Hummel to Pay Help Semi-Monthly-Park Commissioner Hummel will hereafter pay all the employes of the park department twice each month, instead of monthly. There are now eighty-five employes in this department.

Logan Held for Stealing Lead-Clarence Logan was arrested on the charge of stealing lead from a box car near the smelting works. He will be tried in police court this morning. Harry Bennett was given sixty days in the county jail for having the lead in his possession.

Judge Munger Goes Pishing - Judge and Mrs. William H. Munger have departed, for their thirty-day vacation in the woods of northern Wisconsin. Thuy left Sunday evening and expect to return about the middle of August. Their postoffice address will be Reserve, Wis.

Money Paid for Water-Patrons of the water plant have paid \$77,000 water rentals since July 1. This sum includes flat rate and Dodge streets, where Sherman, cut rentals and meter service collections. The about the face and body in nearly a dozen water board will hold the entire sum until claim is filed by the water company for told his story and promptly fainted. its share, which will then be allowed and

Money for Dog Tax Received-City Clerk Tom Flynn has received \$2,969 for dog licenses issued this year. The number of dogs licensed has reached 2,791. Ab Wagner, poundmaster, has been killing a large number of dogs found without tags. Dogs killed by the poundmaster are asphixiated.

son, a saloon keeper, and his bondsmen, the Illinois Surety company of Chicago, are sued for \$145 in district court by Mrs. Edith Koehler, who alleges that her husband, John Koehler, came home and smashed the furniture after having become drunk in Pederson's saloon.

Sixty Days for Using Knife-Charles Smith was given sixty days in the gan to shout for help. county jail for cutting Harrison Wilson on the neck with a knife, in a fight over a girl. Both are colored. Smith said he offered to pay Wilson's doctor bill after he had cut him and did not see why he wanted to arrest him for such a small

Objects to Dirt on Potatoes-Instead of having a half bushel of potatoes in her market basket upon her return home from the Boston market at Sixteenth and Dodge street, Mrs. Dooley, 2114 Locust street, found that the basket contained a large quantity of real estate. She immediately swore out a warrant, charging the proprietor with giving short weight.

Two Go on Vacations-Miss Mary Bird, assistant in the office of the secretary of the Board of Education, has gone on her vacation, which she will spend in Colorado. Miss Nell Brown is in charge of Miss Bird's work during her absence. Miss Eva Strigham, stenographer to Superintendent E. U. Graff, will leave tomorrow for southern Montana, where she will spend a vacation of three or four weeks on her brother's ranch.

## Big Section of West to Revert to Range

A ray of hope for the increase in the production of the beef of the country is held out by Leonard Ellis of Edgemont. S. D., a stockman who arrived at the Merchants hotel.

In a few years there will be a great deal more range and more cattle in the vicinity of Edgemont than there are at the present time," he said. "There is little stock in that section of the country at present, and that is because the range has been cut up within the last half dozen years by the homesteaders who have tried dry farming. Now it has been proved that dry farming is no success in that part of the country and within the next few years the homesteaders after proving up are going to move out and leave the land to grow back into range. The ranchmen will stock up again as fast as this takes place, and we will raise more live stock than has been raised there for years." The same thing he said was taking place in a great many parts of the former range country that had been cut up into farms for dry farming where dry farming had proved a failure. A notable example of this. he said, was in northeastern Colorado where many farms had grown back into wild grass and were being grazed over right now.

## AN AMERICAN **BEVERAGE**

### Pineapple Juice Properly Served Gives a Drink Beyond Compare.

When properly served there is no drink that can be compared with pineapple juice.

Here is a drink that is a nature drink from the new island possessions of America.

The juice of the Hawaiian Pineapple contains the natural ferments of healthy digestion to a remarkable degree and is the greatest aid to digestion of any pure fruit juice known.

Pineapple juice is a pleasant drink full of a peculiar snap that makes it a favorite beverage whenever tried. Its use in cases of sore throat will be found to be very beneficial.

Dole's Pineapple Juice is the absolutely pure juice of choice pineapples, bottled and sterilized at Honolulu. Sold by grocers and druggists every-

Sherman Repaid for Kindness by Attempt at Robbery.

