

ROAD IS SPENDING MILLIONS

Missouri Pacific Makes Plans for Improvements in Omaha.

BIG OFFICIALS GO OVER ROAD

Work of Improving Belt Line Will Begin Immediately and It Will Be Finished Within Six Months.

Having just completed reconstruction of the line between Omaha and Kansas City, at a cost of close to \$1,000,000 and having about completed extensive improvements on lines out in the state, the Missouri Pacific has now commenced spending \$250,000 in Omaha. This work will consist of practically reconstructing the Belt line around the city, between Omaha and South Omaha.

General Superintendent DeBernardi and J. R. Leighty, engineer of maintenance and ways, were in the city and with O. Rickert, engineer of the Omaha and Nebraska divisions, at once went out over the Belt line, laying out the work. The improvements have been contemplated for some months and the blue prints have been prepared. All that remained to be done in order to give impetus to the work was the appropriation of the funds. This was done recently, when in New York the directors of the system met and appropriated money for the improvements contemplated on the Denver & Rio Grande.

In the budget there was an appropriation for improvements on lines in Missouri, Kansas and Nebraska. President Bush, realizing the importance of the Belt line in connection with the Missouri Pacific system, pointed out the benefits that would accrue by building up and locating manufacturing plants along the track and as a result he was given authority to spend the sum of \$250,000. President Bush then referred the matter to Superintendent DeBernardi, who was given a free hand to do the work.

The work of improving the Belt line will begin immediately and the expectations are that it will be finished inside of six months. Grading for a second track will be commenced and pushed with the greatest rapidity. The grades will be cut, and where there are hills necessary, they will be made. The bridge for the tracks over Sherman avenue will be rebuilt and widened, as will the overhead crossing of Thirtieth street.

The heaviest piece of work on the line will probably be at the point where the road runs under Hamilton street. There the cut is nearly 100 feet. This will be widened almost to the width of the right-of-way and a new wagon bridge, nearly 90 feet long, thrown across.

Missouri Pacific officials figure that by double tracking the Belt line it will just double the trackage for locating industries. And as soon as the work is well under way a campaign will be inaugurated by the road's industrial department to locate warehouses, factories and manufacturing plants along the line.

SEMI-ANNUAL BANQUET IS ENJOYED BY I. O. B. B.

William McKinley lodge, No. 621, Independent Order of B'nai B'rith, held its semi-annual banquet Thursday evening following the installation of officers. For the first time in the history of the lodge the banquet was held in conjunction with the ladies' auxiliary. Harry Wolf presided. Henry Monksy, who was delegate from McKinley lodge to the national convention of the Independent Order of B'nai B'rith at Renton Harbor, gave his report. The following members of both the McKinley lodge and the ladies' auxiliary responded to toasts: Herman Aurebach, Miss Rose Goldstein, Miss Marion Alpersen, S. J. Leon, L. I. Peilen, Dr. M. Gordon and Miss Jennie Gordon. Telegrams of congratulations were received from Panama, San Francisco, Dallas, New York, Chicago, Winnipeg and Washington.

William McKinley lodge has made wonderful growth the last year and is today one of the leading branches of the Independent Order of B'nai B'rith.

Following are the new officers installed: President, S. J. Leon; vice president, L. I. Peilen; treasurer, D. Gross; secretary, I. Densky; guardian, J. Farber; trustees, Dr. M. Gordon, Mark Leon and H. Brower.

SECOND LAWSUIT IS STARTED OVER LAD'S DEATH

Another lawsuit growing out of the death of Clayton Mayer, son of Charles C. Mayer, a piano salesman, when a cake of ice fell on the lad, was started in district court. Mayer sues John Nittler, a liquor dealer, for \$25,000 damages for the boy's death. It is alleged that the boy and others were running after the ice wagon when the cake of ice negligently was permitted to fall. It is charged that the negligence of the wagon men resulted from their drinking in Nittler's saloon. Nittler's surety, the Illinois Surety company, is made a co-defendant.

