was looking for a considerable move-ment of new wheat next week. Winnipeg sent word that western Canada had in sight the biggest and best crop ever

rnown.
The more burdensome liquidation in wheat came during the last hour. One leading house surprised the pit with sales of 1,000 bushels. It was at this sales of 1,000 bushels. It was at this point that September whirled down to the below the dollar mark. September fluctuated from 99% to \$1.01\(\pi_01.01\)4, with last sales, 99\(\pi_099\)4c, a fail of 1\(\pi_01\)4, compared with twenty-four. September corn ranged from 66\(\pi_0\)6 to 67\(\pi_c\)c, closing depressed \(\pi_0\)6 ic net lower at 66\(\pi_06\)6 ic. Cash grades were in poor request. No. 2 yellow, 71\(\pi_171\)\(\pi_c\)c. Oats reached the lowest level of the season with the July option off 15c from recent high figures. The immediate reason was a report that oats were berecent high figures. The immediate reason was a report that oats were being bought in western Iowa at 30c a bushel. September swung between 35c and 36%c, with the close @%c under last night at 36@35%c.

In the end pork became less expensive, 30c to 37%c, with lard and bacon off respectively, 20c to 27%c, and 10c to 15@17%c.

United States Department of Agricul-ture, weather bureau bulletin for the twenty-tour hours ending at 8 a. m., 75th meridian time, Saturday, July 6, 1912: Prices on Board of Trade.

CHICAGO, Ill., July 6.—Grain holders today encountered the most disastrous markets of the week. The entire list of cereals became demoralized, Wheat, which for the first time in a long while fell below the dollar a bushel level, closed heavy, 1½c to 1½@%c to ½c down, oats off ½@ c to ½c, and provisions at a decline of 10c to 37½c.

Wheat speculators who have been attempting to lift quotations found themselves facing weather conditions that suggested a larger crop than last year. Ten million bushels in Chicago elevators seemed to be practically unsaleable, after having been held by the same people for a year and a half, Besides, the trade of the conditions that suggested a larger crop than last year. there were not enough cattle of any kind here to really make a market today. The intervention of a holiday toward the here to really make a market today. The intervention of a holiday toward the latter half of the week naturally interferes with the movement of stock so that the receipts for the week show a very heavy reduction as compared with last week and for that matter are considerably smaller than for the corresponding time last year.

Strictly good to choice cornfed beeves have been very scarce all the week and the market has shown no change, being fully steady, and in fact to really make a market today.

On the other hand grassy grades and everything ranging from common to pretty good killers can be quoted at 15@25c lower than the close of last week. The best dry lot cows and heifers are extremely scarce, very few being received at the yards. The feeling on stock of that kind is fully steady with last week. The general run of cows and heifers at the same time is around 25c lower than last week or about \$1 lower lower than last week or about \$1 lower than the high time two weeks ago.

The break in stock cattle and feeders last week naturally brought in a few more buying orders but still the trade throughout the week has been slow and the tendency of the market downward. Agitation Started for New Free

BIG HELP TO STOCK YARDS

Plans for New Viaduct on F Street Are Ready-Miss Cloud Prostrated by Excessive

Heat.

Although there is nothing definite yet, it was learned yesterday that a new attempt will be made to have a bridge built over the Missouri river at O street or a few blocks south. The agitation follows the news that a twin bridge is to be built near the one that at present connects Omaha and Council Bluffs.

It is the idea of the men who are urging the move to establish a free bridge in South Omaha, where it is claimed there is much need of such a convenience. The bridge, if built, will bring much traffic to South Omaha and will help the Union stock yards, at present the main industry of the town. It is also claimed that the natural expansion of Omaha. should be along the river line and in order to facilitate the building of the territory that now lies between the business section of Omaha and the business section of South Omaha along the river the bridge is said to be a prime necessity. The idea of a free bridge in particular will increase the traffic between this city and the Iowa towns. The movement is still in an embryonic state and the men interested say that nothing definite has been determined upon.

Viaduct Plans Ready. City Engineer Herman Beal and his assistant, Joe Kasper, were notified yes-The city engineer's office stated that the construction would begin some time . in the fall. It is estimated that the work will be done within six months after

being started. Arnan Struck by Train. John Olen Arnan, while sitting on the Missouri Pacific track at Washington street and Railroad avenue early yesterday morning, was struck by a westbound freight train and severely injured. Arnan had celebrated the Fourth of July with much gusto and abandon until the early hours of the morning of the fifth. He sat down to rest on the railroad tracks before going home. His injuries were dressed by Dr. E. J. Shanahan, who pronounced them not serious and ordered the man home.

Peter Touey Stabbed. Peter Toney was stabbed and seriously injured Thursday night at Twenty-sixth and M streets by an unidentified negro, who made his escape. Toney's injuries were dressed by Dr. Shanahan. He lives in a rooming house on N street between Twenty-fifth and Twenty-sixth streets. Miss Cloud Prestrated.

Suffering from the heat Miss Maud Cloud of the Associated Charities collapsed yesterday afternoon in the office of the Associated Charities in the city hall. Miss Cloud was attended by Drs. lilliam Davie and E. J. Shanahan, who ordered her to her home at Nineteenth and Vinton streets, Omaha. Larceny Charge Made. Mike Garoch and Mike Nick, two em-