KNIFE WOUNDS MAY BE FATAL

kind Hearted Laborer Puts Up Fight When Dagger is Shown and Receives Two Deep Gashes.

After having befriended a homeless vanderer and given him the price of a bed, C. W. Sherman, a laborer, aged 48, living in Albright, was repaid for his kindness by being robbed and perhaps fatally stabbed early this morning. At 1 o'clock the police were called to

Ninth and Davenport streets by the Union Pacific night watchman, who reported that he had heard a shot and a man's scream for help. Patrolmen Goodrich and Psznowski made a thorough investigation, but failed to find anything. Twenty minutes later the police were called to the U. S. restaurant at Fifteenth places, nad crawled. At the station he

Police Surgeon Ellwood gave him medical attention and he was taken to St. Joseph's hospital where it was said his condition was serious.

Sherman told Detective Hell had met his assailant a few hours before and had given him the price of a bed. The man suggested getting a drink and Sherman acquiesed. He was led to Ninth and Davenport streets and in the shadow of a switchman's shanty the Saloon Resper Sued-Christian Peder- new acquaintance pulled out a long knife, and pressing it against the heart of his benefactor, demanded his money.

Sherman put up a fight and received half a dozen ugly slashes across the face and two deep gashes in his abdomen where the knife entered. His assailant failed to get any money and made his escape in the darkness when Sherman be-

## Connell Will Inspect All Bath Houses and Bathing Resorts

Health Commissioner Connell will detail inspectors to investigate sanitary conditions in Turkish bath houses and lakeside bathing resorts and order a general cleaning up if conditions are as unsanitary as has been reported.

Complaint was made that owing to the large crowd handled at Courtland Beach Sunday bathers were furnished with wet suits, and upon returning from the lake were unable to secure clean or dry

Dr. Connell says he has jurisdiction over Courtland Beach, as well as over other places within the three-mile out-oftown limit. Annual inspection of bathing resorts and bath houses is made, but such an inspection has not been made

## What Omaha Faces in Coal Situation

Omaha people who have in past summers supplied their homes with coal for the winter by purchasing these black nuggets during the months of July and August have learned that the supply of anthracite is very low this year and they cannot get the low prices that have prevailed in summers heretofore. Omaha dealers have not been supplied with the carloads, though the orders for coal are even greater that they were last summer The mine operators are not shipping cars in great numbers to the west just now. so, it is said, the consumer will be forced to pay a higher price for this eastern coal than he has done when he has bought during other summers.

Some of the Omaha dealers are offering consolation to the man who wants to fill his bin for the winter-who wants to fill it now-by offering him southern coals and semi-anthracite grades. The semi-anthracite coal should be wet before being placed in bins, according to the directions given by the dealers who sell this variety. This coal is said to have many advantages which make it an ideal for home consumption. The dealers who sell it are willing to go into the details of its efficiency with anyone who is bothered by the coal problem

## Tests Show Omaha Milk is High Grade

Tests of milk sold by Omaha dairies shows that never before was the milk freer from germs than during the month of July. A stringent city ordinance makes a dairyman liable to prosecution for selling milk that contains more than 150,000 bacterla per cubic centimeter, but the city bacteriologist has found no milk this month containing more than 100,000. "According to the bacteriologist," said Dairy Inspector Bossie, "milk this month is showing the presence of from \$,000 to 100,000 bacteriia per cubic centimeter. When you consider that in several eastern cities from 500,000 to 750,000 per cubic centimeter is allowed by ordinance you'll

than is sold here." Inspector Bossie has ordered all dairymen to keep ice packed about the milk cans during delivery. He examined several wagons and found the order being satisfactorily complied with, some cans of milk testing as low as 36 degrees. Bossie will prepare an ordinance regulating the degree of temperature at which milk must be always kept and directing that it must be cooled immediately at the

see that nowhere is there any better milk

## Bernstein Pushes His Woodmen Fight

Nathan Bernstein goes to Lincoln today to attend a meeting of the state executive insurgent committee of the Modern Woodmen of America. The purpose of the meeting is to consider the general welfare of the insurgent movement against the advance of rates and to note the progress of the injunction cases in Illinois and Iowa.

