EQUAL SUFFRAGE GETS BLOW

Members of Women's Clubs Decide They Do Not Want Ballot.

QUESTION SETTLED FOR A TIME

Ruling of President Settles the Matter Until Next Biennial—Long Code of Laws is Presented.

SAN FRANCISCO, July 6.—Equal suffrage was smothered as an issue in the General Federation of Women's Clubs today, and cannot come up for general discussion again until the next biennial in 1914. An unexpected motion was offered by Mrs. Charles Farwell Mason, Los Angeles, that the convention go on record in favor of suffrage and was ruled out of order by the chair.
Mrs. Philip N. Moore of St. Louis, the retiring president, ruled that all motions must come before the convention from the committee on resolutions. She explained that the purpose of the federation was to educate women in all things looking to their betterment and that the present sense of the committee was that Mrs. Edson's resolution would tend to make that work more difficult and therefore was ill-advised.
The following resolution was adopted by the convention:
First—That a vote of appreciation be extended to President Taft for his appointment of Miss Julia Lathrop to the head of the children's bureau.
To Help on Monument.
Second—That the federation unite with the government in erecting a monument at Panama in commemoration of the completion of the Panama canal.
Third—Endorsement of the good roads movement and of a great national highway to be known as the Lincoln highway.
Fourth—Conservation of natural re-

sources and the preservation of the curtilage of forest reserves.

Fifth—Preservation of Mammoth cave, Kentucky.

Sixth—Bills for the betterment of defective children.

Seventh—Appointment of experts by the state educational boards to place sex hygiene in the curriculum of every normal school.

Eighth—Appointment of clubs to cooperate with agricultural colleges and economic organizations for the study of economics.

Ninth—Favoring a bill for the establishment of national parks.

Tenth—Favoring a bill for the betterment of immigrant men and women.

Eleventh—Endorsement of the plan to have women police in all of the larger cities of the country.

Twelfth—Declaring opposition to prison contract labor.

Thirteenth—Endorsement of the study of Bible literature and the placing of Bible study upon the program of literary clubs.

Fourteenth—Furtherance of high ideals in the drama and on the professional stage.

Fifteenth—Endorsement of the workingmen's compensation act.

For Boys and Girls.
Call for federal aid for vocational training for boys and girls.

Endorsement of the plans for medical inspection in schools, for school nurses and for out of door schools.

The reinforcement of the food and quarantine lines.

Demand that the president of the United States resign the Department of Agriculture so that the pure food and drug acts be better enforced and that "The law not be prostituted for special interests."

Favoring accurate registration of births and deaths.

Endorsement of the white slave laws and protesting against the light sentences meted out to convicted offenders.

Endorsement of the plan for study of political science in clubs as a preparation for citizenship.

Protest against the comic supplement of the Sunday newspapers.

Protest against imposing any legal disability on woman that is not imposed on man.

Endorsement of uniform marriage and divorce laws.

Many Want Next Meet.
The cities bidding for the convention of 1914 are Washington, D. C., Chicago, Indianapolis, Noms, Alaska; Manila, P. I. and Jacksonville, Fla. A telegram was received from Mrs. Ella Flagg Young, urging the claims of Chicago. No action will be taken at present.

Break Occurs in the Ranks of the Insurgent Members

WASHINGTON, July 6.—The working agreement between the democratic and insurgent republican senators is at an end. It has been abrogated as the result of conferences ever since the metal bill was passed in the senate by the democrats in the absence of regular republicans and without the aid of the insurgents.

The probable result will be that the house sugar and wool excise bills will be presented to the senate and voted down by a strict party vote. All the republicans are expected to vote against them and it is probable that some of the democrats will join them in opposition to the house sugar bill, which would admit sugar free of duty.

Following the passage of the metal bill the democrats appointed a committee to confer with the insurgent republicans regarding future co-operation. Finally the democrats of the committee were notified that they could expect no further co-operation because of the impossibility of getting consideration of the insurgent measures. This condition was produced by the decision of the regular republicans to disappear from the chamber in sufficient numbers to allow the democrats to get their own bills through without the aid of the insurgents. This program rendered it impossible for the insurgents to get even a vote on their measures and they decided not to "pie" any longer.

In view of this position of their allies the democrats have about made up their minds that nothing is to be gained by further concessions.
In this emergency the democratic leaders of the house are urging that the best party could cease to accept house measures and stand or fall by them.
The subject was considered by the democratic senators much of the time today and the conferences extended into the evening.

SEVEN DEAD AS RESULT OF HEAT WAVE IN CHICAGO

CHICAGO, July 6.—Seven dead, a score of prostrations and a number bitten by heat maddened dogs was the summary tonight in Chicago at the close of the hottest day thus far this year.
Excessive humidity registering above 90 and a maximum temperature of 92 degrees resulted in great suffering. Thousands of persons in all parts of the city slept out of doors, on roof tops and in the parks. Lake steamers were crowded with persons seeking to escape the great heat in the city.

NAVAL BILL PASSES SENATE

Appropriation Sufficient for Building Two New Battleships.

