

AFFAIRS AT SOUTH OMAHA

Motorcyclist Runs Over Robert Parks and Rides On.

YOUNG MAN SEVERELY HURT

William Hughes Under Arrest, Charged with Beating Aged Parents—Society News of Magic City.

While riding his bicycle at Twenty-third and I streets last evening about 5:30 o'clock, Robert Parks, 13-year-old son of Mr. and Mrs. James Parks, 1624 Missouri avenue, was struck by a motorcycle and sustained several badly fractured ribs and numerous bruises about the legs and arms.

The man who was riding the motorcycle did not stop to see if the boy was injured, but increased his speed and started up Twenty-fourth street toward Omaha. It is thought that he is an Omaha man.

Young Parks was riding east on I street on the south side of the street and the motorcycle was coming west. When almost directly opposite the bicycle the man turned his machine toward the south side of the street. He knocked Parks from his wheel and ran over his right foot and arm. The handles of the motorcycle struck him in the ribs, throwing him against the curb.

Parks was taken to his home in an automobile. While his injuries are painful they are not thought to be serious. The police are making a search for the motorcyclist.

Accused of Beating Parents. William Hughes, 35 years old, was arrested by the police yesterday morning on the charge of beating his aged parents at their home, Thirty-second and Q streets. Hughes is thought to have been under the influence of liquor at the time.

Returning home about 7 o'clock Friday evening, he started a quarrel among the members of the family. Picking up a shoe he hurled it at his aged mother, striking her in the forehead, inflicting a gash four inches long. When his father objected he drove him from the house with a large stick, calling down curses on his gray head.

There are about thirteen small children in the family. Charge of Theft Made. George Repter, proprietor of a Greek rooming house, was arrested by the police and charged with stealing a kit of carpenter tools from Dick Edwards. Edwards left the tools at the rooming house and when he returned they were gone.

Repter was released upon \$25 bonds for his appearance in police court Monday morning.

Inspiration of Christ Makes Men Great

Such is the power of a congregation to inspire its minister, if the members really struggle to give inspiration, that the First Baptist church can make its next pastor one of the greatest in the world. So declared Rev. Robert Van Meigs, pastor of the First Baptist church of Urbana, Ill., speaking from the First Baptist church pulpit yesterday morning.

The minister spoke of the power of Christianity in making men, using the life of the Apostle Paul as a concrete example. "Paul and the other apostles might have been obscure men if it had not been for Christianity," said the minister. "Paul had been a great man, but his name would not have lived in history as it has but for Christianity. He had been a great persecutor before he became a Christian; but his real greatness came after his conversion.

"Christianity made the other apostles great men. They would have remained obscure fishermen. But Christianity was able to take common, uneducated, simple men and make them tremendous powers in the world; in the case of St. Paul, it was able to take a great man and raise him to power and strength even greater than he ever could have hoped to attain.

FAST GOLF AT FIELD CLUB

Several Remarkable Scores Hung Up in Directors' Cup Match Play.

HUGHES TAKES COURSE IN 77

Field Club Sharp Makes Eighteen Holes in Fast Play—G. T. Wilson Makes First Hole in Two Strokes.

The best scores ever tured in by the golfers of the Omaha Field club came Saturday. Some of the best matches ever played on the course were seen and remarkably low scores prevailed. The play was for the directors' cup and was a handicap match, sixteen to qualify. More than seventy golfers entered.

The perfect weather had a great deal to do with the wonderful scores of yesterday and luck also figured in many startling shots. Jack Cramer pulled off the freak stunt of the day, when he holed the ball on the eighteenth with an approach shot when about fifty yards away from the cup. G. T. Wilson made the first hole in two strokes. Thirteen men tied up for the sixteenth place on the list and in the play-off F. J. Vette won.

Jack Hughes made the best score of the day, taking the eighteen holes in 77. James Allen made them in 78; Albert Cahn, 78, and Sam Reynolds, 78.

Following are the scores of the golfers who qualified:

The play was match against bogey, with two to qualify. F. W. Clarke was the other player to qualify.

William Sheehan is Golf Champ of Iowa

SIOUX CITY, July 7.—William Sheehan of Des Moines has defended his title as golf champion of the Iowa State association yesterday by defeating J. W. Hubbell, also of Des Moines, in the finals, by 3 up and 2 to go. Today's play marked the close of the tournament.

With the exception of the Sioux City flight, Des Moines was represented in every contest today. The capital city claims two champions and four runners up in the play just ended.

C. D. Van Dyke of Sioux City easily defeated E. L. Townsend of Des Moines in the directors' flight. The play in the president's flight was much closer, E. C. Perkins of Des Moines coming in with but 2 up over James Wallace of Des Moines.

