McCORMICK NAMES COMMITTEE

Five Men Will See Governor Deneen
and Other Republican Candidates
and Ask Them Where They
Stand.

NEW YORK, July 18.—Chairman Hilles of the republican national committee talked over the situation with Secretary Reynolds today, but had nothing to say other than that the sub-committee of the full committee would meet tomorrow to suggest the name of a treasurer and publicity manager for the committee.

United States Senator Dixon, campaign manager of the national progressive party, planned to leave here late tonight or tomorrow for a few days' visit in Chicago.

Senator Dixon said that the party would place state and county tickets in all states as well.

Within a few days the temporary chairman of the Chicago convention will be named. Senator Dixon said that a dozen names for vice president had been talked over, including Governor Johnson of California, John M. Parker of New Orleans, who ran for governor on the democratic ticket in Louisiana; former Senator Beveridge of Indiana, and several others.

Committee Will See Deneen.
CHICAGO, July 18.—The committee of five representatives of the progressive party which is to ascertain the views of Governor Deneen and other nominees on the republican state ticket regarding the candidacy of Taft and Roosevelt will include J. T. Williams, Sterling B. F. Harris, Champagny, F. S. Allen, Moline, and Chauncey Depew and Merrill McCormick of Chicago.

The committee was named today by Mr. McCormick in accordance with the decision of the meeting of progressives last Tuesday when preparations were made for a state convention August 3, to select delegates to the progressive national convention in Chicago, August 6. It is to announce the candidates' answer July 23.

Mr. McCormick today gave out the substance of a telegram from Senator Joseph M. Dixon, in which the latter was quoted as recommending that a ticket be put out in Illinois upon which a candidate for governor favorable to Colonel Roosevelt might run.

The mass meeting which recently issued a call for a state convention did not specifically provide for a state ticket.

Berger Assails Taft, Roosevelt, Bryan and Wilson in Speech

WASHINGTON, July 18.—Representative Berger of Wisconsin entertained the house today with a "keynote" speech on socialism. He described the socialist ticket as "the international ticket of humanity."

"This country is divided into classes much as any monarchical country," declared Mr. Berger. "Therefore the working class—the men and women who work either with their brains or their hands—must have a party of their own to take care of the interests of their own class."

Mr. Berger attacked Governor Woodrow Wilson as "a creature of the bosses," assailed President Taft and Colonel Roosevelt and referred to William J. Bryan as a "dictator."

Charged with Murder Committed in 1893

NEW ORLEANS, July 18.—Giuseppe Cantania Chiappara, aboard the Italian steamship Delphine at Pensacola, made up his mind to visit his daughter in New Orleans, whom he had not seen for nine years. So, immigration officials charge, he deserted the Delphine. Yesterday they found him at his daughter's home, then they called in local detectives, who declared he had killed Vincenzo Cangelosi here in 1893 and escaped to Italy.

Chiappara declares that for the murder he was tried in Palermo and served nine years.

If no local witnesses are found the immigration officers will attempt to have the Italian deported.

"Jack" Rose, Former Partner of Rosenthal, Placed Under Arrest

NEW YORK, July 18.—"Jack" Rose, wanted by the police in connection with the murder of Herman Rosenthal, the gambler and informer against the police at police headquarters today was questioned for two hours by deputy commissioner Dougherty. Rose admitted Dougherty said, that he was a passenger in the automobile in which Rosenthal's murderers drove to the hotel Metropole but said he left it before the shooting took place.

Clues being slowly unearthed here and there indicate today an unfolding of the plot that led to the shooting down of Herman Rosenthal, the gambler, who was killed early Tuesday, a few hours before he was to make further revelations regarding his charges that the police grafted on gamblers. Louis Libby and William Shapiro, owners of the gray automobile which took the murderers to the scene of the shooting, are said to be in possession of information which they propose to reveal to the district attorney that will indicate that the police system was responsible for the plot to make away with Rosenthal.

Shapiro and Libby say that the car was hired by telephone by Jack Rose, a gambler, who, with two other men, one of whom is known by the name of Itke, boarded the automobile shortly before midnight and were taken up town. On the way Shapiro said he picked up one or two other men. Shapiro's story of what happened thereafter is being reserved for the district attorney.

Meanwhile detectives are searching for Jack Rose, who is said to be a friend of Lieutenant Charles Becker, the police officer whom Rosenthal involved in his charges of police grafting.

It was reported that the police headquarters this afternoon that the arrest of a prominent police official in connection with the Rosenthal murder would soon occur.

Police Commissioner Waldo today announced the suspension of Patrolman William J. Pile, who was in the Hotel Metropole off duty at the time of the murder and unsuccessfully pursued in a taxicab the automobile in which the murderers escaped.

Democrats Continue Filibuster Against Sundry Civil Bill

WASHINGTON, July 18.—Democrats of the senate, who were defeated, 37 to 57, in an effort to have the wool bill taken up at the opening of today's session, resumed their argument of yesterday against the \$100,000,000 sundry civil appropriation bill.

