 Undertakers, embalmers, Douglas \$31.
 Mae Davis Bound Over—Mae Davis, proprietor of the Atlantic hotel, was bound over to the district court under \$500 bonds on the charge of aiding and abetting a delinquent child, Atha Holloway.

Steals from Cell Mate—Carl West, a coke fiend, was given thirty days in jail for rolling his cell mate, Emil, Albrecht, last night at the police station. The two were locked up in the same cell. Albrecht was drunk. West went through his pockets and obtained \$1.50.

Caught Stealing—J. C. Meek, was arrested Tuesday by Deputy Sheriff Wright as he was leaving J. C. Mehnert's yard with fifty feet of garden hose. He was given thirty days in jail in police court. Mehnert was candidate for commissioner on the socialist ticket.

Bicycle Thief Sentenced—Fred Donald, alias William McRierty of San Francisco, was given thirty days in jail in police court for stealing a bicycle Tuesday from in front of the Brandeis theater building. The police think he is responsible for many bicycle thefts the last few weeks.

Funds from Licenses—During the first six months of this year the city license inspector's office has received \$10,000 for licenses issued. For the month of June the receipts were \$527, the number of licenses being seventy. Of the amount received for the last month \$105 was from ice wagons, \$40 from automobiles and \$18 from street bands. Beginning July 1 licenses must be renewed.

Fined for Short Weighing—Jim Meyers, colored; Harry Kikowsky and H. Kauman, all peddlers, were arrested on complaint of John Grant Pegg, city weight and measure inspector, on the charge of short weighing their customers. The three had battered in measures with movable bottoms. Kikowsky was fined \$5 and costs. The other two took a continuance.

Will Fave West Farnam—Property owners on Farnam street from Forty-fourth to Forty-eighth will begin circulating a petition to pave these four blocks before the summer is gone. The city legal department is now drafting an ordinance creating the district. Under the new mode of procedure, made necessary by a recent ruling of the supreme court, the district must be created before the petition is circulated.

School Report is Out—The annual report of the Board of Education for the year 1911 has been issued. It contains cuts of three school buildings, six pages of illustrations of the manual training work, and cuts of a group of school

WATER WORKS BACK ON LIST

Board of Equalization Restores That Part Located in Suburbs.

CITY WILL CONTEST THE TAX
 Corporation Counsel Baker Says Property of a Municipality is Not Taxable, No Matter Where Situated.

After having stricken from the tax rolls all assessments against the water works property the Board of Equalization reinstated the action and restored the tax on all property outside the Omaha city limits. This action was taken at the behest of McCoy & Olmsted, attorneys for the city of Florence, and Myron L. Learned, counsel for the Florence school district. The city of Omaha will refuse to pay any tax on the property, either within or without the Omaha city limits and the fight over the taxes will be taken into the courts unless the Florence city and school district officials recede from the position they have taken.

The total valuation of the water works property is \$5,113,100, according to the tax roll figures. The equalization board by its latest action cancelled \$4,183,600, the value of property in Omaha proper, and left in force \$1,929,500, the value of property in Florence, Benson, Dundee, East Omaha and South Omaha.

The property in Omaha, all of which is stricken from the tax rolls, is as follows: Realty, \$197,500; personal, \$3,986,200; total, \$4,183,600.

The property outside the city, all of which remains on the rolls and will be taxed unless the city wins its point, is as follows: Florence realty, \$558,300; Benson realty, \$55,000; Florence personal, \$728,800; South Omaha personal, \$699,500; East Omaha personal, \$19,200; Dundee personal, \$129,200; total, \$1,929,500.

Corporation Counsel Baker said: "Property of a municipality is not taxable. The city as owner of all the water works property will refuse to pay any taxes upon it and will resist all efforts to collect taxes, going to the supreme court if necessary."

Business Property Values Are Raised

Business district realty valuations were increased by the equalization board in accordance with the plan recommended last week, the increase ranging from 25 to 35 per cent.

The Twenty-fifth property at Sixteenth and Farnam streets, known as the Myers-Dillon corner, was increased from \$25,000 to \$40,000; the Chamber of Commerce corner was increased to \$40,000; the Paxton building corner to \$75,000, and the United States National bank corner to \$38,000.

These corners were used as a basis for revaluation of the business district realty. On Farnam street west the new valuations per front foot are: Between Sixteenth and Seventeenth streets, \$2,500; Seventeenth and Eighteenth streets, \$1,800; Eighteenth and Nineteenth streets, \$1,000; Nineteenth and Twentieth streets, \$800; Twentieth and Twenty-fourth streets, \$200 to \$300.

The valuation east of Sixteenth street are slightly higher. The Paxton hotel corner lot is increased from \$125,000 to \$150,000. Valuations of business property north and south of Farnam street are graded back.

