Republicans From Forty States Sign, But Name of No Nebraskan Appears Upon the Lint.

NEW YORK, July 7 .- A call to the people of the United States who are in sympathy with the "national progressive movement" to send delegates to a national convention to open in Chicago August 5 was given out today by United States Senator Dixon of Montana, the colonel's manager. The call is signed by members of the committee chosen at a meeting held in Chicago, and also bore signatures of Roosevelt followers in forty

"The territories have no place in a na tional convention and will not be considered," declared Senator Dixon in commenting upon the signatures.

"As for the missing eight states, the most of them probably will send delegates, although they have not taken part in the call. Maine, for instance, postponed any definite action because there is now a strong fight on in the primaries, with the sympathy running in favor of the progressive movement. Delaware, North Carolina, Arkansas and Nevada probably will take part in the convention Mississippi and South Carolina may possibly be unrepresented.

No Rules for Choice. "The call lays no rules as to the methods of choosing delegates since each state will be expected to select its delegates by its own paraphernalia. The representation will be out down to just one-half of the previous conventions. This was deemed advisable since this convention is to be notably a deliberative body and will certainly be composed of a class of men altogether different from those who usually attend conventions. "In all probability the convention will

adopt the name 'national progressives' for the new party, but I cannot say definitely what will be done. Thus far no ssues have been authoritatively stated have to be decided by the delegates." Text of the Call. The text of the call is: "To the people

Later he considered a supplemental brief from Mr. Bruce without the knowledge of the attorneys for the Interstate Commerce commission to meet a conclusion reached by another member of the court. Judge Archbald wrote the decision in favor of the railroad company.

Mr. Cannon was at that time and still is a stockholder and director in many railroads. "It is claimed that Mr. Cannon is a distant relative of Judge Archbald's wife," said the committee but however, this may be, your committee regards it as improper for a judge to thus obligate himself to an officer of many corporations likely to become directly of indirectly involved in litigation before his court."