Monday evening he departs for Denver, Pueblo and Trinidad. In the Colorado towns he will visit with the insurgents and help stir up sentiment, besides renewing acquaintances. Mr. Bernstein was assistant principal of the Trinidad High school for five years and has lectured all over the state of Colorado.

Silk and cotton mixtures, silk Tussah, novelty marquisettes, silk striped voiles, bordered voiles, etc., worth to 50c a yard.

## MANY JOINING ROYAL RANKS Real Motive of the

King Ak-Sar-Ben is Conducting a Lively Roundup.

BIG INCREASE IN MEMBERSHIP

Effort Being Made to Increase Imperial Household to Two Thousand by Time of Court Activities Next Week.

At the weekly meeting of the Ak-Sar-Ben hustling committee at the Paxton bership of the organization to 2,000 by next week. The enrollment now includes 1,835 names and the teams which have enfered into a lively competition, believe 2.000 names will be on the roster within

The committee has been working only three weeks and has added 206 names to the roll. The city has been mapped out into sections, with a team for each section. Rules against solicitors in office buildings have been invalidated for them with a happy result for Samson. Charles Beaton, chairman of the committee, re ports the following standing of the teams: 

## Child Falls Three Stories to Pavement

While playing on a porch yesterday aftrnoon the 2-year-old daughter of Mrs. A. Grago, 705 North Eighteenth street, fell a distance of three stories, striking the pavement in the street below on her head Aside from a broken nose and a few bruises the child was not seriously in-

## RICKERT IS RELEASED BY THE TOPEKA TEAM

Joe Rickert, the oldest player, in point of service on the Topeka team, was given his unconditional release by Manager Dale Gear Sunday night, just before the team left for home. Rickert has been one of the best players the Kaws have had and is still one of the best fielders and hitters on the team. Manager Gear, however, was ordered to cut down expenses, it is asserted, and Rickert was

## McGovern Recall Petition is Shown

"Discharged employes are not the only ones behind the recall on Councilman McGovern and the recall is not the only string to the bow," declared a city hall wise guy yesterday.

"Is that so? What about it?" "Yes, it's so," was the reply. "The discharged employes circulated the petitions all right, but they were put up to it by some of the paving contractors and public works builders who are afraid they will not have a free and easy hand with Councilman McGovern on watch over them. They admit now that they cannot pull the recall through, and expect to play the other card up their deeve, which is to have McGovern pulled off his department and reassigned by his colleagues to some place where he will be harmless to them. Just put that in your notebook and watch develop-

## SCHOOL HOUSES WERE INSPECTED YESTERDAY

Superintendent E. U. Graff, Duncan Finlayson, superintendent of school buildings; Dr. E. Holovtchiner, chairman of the buildings and grounds committee of the Board of Education, and Commissioners A. C. Kugel and C. H. Withnell made a trip of inspection to the school buildings in the city yesterday. Charges that plumbing conditions in many schools are in bad repair and that money has not been fothcoming upon the buildings and grounds committee's recommendation have been made and the trip of inspection is the result.

## RAILROAD CONTRACTORS FIND PLENTY OF MEN

W. D. Waldo, railroad contractor from North Platte at the Merchants bunday declared there was no truth in the statement that the contractors were having a hard time to get men to work for them. He declared he could get all the men he wanted all the time. Having observed the crop conditions in the western part of the state he said the country in the vicinity of North Platte was suffering greatly for the want of rain, while the country around Sidney, Neb., where It is usually expected to be dry has had abundant rains this year and the crops there are wonderful.

Dr. Connell Says Ultimately All Must Be Done Away With.

ORDERS WELL WATER BOILED

Many Typhoid Fever Cases Are Traced Directly to the Use of Well Water Which is Full of Germs.

Every well in the city will be ulti mately condemned and closed, for tests made by the city health department have shown the presence of colon bacilli in all water from them that has been examined. Cases of typhoid fever have been traced directly to the use of well water and Health Commissioner Connell is ordering the water boiled before it is

City Bacteriologist Langfeld has reported the presence of typhoid germs in two more wells, one on North Twentyfourth street and the other in the south section of the city. Investigation of the well water followed the report of two cases of tpphoid.

