## THE OMAHA SUNDAY BEE.

The Future of the Fourth.

It must be clear to all who have

discerning vision that the observance

of the Glorious Fourth in this coun-

try is undergoing a complete trans-

formation. We are not going back

to the old-fashioned celebration any

more than we are to tolerate con-

tinuance of the death-dealing meth-

ods of noise-making, but we are

gradually developing a celebration

for the future that will be in keep-

ing with the patriotic spirit of the

day, and at the same time more

truly commemorative of the epoch-

Although as yet unable to define

historic, can be made a real inspira-

tion of patriotism.