MORE BEAUTIFUL OMAHA PLANNED BY REALTY MEN

While discussing the report of the city planning committee the Omaha Real Estate exchange resolved to go into a fight for uniform building lines.

Some of the planning atrocities of reckless builders and "spite seekers" in placing buildings and houses out upon the sidewalk line or far back from the line of adjacent buildings were deplored by various members of the exchange.

It was proposed to invite the city commissioners to attend the next meeting of the exchange for the purpose of discussing some of the improvements advocated by the city planning committee.

The exchange will also go in for a more beautiful and sanitary Omaha by taking first steps toward clearing out weeds on vacant lots. One of two of the exchange members told of organizing neighborhood into anti-weed societies. One proposed a city ordinance authorizing the city to cut the weeds, while others proposed that the real estate exchange cut them at its own expense. No definite action was taken.

ELKS READY FOR THEIR TRIP

Big Special Train Ready to Pull Out of Here Thursday.

ALL ARE TO BOOST FOR OMAHA
 Sheep Bells, Stren Whistle, Banners and Elks Will All Strive to Stamp Omaha as Live and Thriving City.

Everything is now in readiness for the departure of the Omaha Elks, and when they leave Union station at 3:30 o'clock this afternoon with their special train, there will be 125 on board, all ticketed to Portland, Ore., where the grand lodge will be held next week. Enroute, Elks will be taken on at Fremont, Grand Island and North Platte, so that when the train pulls into the Oregon city it will be carrying not far from 175 Nebraskans.

The trip of the Omaha Elks in a measure is designed to be a boost for Omaha and Nebraska from start to finish. It will carry 10,000 of the little brass sheep bells that have in the past been so popular on the Commercial club trade excursions. In addition, there will be taken along for distribution 10,000 pieces of literature, advertising Omaha and Nebraska. As a noise maker, a gigantic stren whistle has been installed in the baggage car, and at all times and upon all occasions it will blow for Omaha and Nebraska.

That this train may not be mistaken for some other, it is to be profusely decorated with signs calling attention to Omaha. Across every window of every car will be a strip of silk in purple and white, the Elks' colors. On each strip there will be an elk's head and the words and figures: "Omaha, 28, B. P. O. Elks."

From Omaha.
 Following are the names of those who will leave Omaha on the train:

Splendid Trees in Park Are Barked

Fifteen huge elm trees at Elmwood park have been "barked" by vandals, who stripped the bark in large sections from them, using a heavy ax. Joe B. Hummel, commissioner of parks, has had the trees bound about the mutilated places and believes few if any of them will die. Mr. Hummel may be compelled if mutilation of property continues to keep watchmen in all the parks, day and night, although the condition of the park fund, he says, would not justify the expenditure.

Postal Deposits Show an Increase

The total deposits of the Omaha Postal Savings bank at the close of seven months' business, July 1, were \$105,943. The total number of accounts are 1,483. The deposits received for the month of June were \$14,821. The amount paid out for the month was \$6,524, leaving a new balance for the month's business of \$8,297. Stamps and cards sold for the month amounted to \$19.50. The number of new accounts opened during June were 107.

FINLAYSON WANTS MORE AUTHORITY OVER JANITORS

Duncan Finlayson, superintendent of school buildings, declares that plumbing conditions in the city schools have been classed as "unsanitary" with some justification. Janitors, he says, do not keep the buildings as clean as they ought to be kept. This negligence on the part of janitors has brought the building superintendent, the principals and the buildings and grounds committee of the Board of Education condemnation from citizens as well as other members of the board. Amendments to the rules which will give the superintendent of buildings more authority over janitors is being considered by the board as one method of alleviating the condition.

WEATHER MAN MAY GIVE GOOD WEATHER FOR FOURTH

The Fourth of July may be a fairly nice day, and a hot day according to the forecast of the weather bureau. Forecaster Welsh announces the forecast for today fair, with probably only local thunderstorms. Continued warm weather is also announced. It is not expected that the thunder showers will amount to much and they are apt to be in scattered localities, so that the weather men have a very hard time to tell where these are apt to occur. The general forecast, however, is said to be more in favor of fair weather than otherwise, although the state forecast is for probable local showers.

REDMEN PLAN BIG DAY AT CARNIVAL ON FOURTH

The Redmen's carnival, which is being conducted at Twenty-first and Paul streets by Fontanelle tribe, No. 73, of the Improved Order of Red Men, is drawing large crowds. There are more than twenty high class shows, and all are of the sort that please the pleasure seeking class. For the Fourth of July an extra feature has been added. Four free shows are on the list. Two bands will furnish music. The "Girl in Red" and her excellent company are one of the leading attractions. The carnival will close Saturday night.