All cases of typhoid fever reported to the department are being immediately investigated. These investigations have without exception disclosed the fact that use of water from wells was the cause. Dr. Connell has condemned several wells, but as quite a portion of the city depends exclusively upon the use of well water, the health commissioner has permitted the residents to continue the use of the water after it has been thoroughly

"I have been charged by the residents whose wells we have condemned, with working for the water board to secure extension of service for the city plant," said Dr. Connell, "but the question is primarily a sanitary one and this water must not be used after city water is

Baltimore & Ohio Railroad. Low fare round trip 30-day limit tickets via Washington, D. ## WAGES WAR ON CITY WELLS Action on Pay for Bridges Waits on Report of Auditor

Reports of County Surveyor George McBride on bridge work in the county since January 1 were referred to County Auditor George Anthes for examination and verification by the Board of County Commissioners and no further action in the matter of alleged lax management of bridge work will be taken until Anthes reports his findings, which will be about next Friday.

McBride told the board his reports show just what work has been done and how much had been paid, though whether or not the figures are correct depends largely upon the veracity and competency of inspectors and foremen. When Anthes reports the board will

try to determine whether or not the work has been done in such a way that the county may be sure it has received its money's worth. If methods heretofore employed are found to have been un satisfactory new methods will be em ployed in the future.

## TWO OMAHA BOYS JOIN UNCLE SAM'S NAVAL FORCE

Two Omaha boys have enlisted in the United States navy at the local naval recruiting station. They are David Griffith Knowles and Harry George Wespell. The former goes as an electrician and the latter as a machinist. Two other recruits were accepted. They were William Warren Temple of Denison, Ia., and Marion Frye of Glenrock, Wyo.

### COTTON MILL WORKERS GO OUT ON STRIKE

NEW BEDFORD, Mass., July 15-Operatives in Twelve cotton cloth mills in this city struck today to enforce the denand of the weavers for the abolishment of the grading fines system of wages. The strikers gathered about the gates of the mills and made a noisy demonstration, but no violence was reported dur-

ing the early hours. Key to the Situation-Bee Advertising.

## GRAY HAIR MADE DARK

If You Want to Darken It, This Simple Formula Will Do It Nicely.

There are few people in this world who are satisfied with gray hair—when it appears in their own dark locks. who are satisfied with gray hair—when it appears in their own dark locks. Most of us want to get rid of it, and this simple recipe, which can be readily made up at home, is about the surest, most satisfying means that could possibly be employed to change the gray locks to a soft, nice, glossy brown. To I ozs. of water add one small box of Barbe Compound, one oz. of bay rum and one-fourth oz. of glycerine. Any drug store can supply the ingredients at little cost and you can de your own mixing. Apply it to the gray hair or beard see a week until the desired dark shade is obtained, then once every two weeks will be sufficient. It is dark shade is obtained, then once every two weeks will be sufficient. It is equally as meritorious for removing dandruff and other ills of the scalp and for promoting the growth of the hair. You will be highly pleased when you see how admirably this simple mixture will eradicate the traces of age in your hair and how free it is from the objectionable features of the ordinary dyes, stains, etc.

## **SUMMER SKIN DISEASES**

During the summer most persons are annoyed with pimples, boils, rashes, or eruptions, while others suffer more severely with Eczema, Acne, Tetter, Salt Rheum, or some kindred skin disease. The eruptions may be glossed over and inflammation reduced by the application of washes, cosmetics, salves, etc., but no skin affection can ever be permanently cured in this way. Only pure blood insures a healthy skin and the circulation is therefore the point at which treatment should be directed. S.S.S.

cures Skin Diseases of every kind by neutralising the acids and removing the humors from the blood. S.S.S. builds the circulation up to its normal strength, increases its nutritive powers and adds to its purity in everyway. Then the skin instead of being irritated, burned and blistered with acid humors and impurities,

is nourished and healed by a plentiful supply of pure, rich blood. Book on Skin Diseases and any medical advice free to all who write.