JOHNSTON SUBSTITUTE REJECTED

Amendment Adopted, Making Eight-Hour Law Apply to Men Who Are Employed on Ship Construction.

WASHINGTON, July 6.—The naval appropriation bill, carrying \$133,000,074 and two battleship provisions was passed by the senate yesterday. It now goes to conference with the house to thresh out the naval increase program and other senate amendments.

Senator Johnston of Alabama proposed a substitute provision for one battleship and gave notice he would propose when the Panama canal administration is considered to deny the use of the canal to all nations which do not agree to build only one battleship a year. He said the United States should end the wasteful battleship competition with Europe by entering into treaties with them to cease building such vessels.

The Johnston one battleship provision was rejected, 12 to 43. Senators Bacon, Fletcher, Johnston, Kern, Pomeroy, Tillman, Smith of Arizona and Williams (democrats), and Eristow, Burton, Clapp and Gonna (republicans) voted for it.

An amendment was adopted to make the recently enacted eight-hour law applicable to work on new ships, which Senators Gallinger and Haysburn contended would increase the government expense by \$4,000,000 or \$5,000,000.

A committee amendment to provide for creation of a national council for defense was defeated on a point of order made by Senator Overman of North Carolina (democrat), who did not withdraw his point, notwithstanding a whispered suggestion that the plan was endorsed by the new democratic platform. Senator Bacon of Georgia (democrat), in the chair, sustained the point of order.

Hanford Might Have Been Asleep, So Say Witnesses

SEATTLE, Wash., July 6.—In the investigation here in which Judge Hanford is charged with numerous offenses, Charles F. Peterson, a timber and coal land dealer, was called to the stand and testified that he had seen Judge Hanford under the influence of liquor. One night about eight months ago, he said, he had gone into a barroom on First avenue and had seen Judge Hanford leaning on the bar in an intoxicated condition with his left arm on the bar and a glass in front of him.

"There is no question in my mind that he was drunk," said the witness.
Two weeks ago he had seen Judge Hanford, apparently intoxicated, walking on Second avenue with ex-United States Senator Samuel H. Piles. "If he wasn't drunk the judge was approaching that condition very rapidly," witness testified.

Several eminent jurists and lawyers testified strongly in favor of Judge Hanford, saying they had never known him to be apparently intoxicated and had never seen him inattentive in court, although his peculiarities might make per-

Posse Near Mount Pleasant Kills Bank Robber After Battle

MOUNT PLEASANT, Ia., July 6.—The lone bandit robber, who late this afternoon entered the Rome Savings bank of Rome, seven miles southwest of here, shot Cashier F. W. Hileman and escaped with several hundred dollars in cash, was tonight shot and instantly killed by a member of the posse which had been scouring the country in automobiles for several hours in search of the robber.

The bandit, who was identified here tonight as Charles Clark, a local character, was overtaken by the posse several miles south of here. He was riding a horse and on seeing the approaching automobiles, opened fire. A running fight ensued. Clark was well supplied with ammunition and for some time succeeded in keeping far enough ahead of the automobiles to avoid being struck with the volley of bullets and at the same time return the fire. He pumped the bullets from his automatic several times, reloading it as he raced madly down the country road.

James O. Laughlin, a merchant of Rome and one of the leaders of the posse, received a bullet in the neck, but his injuries are not serious.
When only a short distance ahead of the automobiles, Clark threw both hands to his breast and tumbled from his horse. An examination showed that he had been shot through the heart.

The stolen money was recovered and the body returned to Mount Pleasant where identification was made.

The injuries of Cashier Hileman are not of a serious nature, it was announced tonight. He was shot in the arms when he refused to comply with the demands of the bandit.

The police tonight are searching for Clark's companions, who are believed to have aided him in getting from the bank to the woods, a short distance away where he was given a horse.

Early in August Taft is to Receive Official Notice

BEVERLEY, Mass., July 6.—President Taft will receive the formal notification that he is the nominee of the republican party for president at the White House in Washington about August 1.

The president told his visitors at Paramatta today that he had talked with Senator Root of New York, permanent chairman of the republican national convention, and that they had decided that the notification should take place in Washington. "The president believes Washington is the most convenient place for the committee to wait upon him and he desires to entertain the members at the White House."

Mexican Federals Are in Control at Chihuahua

CHIHUAHUA, Mex., July 6.—Federal cavalry took possession of the city of Chihuahua this afternoon. No resistance was offered by the rebels, who moved north along the Mexican Central toward Juarez. No disorders occurred. The wires to Juarez were still working at 3 o'clock.

JUAREZ, Mex., July 5.—The transitory stage of the Mexican revolution, its passage from an organized military campaign into a guerrilla warfare, brought nearly 2,000 rebel troops here today, en route to Casas Grandes and the region along the Mexican Northwestern railroad about 100 miles southwest of the border.

General Pascual Orozco, the rebel chieftain, spent the day at Sauc, thirty miles north of Chihuahua, giving final orders to cavalry, which he directed westward across country toward Casas Grandes and the state of Sonora. He will arrive in Juarez tomorrow. Governor Felipe Guiterres and members of the rebel legislature arrived today.