Democratic leaders declare they would continue the filibuster until assured of a vote on the tariff bill. The big sundry civil appropriation bill against which the filibuster is directed carries many important appropriations.

"With the Panama canal bill the unfinished business, the democrats leaders will be able to hold up the appropriation bill for several days.

The difficulty in reaching an agreement is said to be one of details only. The regular republicans are willing to permit a vote on tariff bills, but the progressives want to eliminate debate. They demand they shall have opportunity to present amendments if the bills are discussed at length.

As the session proceeded the democrats continued their filibuster and forced the senate to take up the Panama canal bill. Senator Brandegee put in an estimate that foreign ships would pay approximately \$100,000,000 a year in tolls under the provisions against which Great Britain has protested.

Senator Stone estimated that if the Hague court should decide against the United States five years after the free toll law had been enacted about \$60,000,000 would have to be repaid to foreign vessel owners.

British Objection to Panama Canal Bill is Delayed

WASHINGTON, July 18.—A Mitchell Innes, charge of the British embassy, appeared at the State department today and it was understood that he bore with him the British protest against pending Panama canal legislation which was expected to arrive in New York by mail steamer yesterday. It appeared, however, that Mr. Innes had called to notify Secretary Knox that for some reason unknown to him the document had not yet arrived. Consequently the secretary and the charge agreed to refrain from any discussion of the subject pending the receipt of the papers.

PEKING, July 17.—Prof. Jeremiah Jenks of Columbia university and formerly of Cornell was today offered the post of financial adviser to the Chinese republican government. Mooney Refuses Post at the White House

WASHINGTON, July 18.—Granville W. Mooney, former speaker of the Ohio assembly, has declined the post of assistant secretary to President Taft to succeed Sherman P. Allen of Vermont, who yesterday was nominated for assistant secretary of the treasury.

Mr. Mooney was recommended for the position by Senator Burton, but declined because he wished to stay in Ohio. It was said today that another Ohio man might be selected.

Mr. Allen may continue at the White House until Mr. Taft finds a man to fill his place.

IS NORRIS A REPUBLICAN?

Nebraskan Questions His Own Right
to Benefit of Party Label.

PROPOSES A RECALL PRIMARY

Senatorial Nominee Would in This
Way Evade Law Making Na-
tional Convention's Action
Govern Use of Name.

WASHINGTON, July 18.—Representative Norris of Nebraska, progressive republican and a Roosevelt supporter, in a letter sent today to John L. Kennedy, chairman of the Nebraska state republican committee, asks for another senatorial primary in "which his republicanism is to be tried and a new set of instructions he voted to candidates for Roosevelt and Taft electors. He proposes that electors for both sides stand by the recall.

Mr. Norris made the proposal in reply to criticism in his state and published demands that he support President Taft or get off the republican ticket.

Believes in the Recall.
"I am a believer in the recall," said Mr. Norris in his letter. "I am willing that it should be applied to me, and, if since my nomination, my course in refusing to recognize Mr. Taft as the republican nominee is unsatisfactory to the republicans who nominated me, I am not only willing, but I believe it is my duty to withdraw."

"Under no circumstances can I be induced to support a man for office whose nomination I conscientiously believe to have been obtained by the corrupt and unlawful methods which I believe were perpetrated in the so-called re-nomination of President Taft, and if my nomination, which I support, must depend on such support, then I much prefer to remain in private life."

Representative Norris defeated Norris Brown in the primary for senator.

Chairman John L. Kennedy of the republican state central committee said this afternoon that he had not yet received the letter said to have been written to him by Representative Norris from Washington, in which the latter is said to be asking for another senatorial primary in Nebraska in which his republicanism can be tested. Mr. Kennedy said as he had not received the letter he would not be in position to say anything about the proposition until he knew exactly what the letter contained.

Senator Norris Brown does not approve George Norris' suggestion of another republican senatorial primary in Nebraska, and should another be held he will not be a candidate, for he is entirely through with politics. So he declared yesterday when apprised of the Norris suggestion to State Chairman John L. Kennedy.

"The republicans have had one primary in Nebraska," said Senator Brown, "and have decided who they want for senator. Mr. Norris has been nominated and is entitled to stay on the ticket if he wants to, so far as I am able to say."

"I am through and am out of politics. Under no circumstances would I make another race."

Mexican Rebels Will Leave Juarez

JUAREZ, Mexico, July 18.—Activities of the citizens' vigilance committee, organized to preserve order during the passage of the city from rebel to federal control, led today to the report that the insurgents would evacuate Juarez within forty-eight hours.

The rebels admit that they intend to abandon Juarez soon, moving the garrison of 600 men here to Casas Grandes, 141 miles southwest, on the Mexican Northwestern railroad, but have made no announcement as to the time for their proposed departure. The vigilance organization, however, was busy today preparing for a change.

