

SIMPLY A WHIRLWIND!

The First Day of the Great July Sale Was a Hummer

The next day was a close second. Our confidence in the good sense of Omaha's people has not been misplaced—*nor will your confidence in Thomas Kilpatrick & Co. ever be taken advantage of—no obtaining money under false pretenses ever occurs at this store.* We owe the people of Omaha an apology—we did not secure all the expert shoe salesmen expected, but we did the best we could

GUYE RETURNS FROM TRIP

Labor Commissioner Guye returned from his trip through Cherry, Thomas, Hooker, Grant, Box Butte, Dawson and Sheridan counties, where he investigated the matter of vacant government lands open to homestead entry.

MUCH HAS BEEN TAKEN UP

Still Goodly Amount in Sand Hill Section that is Subject to Entry—Teachers Go to Chicago.

(From a Staff Correspondent.)

LINCOLN, July 2.—(Special.)—Labor Commissioner Guye returned this morning from a trip through Cherry, Thomas, Hooker, Grant, Box Butte, Dawson and Sheridan counties, where he investigated the matter of vacant government lands open to homestead entry.

He says that in visiting the land offices he discovered that about 50 per cent of the land which was open at the time of the last report has been taken up, but that there is plenty of good land left. A little later in the week he will issue a statement which will cover fully the ground regarding the vacant land.

"When one first alights from the train in the section where this land is located," said Mr. Guye, "he is struck with the idea that he would not give 15 cents for all the vacant land in that part of the country. But as one gets out and sees what is being done he is convinced that those who have settled upon this land are the ones who have solved the problem of making a living easily. They depend upon the increase in their cattle and horses for the profits on the farm. They have plenty of fine water, easily accessible, plenty of grass for feed at all seasons of the year and they seem to be in a most prosperous condition, for failure of crops does not affect them. If the general public knew the real facts in regard to homesteads on this land I do not believe very much of it would remain untaken very long."

Mr. Guye is intensely interested in seeing settlers on this vacant land, and in his letter, which he will soon publish, he hopes that those interested will take advantage of the facts in the case which will be shown therein and hasten to possess themselves of a home of their own.

Long Pine License Case.

The supreme court issued an alternative writ this morning returnable September 2, at which time the village board of Long Pine must show cause why the writ of mandamus should not be issued, to compel the village board to reconvene and cancel the liquor license issued to H. M. Descher and to set a hearing to take testimony on the remonstrance filed by Charles Lanning of that village. Lanning says in his petition to the court that William H. Westover, the only judge in and for that district, is away attending the democratic convention and nobody knows how long he will be there, and for that reason someone ought to get busy and do something. He charges Descher with selling liquor on election

Nebraska

day, before 7 o'clock a. m., and to habitual drunkards.

National Teachers Meet.
Reservations are rapidly being taken for sleeper accommodations, both Pullman and tourist, for the annual meeting of the national teachers' association which will convene in Chicago this week. The official train will leave Lincoln over the Burlington, July 5, at 4:30 in the evening, leaving Omaha at 6:30, according to information given out at the office of the state superintendent today. Prof. G. W. A. Luckey of the state university will have charge of the party. Among the principal speakers on the program is State Superintendent Deitzel of Nebraska. Prof. E. T. Fairchild of Kansas, state superintendent of the Sunflower state, is a prominent candidate for president of the association and will have the backing of the Nebraska contingent.

Capital Appointments.

Dr. James S. Pierce of Lincoln has been reappointed as a member of the State Dental Board by the governor.

The industrial school at Kearney has been without a steward for over a year and as a consequence the governor has appointed C. R. Knowles of McCook to fill the position.

About 2 per cent of the birth in Nebraska were illegitimate, according to a report issued by Dr. Wilson of the State Board of Health, covering the first six months of 1912. To be exact there were just ninety-two of the unfortunate.

The state was made richer during the month of June to the amount of \$18,385.20, collected by the secretary of state in fees from articles of incorporation there was \$5,009.10; notarial commissions, \$74; motor vehicles, \$37; brands, \$88; annual corporation permits, \$13,060.10; certified copies, \$67.

George N. Briggs, superintendent of the Philippine normal school at Manila, called at the office of the state superintendent this morning.

The board of purchase and supplies held its quarterly session in the senate chamber yesterday and made a whirlwind finish, cleaning up the entire work before night.

Lincoln Wrapped in Fog.