In February last Mayer recovered a \$1,500 judgment from the South Omaha Ice company for the boy's death.

MARSHALL WRITES TO THE DAHLMAN CLUB

Governor Thomas R. Marshall of Indiana has written Thomas J. Flynn, president of the Dahlman Democracy club, a letter acknowledging receipt of the resolutions passed by that club pledging support to the democratic nominees for president and vice president. The letter follows:

I have been greatly pleased and deeply touched by the numerous letters of congratulations and resolutions of support which have come to me. None, however, have arisen to the high dignity of the one which comes to me from the Dahlman Democracy club.

Please convey to the members thereof my grateful appreciation of this courtesy and express to them my hope that I shall always be worthy of the confidence and esteem of my fellow democrats.

AUTO BACKS DOWN STEPS INTO HANSCOM PARK

Losing control of his automobile at Woolworth and Park avenues Thursday, James Sittler, 141 Leavenworth street, backed his machine down twenty-four steps leading into the park. Another man was in the machine at the time. Neither of the two were hurt, as the machine did not overturn.

With the aid of six men the automobile was pushed to the south entrance of the park, where exit was gained to the street.

Sittler was turning his machine around, when he became excited and threw on the reverse power. Although several persons were coming up the steps at the time, all jumped down the steep embankment to safety.

S. O. Horsemen Will Lead Parade at Den Next Monday Night

Dad Weaver and Gus Renze, King Ak's schemers, went to South Omaha Thursday and gathered twenty men into the king's realm. The number of South Omaha men enlisted in the king's service this year will be more than twice the number of any previous season. The membership of the organization now stands 1,924, and it is expected the number will go above the 2,000 mark Monday night when South Omaha will be given a special entertainment at the den.

Fifty cavalrymen from the stock yards, headed by Everett Buckingham on his own fiery steed, will ride to the den and parade in the lead of the grand entree of wild beasts.

Dad Weaver is now sending invitations to citizens of Bennington, Arlington, Washington and Kennard, asking them to attend Ak-Sar-Ben's circus a week from Monday night, when they will be given a big time. It will be their night.

Fredrickson on the Last Leg of His Trip

H. E. Fredrickson, the good roads booster of Omaha, is in Laramie, Wyo., preparing for the last leg of his trip to Salt Lake City. He will return to Omaha in a short time.

The good Omaha good roads boosters have done in the west was complimented by H. E. Davis, a retired business man of Pittsburgh, Pa., who arrived in Omaha Thursday enroute home after an automobile trip to the coast and Yellowstone park.

Mr. and Mrs. Travis, their two daughters, a grandson and Driver P. W. Heckert, are making the trip in a big seven passenger automobile. The roads in the west, he declares, are far superior to Pennsylvania and other roads in the east.

Heckert said he had found automobiles can go 2,000 miles farther on their tires here in Nebraska than they can in Pennsylvania. The roads there are rocky and are not as well graded as Nebraska roads. R. A. Travis, who is 75 years old, called this trip the greatest he had had in his life. The party left Pittsburgh June 7 and expect to return in two weeks. On the way out they followed the Omaha good roads boosters.

Tender Youth Enjoys Expensive Pleasure

George Beeson, scarcely 5 years old, had the time of his life Thursday, when he struck out to see the town. He left the home of his parents, 410 South Twenty-fourth street, and was picked up by the police at Twenty-fourth and Farnam streets. When they took him home he told about what a nice ride the blue-coat had given him in the patrol wagon.

He ran away from home later in the day and showed up at the Boyd theater, where he gained admittance by telling the doorman that his mother was inside.

When the theater was closed for the night he was found in the building and turned over to the police, who took him home in a taxi. George's father had to pay the auto bill.

Cosgrove Moves Away from Omaha

Fred H. Cosgrove, former city comptroller, and his family will make their future home in Minneapolis. They left last night. Mr. Cosgrove will engage in the land business. He has already made connections as manager for a land company dealing in Minnesota soil. He has sold his home in Bemis park.