Bellevue Boosters Start Campaign at a Banquet Tuesday

One of the first booster dinners of the Commercial club of Bellevue was given Tuesday night in the basement of Fontanelle hall, Bellevue college. More than seventy-five members of the club, business men from South Omaha and Omaha attended.

The banquet was served by the younger women of Bellevue, who, like the members of the Commercial club, recently have become enthusiastic over the prospects of the upbuilding of their village and the college.

B. F. Stoetter, acting as toastmaster, called upon eight or ten of the business and professional men who are interested in Bellevue for talks. President Stookey of Bellevue college began the speaking with an outline of what his institution is doing and what it intends to do. One hundred lots owned by the college, he said, have been placed upon the market for the purpose of securing money for building a big gymnasium and stadium for the school. There are 300 lots in all which the college is at liberty to sell. The proceeds of all will amount to more than \$50,000, which the college intends to put into its endowment fund and the improvements.

Roy N. Towl, an engineer of Omaha and a resident of Bellevue, described his plan for a boulevard or cliff drive to extend along the Missouri river from the southern suburb into Omaha. He said the boulevard he proposed would run 275 feet above the river and be the most beautiful drive in the United States. Mr. Towl said one of the things needed by the community is a metropolitan park commission in Omaha which could carry out a comprehensive plan of boulevards and parks.

Among the speakers at the banquet were G. G. Wallace, a real estate man of Omaha, who has been given the agency of the college lot; W. R. Patrick, W. J. Shalross, Dr. Betz and L. D. Erion.

Fremont Lads in Omaha on a Long Triangular Hike

Tired and hot, nineteen members of the Boy Scout Troop No. 1 from the Fremont Young Men's Christian association, arrived in Omaha yesterday at 11 o'clock completing the first leg of their 150-mile jaunt one day ahead of time. The boys are traveling from Fremont to Omaha to Lincoln to Fremont. They are led by Scout Master G. R. Wagenseller.

The little band of boys left Fremont on Monday morning at 7 o'clock, expecting to be gone seven days. Monday night they made their first relief at Valley and last night camped between here and Elkhorn.

The boys do not walk the entire day. Starting early in the morning they hike until the weather gets too warm and then pitch camp until late in the afternoon, when they again take up the march. From Fremont to Omaha the scouts averaged nineteen miles a day.

The boys will pitch camp in Omaha until Friday afternoon when they will proceed to Lincoln. At present Mr. Wagenseller does not know where the camp will be pitched, but Eighteenth and Douglas streets is the most likely spot. Friday afternoon the youngsters will go about the city visiting for the boys on the march is as follows: At 5:30 o'clock reveille, 6 a. m. breakfast, 6:30 a. m. on the march, 9 a. m. pitch camp, 11:30 o'clock dinner, 1 to 5 p. m. recreation, 5 p. m. supper, 5:30 p. m. on the march, 8:30 p. m. pitch camp.

Meat Prices Drop During Last Week

Meat prices have dropped during the last week. Beef and mutton declined \$2 a hundred and pork \$1. Sirloin, porterhouse and round steaks are now selling at 15 cents a pound. Sugar continues to decline and now is selling 19 pounds for \$1, the lowest price of the year.

ANNOUNCEMENT MADE OF KIESER ENGAGEMENT

The engagement of Henry F. Kieser, department manager for the Bennett company, and Miss Sophia Grau, teacher at Train school, has been announced. Mr. Kieser is building a residence which he will occupy after the marriage as soon as it is complete. Miss Grau will resume her teaching next fall, although the marriage may occur before the fall term of school begins.

BIG FARM WEST OF MILLARD GOES TO AN OMAHA DEALER

A large tract of Douglas county property was involved in the sale of 240 acres of farm land five miles west of Millard and five miles south of Elkhorn.

The farm belonged to Joseph C. Reeves and was sold at a little more than \$18 an acre to W. S. Blackwell, an Omaha real estate man.

MORE PIANOS ARE BOUGHT FOR HAYDEN BROS. SALE

Manager Quinan of Hayden Bros. has received word that he was the successful bidder from the creditors for the pianos made by the Bennett company of Warren, Pa. These are all high grade pianos and are recognized in the east for their superior tone qualities. Mr. Quinan is highly enthusiastic over this purchase as it is always difficult to pick up such high grade pianos at a bankrupt price.

YOUNG ELECTED PRESIDENT

Missouri Valley Veterinary Association Holds Annual Banquet.

APPRECIATE OMAHA'S COURTESY
 Milk and Meat Inspection, War Against Tuberculosis and Other Important Topics Up for Discussion.

Delegates to the seventeenth annual convention of the Missouri Valley Veterinary association banqueted at the Hotel Rome last evening when covers were laid for 150.

