Council Bluffs

PARK TO HAVE BIG FOURTH

Dr. Buxton Invited to Deliver Annual Address.

GRAND FIREWORKS PROGRAM

Park Commissioner Graham Has Arranged for Display that Will Take Two Hours to Send Off.

Mayor Maloney, Park Commissioner Graham, the Commercial club and the Retail Merchants' association have joined in the effort to have an old-fashioned Fourth of July celebration in Council Bluffs this year. The merchants have all agreed to close all their places of business during the entire day and contribute most liberally toward defraying the expenses by using a part of the funds heretofore wasted on the now tabooed "fake" advertising. Groceries, markets and other provision stores will be kept open late Wednesday evening for the purpose of accommodating late shoppers, but when the doors are once snut they will remain closed until Friday morning.

Fairmount park will be the center of the more elaborate ceremonies and the point where the program will be carried out during the afternoon and evening This will include a band concert through out the afternoon and at least one patriotic address. The decision was reached last evening to invite Dr. Buxton, the new rector of St. Paul's church, to deliver the principal address. His impromptu Memorial day address so greatly pleased those who heard it and it came apparently so easy that the committee in charge of the program's preparation felt that it would not be placing Dr. Buxton at a great disadvantage by inviting him upon such short notice again to please the multitude.

Fine Fireworks. In the evening Park Commissioner Graham has promised the finest pyrotechnic display that has yet been provided by the commissioners. A larger amount of money has been expended and the purchases made at wholesale earlier than usual in the season. The supply is sufficiently large to require about two hours to display. Greater encouragement than usual is to be given family gatherings and picnics in the park during the day and evening. There are hundreds of pleasant and secluded nooks in the big park where such gatherings may be held. The number of such places has been greatly increased by the wider distribution of the park water system, which may now be secured on the hilltops and

There may be some changes in the program made today or Monday, but the principal events in the athletic contests are represented in this list, each winner to receive a handsome prize:

Fifty-yard race for girls under 12 years of age. Fifty-yard race for boys under 12 years of age. Fifty-yard race for young women over 16 years of age.
Fifty-yard race for young men over 16 years of age.
Fifty-yard sack race, open to the world.

Fifty-yard lean men's race. Three-legged race for boys. Ball throwing contest for girls under 18 ears of age. Broad jump for boys under 18 years of age.
Climbing the greased pole, open to all except professionals.

The following committees were appointed on arrangements and execution: Committee on Prizes-W. A. Stone, Mayor Maloney, L. L. Evans, O. B.

Mayor Maloney, L. L. Evans, O. B. Towne.

Committee in Charge of Athletic Events—R. H. Huntington, E. E. Minnick, Timothy Flood, W. C. Boyer, G. J. Harding, Frank Beebe, L. L. Evans, R. B. Wallace, B. M. Sargent, T. A. Barker, J. T. Kelley.

Committee in Charge of Program—Mayor Maloney, T. D. Metcalf, E. H. Doolittle, M. F. Rohrer, William Fisher, W. A. Stone, A. W. Huber, O. B. Towne.

Two Parties Meet Today to Ratify

political conventions in Council Bluffs today will attract momentarily from the interest in Baltimore. Republicans and democrats will meet for the purpose of ratifying the county primary nominations and filling the vacancies that were left when the votes were counted. The chief interest centers in the republican gathering, for the reason that it will have to name one of the candidates for the 1913 term of county supervisor. There should be no contest, however, for

the convention will follow the wishes of river bank at the joint expense of the a majority of the voters by ratifying the government and the company. a majority of the voters by ratifying the nomination of Elmer E. Minnick of Council Bluffs, who lacked just forty votes of having the required 35 per cent of the total vote cast. Marion Palmer of Oakland received barely 100 more votes than Minnick and thus escaped being forced into the convention. These extra votes were all of the prohibition type cast at Oakland. There were six other candidates voted for, but all fell far short of the high vote cast for Minnick, thus indicating Mr. Minnick to be much the stronger candidate. Two of the candidates, Darrington and Spencer, present members of the board, reside only eight miles apart in the north part of the county, and only a few miles from Coe, another member, thus making the Council Bluffs man geographically the strongest candidate. There are 163 votes in the convention and it is understood that Mr. Minnick has assurances that seventy of these will be cast for him on the first ballot. His defeat can only be brought about by manipulation that could easily cause a split that might defeat the repub-

The republican convention will meet in the north court room of the county court house at 11 o'clock. After organization an adjournment will be taken until afternoon. The resolutions committee is expected to report a platform that will be worth reading. There are a number of township offices that were not filled at the primary election which the convention may fill by selecting candidates. There was also no republican candidate for the office of county superintendent of schools and it is possible, but scarcely probable, that a man may be named to contest with County Superintendent Puryear for the

lican county ticket.

The democratic convention, which will meet at the same hour, will have little interest, for the reason that the demotrats named a full ticket at the primary, and will have only the perfunctory duty lo perform of ratifying the nominations. It is likely, however, that they will have tomething to do in the way of platform making that will reflect or echo the leciarations.
