

ALDRICH ABUSES PRESIDENT

Governor Alludes to Taft at Lincoln as "Yellow Dog."

SPEECH AT RELIGIOUS MEETING

Good Citizenship Gathering on State House Campus Hears Sensational Utterances From the State's Executive.

LINCOLN, June 30.—(Special Telegram.)—A meeting in the interest of the Christian citizenship movement was held by the churches of Lincoln on the state house grounds this evening.

Mr. Metcalfe spoke on the "Citizen of Yesterday," but did not allude to politics in any way.

Governor Aldrich had for his subject the "Citizen of Tomorrow," and his address was one of the sensational kind.

He began his address with a bitter denunciation of the republican national convention.

He then spoke of the two great American citizens who were the real advocates of honest methods.

He then switched back to the republican convention, and said that he proposed to tell the people of the state and nation the dishonest methods that were used there.

The address was received by the large audience with both applause and side remarks by those who evidently did not approve of the governor taking advantage of a religious meeting to make a political speech.

Another man said: "I do not like Taft and do not expect to vote for him, but I think no man in the position of the governor has any right to speak of him in the way he did."

"I wonder if Aldrich expects that such remarks will get him votes," remarked another man.

At the close of the speech the meeting was dismissed, but several people lingered and discussed the address of the governor.

Message of Bible is Interpreted for Audience of Mutes

With all the oratorical energy of an auctioneer who can pack a three-hour talk into three-quarters of an hour.

The meeting was one of the Sunday conventions and Pilgrim services held under the auspices of the International Bible Students' association.

Brother S. D. Senor, as he is announced on the program, is a traveling lecturer for the association.

His words came in salve to so thick and fast his hearers wonder that they do not stumble over one another.

Two Nebraskans Ordained Priests

The Rev. George S. Southwell of Silver Creek, deacon in the Nebraska diocese of the Episcopal church, and the Rev. Valentine H. Kaltenbach of Albion were ordained priests at 11 o'clock yesterday.

Bishop A. L. Williams officiated as eucharist and celebrant. Rev. Southwell was presented by Rev. John Albert Williams, who acted as bishop's chaplain, and Rev. Kaltenbach was presented by Rev. F. C. Taylor of Norfolk, missionary of the diocese.

Mr. Southwell was assigned to the charge of St. Mathias' church, and by virtue of the office is also chaplain of Brownell Hall, succeeding Rev. James Noble. Rev. Mr. Southwell is a graduate of Kenyon college of Ohio.

Rev. Mr. Kaltenbach was assigned to the parish and Albion and will also have charge of the rectory at Cedar Rapids.

THIRTY CENTS IN STAMPS ALL THAT BURGLAR GETS

Thirty cents in postage stamps was the haul of an enterprising night prowler from the Omaha Wood Working company's office, 1201 Marcy street.

Another Saturday evening window stunt was also reported to the police yesterday, a gold watch and fob being stolen from the home of J. E. Harmon, 1234 South Thirty-fifth avenue.

Persistent Advertising is the Road to Big Returns.

Phosphorus Fires Blaze Repeatedly Over Many Places

Quantities of the phosphorus scattered over the floors and on the walls of the plant of the Incandescent Vapor Light company's factory in Council Bluffs, where the firemen fought a nasty fire for two hours Saturday night, continued to make trouble during the remainder of the night and all day yesterday.

The inflammable stuff would blaze up in scores of places after lying dormant for several hours.

It was necessary to tear away and carry out of the building every particle of woodwork upon which there was phosphorus and to keep everything wet while the work was in progress.

Some of the men engaged in the work yesterday got the stuff on their shoes. Holes were burned in the leather and carpets in their homes were set afire where they had walked.

Beneficial Rains Fall. In many localities, there were rains Sunday and Sunday night, some of them being sufficiently heavy to be of great benefit.

Quality of Wheat Improved This Year

"While wheat throughout southwest Nebraska and nearly everywhere else in the state is going to be fully up to that of last year, so far as yield is concerned, the quality, I think, will be the best in years," said D. H. Lyman of Lexington, who spent Sunday at the Paxton.

"We will commence cutting our winter wheat during the present week," said Mr. Lyman, "and I am of the opinion that it will run from sixteen to eighteen bushels per acre, which is a little better than last year."

Another man said: "I do not like Taft and do not expect to vote for him, but I think no man in the position of the governor has any right to speak of him in the way he did."

Would-Be Sleuth Disturbs the Police

The ambition of C. W. Holmes, night clerk at the Sanford hotel, to become a detective may cause his arrest upon complaint of real sleuths, who will charge him with being a nuisance.

At 3 o'clock Sunday morning Holmes telephoned to the station that he had killed a burglar whom he had caught in the act of robbing a fruit store at Nineteenth and Farnam.

Holmes said that he had seen a man at work on the window, but when he fired the intruder fled down Farnam street and in behind the city hall.

Holmes, who is no relative to the famed detective of Doyle's fiction, has a mania for catching lawbreakers.

CROPS STEADILY IMPROVING

Summer Weather is Drawing Corn Out of Ground Like Magic.

SCATTERING RAINS REPORTED

Small Grains Are Now Being Harvested and Crops Are Said to Be in Very Good Condition.

Nebraska crops continue to hold their own regardless of the fact that during the last week there was no rain in the state where there was enough rain to lay the dust.

The Burlington's weekly report is made exhaustive, taking in all of the company's divisions west of the Missouri river.

Omaha division, 77; McCook, 69; Wymore, 79; Lincoln, 94, as compared with Omaha, 77; McCook, 69; Wymore, 78; Lincoln, 83, a week ago.

Spring grain, wheat, oats and barley, now being harvested in many localities, is reported in splendid condition.

Beneficial Rains Fall. In many localities, there were rains Sunday and Sunday night, some of them being sufficiently heavy to be of great benefit.