Discussions of important subjects relative to their vocation were forgotten and a round of toasts full of humorous allusions to the political outlook interspersed with witty anecdotes were in order during the evening.

Dr. George H. Glover of Fort Collins was toastmaster and responses were made by the following: Dr. O. H. Ellason, Wisconsin; Dr. S. Sheldon, Missouri; Dr. A. Bestrom, Nebraska; Dr. B. F. Davis, Wyoming; Dr. J. I. Gibson, Iowa; Dr. J. M. Wright, Illinois; Dr. C. H. Stouder, Kansas; Dr. C. H. Stang, Iowa State college; Dr. G. G. Miller, Iowa; Dr. B. F. Kaupp and Dr. S. Stewart, Omaha.

A well rendered piano selection by Miss Jennie Bailey was included in the program.

Following the toasts, Dr. A. T. Kinley gave an interesting lecture on "Some Common Parasites," illustrating his talk with a stereopticon.

At the sitting yesterday afternoon the following officers were elected: President, C. R. Young, Omaha; first vice president, C. H. Stouder, Manhattan, Kan.; second vice president, C. H. Stang, Ames, Ia.; secretary-treasurer, Hal Simpson, Denison, Ia. The five elected to places on the executive committee are, B. F. Davis, Cheyenne; L. U. Shipley, Sheldon, Ia.; A. T. Kinley, Kansas City; G. H. Youngman, Morrill, Kan.; and H. R. Morris, Omaha.

The delegates extended votes of thanks to the Commercial club, King Ak-Bar-Pen and the local reception committee, all of whom assisted in making this year's meeting a successful and enjoyable affair.

The report on meat and milk inspection among the cities and towns of the Missouri valley by Dr. G. H. Glover of Fort Collins was the feature of yesterday afternoon's program. Others who had discussions were, Dr. B. F. Kaupp, "Report of Committee on Disease and Treatment"; Dr. A. Bestrom, "How Shall We Undertake Tuberculosis Control?" Dr. J. I. Gibson, "Municipal Meat and Milk Inspection and Results After Fifteen Years' Experience." Dr. H. Jensen, "Effects Obtained From Cathartics."

Refreshment Rain Again Covers State

Refreshing rain for man and land fell over the greater portion of Nebraska again today extending into Iowa and into South Dakota. A cooling light rain reached Omaha just before midnight. The Missouri Pacific reported a heavy rain along its line from Falls City to Plattsmouth. Alliance was visited by a severe electrical and rain storm and reports from there said Box Butte county and a wide section of northeast Nebraska was covered with two and one half inches of rain.

At Beatrice the first rainfall in a month came last night. Corn in the vicinity had been suffering badly from drought. Practically every section of South Dakota has been helped by the precipitation of the last two days, more falling there yesterday.

Eccentric Artist to Live in Desert

Gloria Quayle Montgomery, winner of the silver cup in the baby show at the Seattle exposition three years ago, is at the Paxton hotel with her parents. Gloria has greater distinction than beauty, according to her father. She is a blood relative of David Crockett. Her father, A. Montgomery, known in art as the "farmer painter," declares David Crockett was a brother of his grandmother; "and that," he says, "is where I get my daring in art, as my grand uncle was daring in battle."

When asked if America sooner or later would take to art better than now, he replied: "America is not exactly what you might call top heavy on art."

Mr. Montgomery said it makes no difference to him how this country with its commercialism views art. He has the courage to follow it and to paint as he pleases in spite of the critics. He and Mrs. Montgomery are on their way to Lassen county, California, where they expect to establish a home in the desert, and install a pipe organ in that home. They have just been to Chicago to select the pipe organ. Mr. Montgomery expects to show the world that it is possible to have art and artistic pursuits even in a desert. Some of Montgomery's paintings are among those in the Linger art gallery in Omaha.

Mr. Montgomery enjoys the distinction of having painted corn so natural that horses and birds have tried to eat it from the canvas, even as the birds of old tried to peck the painted grapes off the artists of classic days.

MALARIA—BLOOD POVERTY

Malaria is a species of blood poverty known as Anemia. In the first stages of Malaria the complexion becomes pale and sallow, the appetite is affected, the system grows bilious, and there is a general feeling of weakness. As the circulation becomes more thoroughly saturated with the malarial infection, the digestion is deranged, chills and fever come and go, skin diseases, boils, sores and ulcers break out. Malaria can only be cured by removing the germs from the blood. S. S. S. destroys every particle of malarial infection and builds up the blood to a strong, nourishing condition. Then the system receives its proper amount of nutriment, sallow complexions grow ruddy and healthy, the liver and digestion are righted and every symptom of Malaria passes away. S. S. S. cures in every case because it purifies the blood. S. S. S. is a safe and pleasant remedy as well as an efficient one. Book on the blood and any medical advice free to all who write.