TWO WOMEN FIGHT OVER MAN'S ATTENTIONS

Mere man was the cause of a battle royal between Fannie Meyers and a woman believed by the police to be Blanche Bates, late last night at Seventeenth and Davenport streets, and when it was all over the Bates woman was the victor. Her victory was won by the energetic use of a razor and hatpin and the Meyers girl was badly cut about the throat and body as the result. She was brought to the police station and given emergency treatment by the police surgeons and was later allowed to go to her rooming house. The man over whom the quarrel started made his escape under cover of the crowd that gathered when the fight began.

Chicago People Go to the Country to Escape from Heat

CHICAGO, July 7.—Temporary relief from the three days' hot wave came tonight when a lake breeze caused the mercury to drop from 90 to 75 degrees in a few hours. Later the breeze died out and the thermometer began rising again.

There were ten deaths from the heat and twenty-two prostrations reported today. Heat crazed dogs attacked and bit fifteen persons.

Three hundred thousand men, women and children left the city in the afternoon for nearby resorts to enjoy a week end respite from the heat. As a result every lake steamer and railroad train leaving the city was crowded.

'BOOFUL' DAY FOR CLARA ANN

Dainty Food and Cheer for Little Tot at Nurses' Camp.

GIVEN AT ELMWOOD PARK

Ice Cream Trickles Down Her Throat and Then She Has Great Big Sand Pile to Dig in at Her Own Sweet Will.

Little curly-headed, 6-month-old Clara Ann cooed and chirped as a tiny spoonful of delicious ice cream trickled down her hot throat. Clara's mother dipped a second spoonful of the cream into her own mouth, smiled at her little tot and passed a word of thanks to the white-garbed nurse who hovered about the expectant group of tousle-haired, blue-eyed, happy little youngsters with a huge tray of ice cream and wafers.

It was a rare treat for Clara Ann. She lives in a stuffy flat on North Twenty-first street, which Old Sol penetrates to every nook and corner. During the day she has for her playmates a lean and hungry house cat, a limp rag doll and swarms of bothersome flies. There are no green trees, nor grassy lawns nor ice cream treats where Clara lives.

The other day a neighbor told Clara's mother of a "baby camp" which had been established by the Visiting Nurse association at Elmwood park, where mothers could leave their little tots to be cared for by a trio of nurses in a screened bungalow with rows of clean, white-sheeted beds. Clara's mother also heard that Saturday was to be mothers' day and that several surprises had been planned for the little ones. So yesterday Clara Ann and her mother boarded a street car and went to the "baby camp."

Here they found not only the bungalow, but a long sand pile protected from the sun, easy benches and a spring where cool water was to be had for the asking. In the evening the coaxings to see "papa" were all that could tear Clara Ann from her surroundings.

Several features were provided for the babies at the Elmwood park camp. Forty-eight and Leavenworth streets, yesterday, including several gallons of ice cream, through the courtesy of the Visiting Nurse association, and a concert by Norden's open air Swedish singers. Head Nurse Lillian Stiff had thirty-five little tots in her charge during the afternoon, while about 100 mothers and babies enjoyed themselves about the camp grounds.

Illinois Central Train is Wrecked

JACKSON, Miss., July 7.—Steel coaches probably saved the lives of more than a score of passengers when Illinois Central passenger train No. 3, southbound, was wrecked two miles south of Jackson late this afternoon. A number of passengers were badly shaken up and bruised, but only five required more than passing medical attention. These were brought to Jackson and placed in a hospital where it was said their injuries were not serious.

The wreck was due to a soft roadbed caused by heavy rains. The plunging coaches straddled the rails loose for 100 yards. One rail pierced a well filled coach, passing through both floor and roof.

MOTORISTS MAKE LONG STOPS AT MANAWA PARK

Only autos and carriages travel the country road that runs through Manawa to the edge of the lake. Hence it is clean of dust and motor parties stop there under the shade of the tall trees and lunch or enjoy the music or go on to the restaurant, the ball room or the beach. Some of the happiest parties last Sunday were those going over in the cool of the day in their motor cars for they got the long dustless drive, the shade and the breeze off the lake as they lunched and they sighed when it was time to turn back toward home.

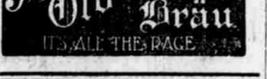

A SPLENDID FOOD TOO SELDOM SERVED

In the average American household Macaroni is far too seldom served. It is such a splendid food and one that is so well liked that it should be served at one meal every day. Let it take the place of potatoes.

Macaroni has as great a food value as potatoes and is ever so much more easily digested.

Faust Macaroni is made from richly glutinous, American-grown Durum wheat. It is every bit as finely flavored and tenderly succulent as the imported varieties and you can be positive it is clean and pure—made by Americans in spotless, sunshiny kitchens.
