Summer Shows

This week, opening this afternoon, will see a highly diversified and novel vaudeville program at the Gayety theater. An unusual novelty act will be offered by Black & Leslie, filled with comedy and musical situations. Lypo and Benjamin, two clever acrobats, have arranged a routine of acrobatism which is seldom equalled. Pretty Ella Balcom will offer her own original conception of "Buster Brown." Of course she will be accompanied by Tige. Every kiddle in town will be delighted with this act and should be taken or sent to see it.

Starting Thursday afternoon Loraine Dudley and company will present their farcical success, "The Finish." Associated with them on the program will be Rudolph and Lena, Tyrolean singers and yodlers. Hessie, the globe trotting, jesting juggler, the boy who keeps things moving in a way that brings many laughs, will also entertain during the last half of the week. At every perform-

ance all week Limerick Burton, the Celtic singer from County Sligo, will oblige with a repertoire of Irish roundelays in his own incomparable baritone way. This, with the usual daily changes of the pictures, will be an offering for this week and seems to argue well for the success of this popular theater's summer show.

With Meyer and Hyde, the Lady and

the Burgiar as the headliners and two musical acts to intersperse the four reels of feature motion films, the Airdome promises one of the best bills of the eason for the four days commencing Sunday night. The cool spot on the hill at Twenty-fifth and Farnam streets has taken front rank as an amusement resort and the cool breezes which sweep it from all sides lend additional enchantment to a carefully balanced program of non-flicker motion pictures, four new reels of which are given twice each night. Meyer and Hyde are of the well known Morris circuit in the east. They have been on the coast on a vacation and in stopping over at Omaha were induced to put on their specialty at the Airdome for four days.

Mazerri's Royal Italian band, the biggest attraction of its kind ever brought into Omaha by a local amusement place, continues to please the audiences at the Rome summer garden. This band plays from 6:30 to 10:30 and will be engaged as

The play is filmed exactly the way Ouida wrote it with all the thrills and startling situations and is considered a motion picture classic, enacted by an all star cast. The play is in two reels. Beside the feature play a number of other comedies and dramas will be given. Miss Gladys Chandler, assisted by Mr. Fuller, will be prominent among the entertainers, during the entire week. On Monday and Tuesday, matinees and nights, the photo play, "Votes for Women," produced by the National Woman Suffrage association will be shown. Miss Jane, Addams, Dr. Mary Shaw, Mrs. James Lee Leidlaw and other prominent women posed for this picture, and the suffrage parade
