908 extolling the virtues of Taft.

Republican applause greeted the phrases containing fulsome praise for Taft. Democrats laughed uproariously.

COLUMBUS WINS LONG GAME

Indianapolis Weakens in the Thirtieth Inning.

FINAL SCORE SEVEN TO THREE

Locals Do Only Scoring in Fourth, When Get to Cooper for Three Runs—Kimball Pitches Steady Ball.

COLUMBUS, took today's game, 7 to 3, when Indianapolis weakened in the thirtieth inning and allowed the visitors four runs. The locals did their only scoring in the fourth, when they got to Cooper for three runs. Kimball pitched steady ball until the thirtieth. Score:

MEXICAN REBELS SHOOT FORTY FEDERAL SOLDIERS

EL PASO, June 24.—Word was received here today at Velardena, Mexico, forty federal volunteers captured by General Campa, the rebel leader, were executed in small squads. Rebel officers vied with each other for the privilege of conducting these executions. One of the pitiable sights was the killing of a federal volunteer about 66 years old by a rebel soldier hardly out of his teens.

Seventeen Americans in Velardena, fifty miles west of Torreon, Mexico, recently were lined up against a barn while a half dozen drink crazed brigands threatened summary execution unless \$1,000,000 ransom was forthcoming. The "rebels" halted their threats when \$5,000 in gold was paid them. The story was told by a party of witnesses here today.

NEW YORK WOMAN IS DROWNED IN COLORADO

DENVER, Colo., June 24.—Miss Cadence Wheeler, 32 years old, who came here from New York and was said to be wealthy, was drowned yesterday in Bowles' lake, near Littleton. Soon after arriving at the lake in a motor party, she declared her intention "to catch a fish all by herself." She rowed to the center of the lake and in attempting to recover an oar, toppled into the water. Her body has not been found.

Family Tastes

Bob wants this dish; Sister that; Mother has her preference; and Dad plays his favorite, usually. The housewife who desires to please the whole family should try the new food,