The statue of Abraham Lincoln has quit playing the ghost. When first placed upon its pedestal it was wrapped in a winding sheet of white, but now it stands out in bold relief wrapped in the flag of our country. There is no bandanna handkerchief visible, notwithstanding the likeness between the statue and the man with the bandanna.

Will Test Coal.

The board of purchase and supplies has decided to test all coal before it buys supply for the year. All dealers sell Pittsburgh coal, but H. B. Miles of Hastings has offered the board Cambridge coal from Wyoming in competition at a less price.

Business Change at Ragan.

RAGAN, Neb., July 2.—(Special.)—G. L. Richmond, formerly in business here, has bought out the W. E. Dunning company. The store is general merchandise and an exceptionally large stock for a town of this size.

Nebraska.

Couple at Hastings Eludes Fond Parents

HASTINGS, Neb., July 2.—(Special Telegram.)—A romance that began in Lincoln some months ago culminated yesterday in the elopement of Marshall H. Baker of this city and Miss Marguerite L. Gooden of Lincoln. Without disclosing their plans even to their most intimate friends, they slipped quietly away and were married at Aurora. The couple made their plans carefully. Mr. Baker even engaged a house and furnishing it for his bride with in a block of where Mrs. Gooden and her parents, Mr. and Mrs. W. G. Gooden were visiting as the guests of Mr. and Mrs. Harry Klein. Miss Gooden formerly lived in Hastings and was popular in younger society circles. Her parents consented to her engagement to Mr. Baker, but as he was young, they wanted the wedding delayed a year. Mr. Baker is a prominent Hastings business man representing the Colorado Fuel and Iron company.

FARMERS CHARGED WITH DESTROYING SCHOOL HOUSE

BROKEN BOW, Neb., July 2.—(Special.)—Warrants have been sworn out for Charles Hall, A. Babcock and M. C. Patton, three farmers residing north of Arnold, charging them with maliciously and unlawfully destroying a school house and removing the furniture and fixtures from the custody of the board. The alleged misdemeanor occurred in school district No. 130 and was the result of an exciting school meeting held for the purpose of deciding whether the school house should be removed to the north side of the district. Much dissatisfaction was expressed on both sides of the question and the meeting broke up in confusion. The next morning members of the board on going to the scene found the school house had been torn down and the furniture and fixtures sequestered in some place unknown to them. Treasurer C. H. Cass and Moderator G. H. Hugh came to this city and swore to the complaint before County Attorney Beal, which resulted in the warrants being issued.

Colonial Luncheon Given.

FULLERTON, Neb., July 2.—(Special.)—Three automobiles artistically decorated carried the resident members of Pawnee chapter, Daughters of the American Revolution, to Belgrade, where a colonial luncheon was tendered them by Mrs. J. S. Wolfe and two daughters, all of whom are members of the chapter at Fullerton. Another auto brought a party from Cedar Rapids. After a delicious luncheon, the regent, Mrs. Carrie Parker Bryson, opened the Daughters of the American Revolution business meeting, at which time officers for the ensuing year were elected. Miss Marguerite Cook of Omaha, Miss Hazel Hemple of Omaha and Mrs. Jennie Dietrich of Illinois were special guests.

WYMORE MEN THREATEN TO DROP TELEPHONE SERVICE

WYMORE, Neb., July 2.—(Special.)—At a mass meeting of telephone subscribers last night, sixty-four signed an agreement to discontinue renting phones if the Lincoln Telephone & Telegraph company attempted to raise the rates from those embodied in the franchise under which the New Home Telephone company did business in Wymore. The rates are as follows: Special business phone, \$2; special residence, \$1.50; two-party, \$1.25; four-party, \$1; extension phone, 50 cents. The meeting was attended by over 150. Many more telephone subscribers will sign the agreement today. The action last night was taken following a report that the Lincoln company, which recently bought the Bell, New Home and Gage County Independent systems in Wymore, had made application to the State Railway commission for permission to raise its rental rates here.

It was stated in the meeting that beginning yesterday the Lincoln company will charge but for one phone where both the old New Home and Bell are installed. Beginning yesterday the old Bell subscribers were given the benefit of the New Home country connections. Beginning yesterday the Gage County independent company discontinued free service to Odell, Liberty and Barneston, to Wymore telephone patrons.

At last night's meeting it was decided that Wymore should work with other towns in the state which are fighting a raise in telephone rates, where the Lincoln company has bought all competing companies. Frank Crawford, secretary of the Commercial club, will have charge of that end of the campaign.

