Four New Business Houses for Red Cloud

RED CLOUD, Neb., July 12.—(Special.)—Contracts were let today for the erection of four business houses on Webster street. These buildings are to be two stories high and will be occupied by the H. E. Grice Drug company, M. A. Albright, general merchandise, Frank Smith, boots and shoes, and probably the State bank. The old building will be removed at once and it is hoped to have the new structure ready for occupancy by cold weather.

The Burlington contractors have about completed the installation of the water pipe line connecting the Maurer springs with the mound house and the depot grounds. The springs are located about two and a half miles from the Burlington property and they furnish an abundance of good pure water.

The harvesting of the wheat crop is now well under way and some of the wheat has been threshed. Some of the fields have furnished thirty-five bushels to the acre, but most of it will go about twenty bushels. The berry is of unusually good quality, testing out as high as sixty-five pounds. Corn has made rapid progress the last week owing to the hot weather. The second crop of alfalfa is safely in the stack and is of excellent quality.

County Treasurer R. W. Koonz has just issued his semi-annual statement for the period between January 4 and June 30, inclusive. During the six months just passed he has collected \$12,143.83, being the largest amount ever collected in this county for the same length of time. There is a balance on hand in the various funds amounting to \$70,097.30.

NOTES FROM SEWARD AND SEWARD COUNTY

SEWARD, Neb., July 12.—(Special.)—A district meeting of the Patriarchs-Militant, the highest branch of Odd Fellowship, was held at Seward Wednesday afternoon and evening. Delegates to the number of fifty were in attendance, among whom was General Davis of North Platte, Neb. The visitors were served with an elaborate supper and later a luncheon at the Independent Order of Odd Fellows' hall.

Staplehurst's new electric light plant will be ready for operation by August 1, and elaborate preparations are being made to properly celebrate the event. Power for the plant will be generated from the big dam across the Blue river. Both Governor Aldrich and his opponent have been invited to speak.

C. A. Pereira of Yokohama, Japan, is visiting Mr. and Mrs. E. S. Bonal, with whom he became acquainted two years ago when they were touring the world. At that time there were no automobiles in Yokohama. Now there are 100 cars sold by Mr. Pereira, who is now in America to visit the factories. He is putting the Jinkrickshaws out of business.

To avoid colliding with another auto, F. B. Tipton wrecked his own against a telephone pole on the square today.

The marriage of Miss Edna Pence to Arthur Ackles occurred at the home of the bride's mother last evening.

CROPS IN DEUEL COUNTY FAR ABOVE THE AVERAGE

CHAPPELL, Neb., July 10.—(Special.)—Crops in Deuel county have never looked better in years. Since July 1 we have had between three and four inches of rain, which was just in time to make the fall grain fill out plump and also to greatly benefit the spring grain. The harvest of fall wheat and rye will begin this week and the yield all over the county promises from thirty to forty bushels per acre. The spring grain will, no doubt, average from thirty to forty bushels. Corn is growing fine and the crop is going to be large. The average of small grain in this county is the largest that has ever been put in. Three new steam threshing rigs have been ordered this week. Harvest hands are exceedingly short and there is a good demand for laborers. The marketing of cattle will start in early this year, owing to the big grass.

BUFFALO REPUBLICANS FAVOR TAFT DELEGATES

KEARNEY, Neb., July 12.—(Special.)—By a special resolution of the Buffalo county republican convention in session in Kearney Thursday it was declared that no person should be chosen to attend the state convention unless he be an unqualified supporter of the candidacy of President William H. Taft and ready to vote for the adoption of a platform for the republican party of the state endorsing his candidacy.

WANT LEGISLATURE TO ACT

Controversy Between Two Big Interests Over Water Rights.

BABCOCK AND BOGGS CASES

First Hearing Postponed Until August—Governor Aldrich Says Board of Irrigation Will Look Into Matter.

(From a Staff Correspondent.) LINCOLN, July 12.—(Special.)—That the legislature may be called upon to settle a controversy now on between two great financial interests battling to gain control of the water power rights of the Loup river was shown this morning in a hearing which was held before the Board of Irrigation in the office of State Engineer Price.

The first hearing was in regard to the cancellation of the rights of H. E. Babcock of Columbus and the other hearing was regarding the rights of C. T. Boggs of this city. It is understood that behind Mr. Babcock are the H. L. Doherty interests of New York City, while George Moore of Detroit with other financiers are associated with Boggs.

After considerable discussion the Babcock matter, in which he had been asked to appear and show cause why his application for water power should not be cancelled, was continued until August 11 at the request of his attorneys and was agreed to by the other parties in the case.

There seems to be quite a sentiment among those on the outside that the matter should be left to the legislature and while one or the other of the companies should be given the right to develop, that the state should receive something annually for that right.

Boggs Case Put Over. The Boggs application asks for water not used by the Babcock company, but takes it from the Loup river several miles above the Babcock claim and empties into the Platte river near Schuyler, several miles below the Babcock claim.

The promoters of this claim, while having asked for a hearing did not seem to be ready to go into the case and after a wordy battle between Governor Aldrich and Mr. Hainer, one of the company, in which the governor politely informed Mr. Hainer that there were "just as good lawyers in the room as he was," it was decided to postpone further hearing in this case and have all the cases come up at the same time, thirty days being given for everybody to get ready.

Governor Aldrich has asked the Governor of Oklahoma for requisition papers for Elmer L. Wonder, convicted of larceny as bailee, the crime having occurred in Lancaster county. Wonder appropriated jewelry amounting to \$33.77 and absconded. Sheriff Hyers has received a wire that Wonder is being held in Sulphur, Okla., and will go after him at once.

NOTES FROM BEATRICE AND GAGE COUNTY

BEATRICE, Neb., July 12.—(Special.)—A heavy hailstorm visited a section of country five miles northeast of Filley yesterday forenoon, but as little wind accompanied the storm crops escaped with but little damage. Hailstones as large as walnuts fell, covering the ground. The rainfall was light.

Harry Jordan of this city, who recently returned home from the navy, has been appointed a substitute mail clerk under the jurisdiction of the Lincoln office. Louis Engler, an old resident of West Beatrice, was fined \$50 and costs yesterday by Judge Ellis on the charge of bootlegging. As he was without means he was remanded to the city jail.

Ray Freer, a young man who recently left Beatrice with his mother's team, was arrested at Kansas City yesterday. Upon his arrival there he sold the team. Sheriff Schiek will go to that place after the young man.

Charles Decker, erstwhile of this city, was arrested in Lincoln yesterday and taken to Concordia, Kan., on the charge of deserting his wife. Before going to Lincoln he was employed in Scott's cafe in this city. He is about 22 years of age. Mr. James Elmer Noffsinger and Mrs. Jennie Wait, both of this city, were married yesterday afternoon at 4 o'clock by Judge H. D. Walden of the county court.

NORFOLK PREPARES TO ENTERTAIN FIREMEN

NORFOLK, Neb., July 12.—(Special.)—Great preparations have been made by the Nebraska State Volunteer Firemen's association to make this year's tournament at Norfolk, Neb., July 23, 24 and 25, a success.

Over \$3,500 worth of prizes will be given away and hundreds of exciting contests have been arranged. Every fireman who will visit the tournament will be well taken care of and accommodations have been arranged for every visitor. Exciting fire fights are scheduled and some of the races promise to be spectacular. Many free exhibitions of a spectacular nature are to be pulled off.