Juan M. Medina, who once was mayor of Juarez, is in charge. It is expected that when General Huerta, the government commander-in-chief, arrives in Juarez, he will respect the neutrality of the vigilance body.

Block Signal is Now Feature of Inquiry Into Chicago Wreck

CHICAGO, July 18.—Mrs. Julia Wilcox, operator of the block signal at Western Springs, was one of the witnesses summoned to testify in the coroner's inquiry at La Grange today into the wreck on the Burlington road in which thirteen persons were killed last Sunday. It was expected that she would be questioned concerning her reasons for setting the block signal to stop the Denver passenger train and also what other trains had been stopped by her before the wreck occurred.

She has declared that after releasing the passenger train she set the signal to stop the fast mail and that the stop signal was properly set when the fast mail ran past the signal tower and into the passenger station 600 feet east.

Records of the county court, showing that Mrs. Wilcox had been an inmate of the Dunning insane asylum and had been discharged as cured in the possession of the coroner and some of the questioning may hinge on her fitness to have charge of a signal tower.

The first witness was George M. Eno, engineer of the Denver train, in the rear coaches of which were the passengers killed when a fast mail train crashed into them.

"Why did you stop at Western Springs?" asked Coroner Hoffman.

"The block signal was set against us," replied Eno. "Because of the fog; I did not see the signal until I was right upon it."

"I saw a flagman get off the train and go back," he continued. "I know the fast mail was following us. After the crash came, I stepped down from the cab and said to my fireman: 'My God, I'm afraid to go back.'"

Frank Woodworth, flagman of the passenger train, testified he went back and placed two torpedoes on the track. He declared that after the passenger train stopped in obedience to the signal, he noticed that a clear signal was displayed.

A number of questions from the coroner were necessary to bring out the statement from the flagman that a danger signal was again displayed before the fast mail reached the signal tower.

DENY BOMB SENT BY MAIL TO TAFT

Story Current in Washington that
Allen Extinguished Sputtering
Fuse.

PACKAGE RECEIVED AT OFFICE

Customary Not to Admit Any Attack
Upon President.

DYNAMITE IN THE MACHINE

Executive's Mile Always Examined
by Secretary.

CALLS IT A COMPLETE HOAX

Report Circulated that Secretary
Had His Hand Badly Burned in
Opening Infernal Machine
Sent to Executive.

WASHINGTON, July 18.—A circumstantial story of an attempt on the life of President Taft is being denied vigorously early today by White House officials and Chief Wilkie of the secret service. It was said that a bomb, wrapped in a package, was received late yesterday at the executive office and placed upon the desk of Sherman Allen, one of the White House assistant secretaries, who has just been appointed assistant secretary of the treasury. The package was, of course, intended for the president, but packages and letters never reach him without first passing through the hands of a secretary and Mr. Allen opened it.

The report was that as Mr. Allen unwrapped the package, he discovered an infernal machine, said to have been charged with dynamite, and with fuse sputtering, which he quickly extinguished with his hands.

Mr. Allen emphatically denies the story, as do all the other White House officials. Chief Wilkie of the secret service, who is charged with guarding the life of the president, also denies it. It has always been the practice of the secret service and White House officials to deny publicity to any incident which savors of an attempt of violence upon the president. Though the story, as published, is very circumstantial, it is pronounced wholly unfounded.

Allen Denounces Story.
When Secretary Allen reached his desk at the White House this morning he denounced as absolutely untrue the published story of his having opened an infernal machine intended for the president.

"This thing is a complete hoax," he said. "There is not a word of truth in it. I have not a burn on my hand from extinguishing the fuse."

Mr. Allen held out two perfectly undamaged members to prove his statement. The published story declared he had been burned putting out the fuse.

"Moreover," continued Mr. Allen, "I do not open the mail. The whole thing is such an absurd story that I do not even intend to issue a statement denying it. I am disgusted. That's all I can say."

To personal friends Mr. Allen gave his word that he had opened no bomb and knew of none being received at the White House.

Other officials backed up his denial.

Nine Are Drowned by a Cloudburst

JACOBS CREEK, Pa., July 18.—Nine persons were drowned in a cloudburst in Barren Run, near here, early today.

The dead are Mrs. John Rovinsky and six children; her brother, Mike Rovinsky and her mother.

During the storm Raymond went from his house to the barn, located in a ravine near Barren Run. He did not return and after waiting two hours, the wife, her children and the other members of the family became frightened and went in search of him. As they reached the ravine, a wall of water swept down and carried them away.

Raymond was safe in the barn and escaped. The body of the brother has been recovered and search is being made for the others.

This afternoon the bodies of four of the Raymond children were found a mile and a half down the stream, from where the home had stood. The house, too, was washed down stream and crumbled into debris against a clump of timber.

Searchers still patrol the banks of the stream seeking the bodies of the other victims.