NOTES FROM UPLAND AND FRANKLIN COUNTY

UPLAND, Neb., July 2.—(Special.)—The Franklin county republican central committee met in Upland today and called the county convention to be held in Hildreth, Neb., on Wednesday, July 24, at 10 a. m. Congressman Norris, Governor Aldrich and candidate for Congress S. R. Barton were invited to address the convention. Franklin county had a nice rain today. It is expected that harvest will begin on Thursday or Friday. The wheat is very patchy and great difficulty is looked for in cutting it. Some has already been cut for fodder.

Two brothers, George Seal and Abe Seal, living near Upland, have lately been developing great prowess as heavy weight presters under the instruction of Logan Champ of Hastings. Farmer Burns has arranged a match with them and undertakes to throw both of them in one hour at Upland on July 19.

NOTES FROM BEATRICE AND GAGE COUNTY

BEATRICE, Neb., July 2.—(Special.)—George S. Johnson died Sunday at the home of his daughter, Mrs. Elmer Abbott, in this city after a prolonged illness, aged 80 years. He leaves a family of three children, all grown. The body was taken to Lexington, Neb., for interment. The first meeting of the creditors of Richardson & Hurd of Fairbury was held yesterday before R. W. Sabin, referee in bankruptcy. Their liabilities are about \$7,000. R. E. Riley was chosen as trustee, his bond was fixed at \$30,000 and he was directed to take charge of the stock.

P. O. Tilton of Haddock township, in the south part of Gage county, died Sunday after an illness of two weeks of peritonitis. He was 38 years of age and unmarried.

Mrs. Ollie McMains has filed suit for divorce from Ellis McMains. She charges cruelty and non-support.

HASTINGS SOON TO HAVE FINE HOTEL BUILDING

HASTINGS, Neb., July 2.—(Special Telegram.)—The early building of a six-story modern fire proof hotel in Hastings is assured. Twenty-five bids on construction have been received by the building committee of the new hotel company.

The one of John Hempel of Hastings is the lowest at \$129,000 for the complete structure. The building is to be one of the best in the country of its size. Contract will be awarded in a few days and the work will be started this month.

GRAND ISLAND DEMOCRATS ASK BRYAN TO RESIGN

GRAND ISLAND, Neb., July 2.—(Special Telegram.)—Secretary Paul Thompson of the local Young Men's Democratic club today wired to W. J. Bryan, Baltimore: "Nebraska instructed you for Clark. If you can't vote for him, resign." Mr. Thompson signed the name of the club.

Opens Hostilities with Omaha as the Owner of Water Plant.

ORDER MANDAMUS PROCEEDINGS

Suburban Towns Will Refuse to Allow Omaha to Tear Up Streets for Florence Main Unless Taxes Are Forthcoming.

Following the end of the nine-year war between the city of Omaha and the Omaha Water company over the water works purchase, lines are being drawn for another extended conflict between the city of Omaha and its suburbs, taxes upon the water works properties being in controversy. So far as Omaha is concerned there will be no taxes against the properties. The city cannot tax itself. But Florence and other suburbs and Douglas county do not share with Omaha in the ownership of the plant and they, or some of them, will war for their taxes.

Acting under instruction of the city council, Corporation Counsel Ben S. Baker went before the equalization board yesterday and asked that the taxes against the water properties be cancelled. The request was granted.

Street Rights Are Held.

The Florence city council Monday night adopted resolutions toward the end of assessing and levying a tax upon the water works property by mandamus, and took action to prevent the new owner of the plant, the city of Omaha, from tearing up the Florence streets to lay a second main, through which Omaha is to be supplied with water. In addition the Florence council adopted a resolution commanding the mayor and city clerk to refuse signatures to warrants for hydrant rentals, which were due Monday night.

Attorneys Are Retained.

Both the town of Florence and the school district within the limits of that corporation are interested in the collection of taxes. Florence has employed McCoy & Olmsted as counsel and M. L. Learned is retained by the school district. As long as the plant was in possession of the Omaha Water company Florence collected \$7,000 or \$8,000 in taxes, and the levy for school purposes raised the amount to about \$10,000 annually. This amount represents about half the taxes necessary to conduct the affairs of Florence.

Corporation Counsel Baker said: "There

FLORENCE WAGES TAX WAR

Opens Hostilities with Omaha as the Owner of Water Plant.

ORDER MANDAMUS PROCEEDINGS

Suburban Towns Will Refuse to Allow Omaha to Tear Up Streets for Florence Main Unless Taxes Are Forthcoming.
