

FLINN WOULD FUSE VOTES

Plans to Use Same Electors on Both Tickets.

CALL PUT FORTH IN MISSOURI

Nelson Issues Summons for State Convention of Third Party to Be Held on Thirtieth Day of July.

PHILADELPHIA, July 14.—After an all-day conference between former State Senator William Flinn of Pittsburgh and supporters of Theodore Roosevelt from eastern counties of Pennsylvania to consider plans for the organization of the third party in this state, announcement was made that the consensus of opinion favored the placing of the same set of presidential electors on both the republican and third party tickets.

It is said that if the tentative plan finally is adopted it would amount to fusion in this state of the Taft vote on the republican ticket and of the vote of the presidential candidate on the third party ticket; that is, the combined vote of the electors on the two tickets would count against the vote received by democratic electors.

The electors on the republican ticket were selected at the republican state convention at Harrisburg May 1. That convention was controlled by Mr. Flinn and his friends.

Nelson Issues Call.

KANSAS CITY, July 14.—Missouri progressive republicans will hold their state convention at Kansas City Tuesday, July 30, to elect delegates to the national convention at Chicago. The call was issued here today by W. R. Nelson, editor of the Kansas City Star and Times and member for Missouri of the national committee. It follows in part:

"To all voters in Missouri who believe in a new deal and a square deal in politics, regardless of past party affiliations: A call is hereby issued for a state convention to be held in Kansas City, Mo., on the 30th day of July, 1912, at 11 o'clock a. m., for the purpose of electing delegates from each congressional district of the state to attend a national convention at Chicago on August 5, 1912.

"There shall also be selected at said state convention two candidates for presidential electors-at-large and one candidate for presidential electors for each

district to be selected in such manner as the convention may decide and for such other action as the convention may deem proper to take.

"The purpose of the national convention to be held at Chicago on August 5 is to nominate a candidate for president and a candidate for vice president of the United States under a call issued July 3, 1912, which call was signed by sixty-three representatives from forty states of the union."

Minden Presents Request for Depot

MINDEN, Neb., July 14.—(Special Telegram.)—The Nebraska railway commission held two hearings yesterday in Minden, Commissioners Hall and Clark presiding. The first hearing was a complaint made by Newark for a depot and agent. Fred A. Nye appeared for complainants and Wells for the railway.

In the afternoon the complaint of the city of Minden for a new depot and for stopping of through trains Nos. 1 and 6 was heard. The Women's club and other organizations were present to the full capacity of the court room. The contentions by the city were that the depot was inadequate in size, that accommodations were not modern, that two waiting rooms were necessary, that the building should be a brick structure in keeping with other public and private buildings, all of which are modern buildings, and also to prevent the same from burning.

The city council has extended the fire limits to take a large area including the depot grounds. The railroad tried to make it appear that this was done for the purpose of preventing a frame depot being built, to which the city answered that it was necessary as one depot had already burned and the present one was a menace. C. P. Anderberg appeared for the city of Minden and Lewis C. Paulson for the Commercial club and Mr. Wells for the Burlington. Both cases were taken under advisement.

TILDEN, Neb., July 14.—John W. Lux, president of the National Association of Retail Grocers of the United States, has appointed W. H. Avery of this place one of the three members of the ways and means committee of the organization.

CLARK GOES TO SEE WILSON

Speaker Arrives at Governor's Home Before He is Expected.

HOUSE LEGISLATION DISCUSSED

Candidate Has Two Other Visitors in Person of Charles R. Crane and President of Wisconsin University.

SEA GIRT, N. J., July 14.—Speaker Champ Clark and Governor Wilson talked for two hours today on legislation pending before the house of representatives. The speaker arrived after the governor had been conversing for some time with two other guests, Charles R. Crane of Chicago and President Van Hise of Wisconsin university, both of whom have been prominent supporters of La Follette.

Mr. Crane said he was going back to Chicago to work for Wilson and would be glad to contribute to the democratic nominee's campaign fund.

Tonight in talking with the newspaper men Governor Wilson said the subject of contributions had not been touched upon in his conversation with Mr. Crane and that there had been no pledge of support for the governor on the visitors' part.

Speaker Clark came up from Washington half an hour before he was expected. He was not met at the station, rode to the porch before any one thought he was within a dozen miles of Sea Girt. The governor excused himself to the other guests to greet Speaker Clark, shook hands with him warmly and escorted him, with smiling face, to the parlor.

Compliment for Loefer. "The speaker was very fine," Governor Wilson said tonight to the reporters. "His position was admirable and generous in every respect. I suppose he told you what we talked about, didn't he?"

"He said you would do it if you saw fit for us to know," he was told. "What we discussed—he introduced the subject—was chiefly business pending in the house and the prospects of adjournment," Governor Wilson responded. "He told me in some detail what the state of business was and what the prospects of adjournment were. Of course, the whole country knows the prospects of adjournment, but he was kind enough to tell me the details of the business. We talked about that most of the time. The rest was chiefly in explaining the very generous position which he has taken in regard to the campaign—he will do everything in his power to help."

When Speaker Clark left the governor he came out on the porch, sat down in a rocker and told the reporters he was

willing to talk on any one of eight subjects, including the Copernican theory of astronomy, art, music, the Ninth congressional district of Missouri and books, but he wouldn't talk on politics. The newspaper men piled him with questions on many forbidden topics.

"The governor invited me to come here and I came, as I thought I ought to do," he said. "We talked about a good many things. He can tell you about them if he wants to; if he doesn't, you will have to let them go. It is easier for us to come down here and see him than it is for him to prowl around the country and see us."