Prior to becoming comptroller, Mr. Cosgrove was assistant under comptroller Lobeck, and has had a good many years of experience in civic affairs. He is a democrat in politics and was an unsuccessful candidate for nomination as city commissioner at the primaries of the recent city election.

Bicycle Thieves Continue Activities

Two messenger boys in the employ of the Postal Telegraph company branch office in The Bee building were compelled to quit their jobs this week owing to the theft of their bicycles from in front of the building. On Monday afternoon the bicycle belonging to Axel Jensen was stolen. On Tuesday afternoon Edward Stavish reported to the police that his wheel had also disappeared. Thursday afternoon a bicycle belonging to Harold McKenna, a messenger boy in the employ of The Bee, was stolen. All the wheels when stolen were locked.

Fortune Tellers to Work Elsewhere

Palms, clairvoyants, fortune tellers and all the tribe who deal in "futures" as so much per will find Omaha a barren field of operation if an ordinance introduced at the council meeting is passed. This ordinance prohibits all fortune tellers from holding forth in this city under penalty of a fine not less than \$10 nor more than \$100. The ordinance will be considered at a meeting of the council in committee of the whole Thursday.

SIGNAL CORPS COMPANY WILL GO TO CONNECTICUT

Company A of the signal corps, stationed at Fort Omaha, has been ordered to Bridgeport, Conn., to take part in the national maneuvers at that place. The company will go in a special train August 3 and is to remain in camp until August 13. None of the companies from Fort Omaha or Fort Crook have been ordered to the maneuvers at Pole Mountain, Wyo.

COMMISSION TO EXAMINE PLATS PROPOSED BY RYDER

Commissioner Ryder has asked the city council to create a "plat commission" to be paid out of fees for examining plats. The resolution has been referred to a committee of the whole, where it will be discussed.

A Cruel Mistake is to neglect a cold or cough. Dr. King's New Discovery cures them and may prevent consumption. 50c and \$1.00. For sale by Beaton Drug Co.

New Equipment for Militiamen Arrives

A carload of equipment, including new guns and the necessities for the Omaha companies of the state militia, has arrived in Omaha from the government arsenal at Rock Island, Ill. The Omaha militiamen will be among the best equipped at the encampment at Pole Mountain, where they are to go July 23. As most of their equipment was burned in the armory fire they will be almost wholly supplied with new outfits. Instead of the conical tents they have had in the past they will be supplied with the pyramidal tents, which are looked upon with much more favor by the men and are roomier, having space for eight cots each. Brand new uniforms also will adorn the Omaha militiamen.

WARNING TO SICK PEOPLE

The gratifying success of our "United" system of medicine in the treatment of chronic diseases has not only convinced the people that "United" treatment often succeeds after ordinary doctors have failed; but our success has also convinced some unscrupulous doctors that they can reap a reward by pretending to be agents for or pretending to be connected with us in some way.

We have been informed that doctors are traveling over the western states reaping a rich harvest from sick people representing themselves to be our agents or using some name so similar to ours as to be confusing to sick people.

Therefore, we make the following statements in order to prevent sick people from becoming confused in regard to where they can receive the United Doctors' treatment.

We have only one office in Nebraska located in Omaha on the second floor of the Neville block, corner 16th and Harney streets.

We have no institutions in either of the Dakotas, Minnesota or Iowa.

We have no traveling representatives in either of the above states or in Nebraska.

We do not conduct any institutes or offices anywhere under the names "Associated Doctors" or "Associated Medical Specialists" or "Western United Doctors" or "Northwestern United Doctors" or any similar sounding names. The only name under which we do business anywhere is just plain United Doctors.

Any sick person who has been defrauded by any doctor or persons who fraudulently represented that he was our agent or was connected with us may compel such doctor or person to return the money and also convict him of swindling by obtaining money by false representation.

\$100 REWARD

We will pay \$100 reward to any person in Nebraska, Iowa or Minnesota or the Dakotas who convicts any doctor or person of fraudulently obtaining money by pretending to be our agents.
