Nebraska. KENT SEES WAR FOR DEMOS Travels Over Nebraska Do Not Disclose Wilson Enthusiasm.

PEOPLE PEEVED AT BRYAN

Treachery to Champ Clark Does Not Rest Well Upon Shoulders of **Proletariate Who Distrust** Sca Girt Statesman.

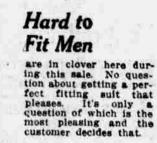

(From a Staff Correspondent.) LINCOLN, July 19 .- (Special.)-John T Kent, a former close associate of Mr. Bryan in his campaign for the presidency in 1908, and who recently renounced allegiance to the democratic party, which he was affiliated with for twenty-two year, says that he is receiving daily letters of commendation from democrats for his outspoken condemnation of the work of the democratic national convention. "There are plenty of democrats in Nebraska and the west," said Mr. Kent, "who do not like the raw deal pulled off by Bryan in going against the instructions of the .democrats of Nebraska and heading an onslaughter on the man who it was easily shown was the choice of democrats of the west.

"Somehow that man Wilson is not creating much enthusiasm among those whom I meet who assail me for the stand I have taken, and I am enclined to believe that there will be less as the campaign progresses. Mr. Wilson is not a man who can create enthusiasm. He is not built that way and neither are his sympathies with the rank and file of the people. Somehow he seems to be up on that lofty place, which is so hard for the average citizen to reach

with his every day thought." Mr. Kent has just returned from a trip out in the state and is not impressed greatly with the way the candidacy of Mr. Wilson is taking with democrats. "I am inclined to believe from what I learned on my trip," he said, "that the opposition to Mr. Bryan in the Grand Island convention will be much stronger than it is generally believed. While they may not 'steam roller' the gentleman, I would not be supprised to see him told a few things which he will not like and which will practically be a condemnation of his treachery 'toward Champ Clark."

Norris and His Plan. The proposal of Congressman Norris to submit the proposition whether he is a republican and if not to get off of the ticket, to the voters, is not thought to be a scheme that can be pulled off. Some of his friends think there is no way in which it may be done and that the expense would not justify the outcome which ever way it might go. Others look upon it as a sort of "grandstand play" on the part of the congressman while others say that in a matter of that kind it would be impossible to get the facts in the case before the people in such a way that they could intelligently act as a judge in the matter and that it would be simply a matter of the voter esting his vote as a prejudiced juror. erats Cau

BEATRICE, Neb., July 19.-(Special.)-Samuel Leech of Wymore was brought here yesterday by Deputy Sheriff F. W. Acton on the charge of assaulting Mrs. Claudie Shaffer, a neighbor. The hearing on the motion to reguire J. Alfred Johnson to return his daughter. Miss Effie, to this county, was heard yesterday by Judge Raper of Pawnee

City. The girl was recently taken from a convent at Omaha by her father who stated that he had filed a bond of \$1,500 and complied with the order of the court. Judge Raper ordered Johnson to give the necessary bond, or if he fails to do so then he must bring the girl to Beatrice, where she will be kept until July 23, when the case will be tried on its merits.

J. W. McFarland returned home yesterday from Rock county, where he was called by a message announcing the death of his little 2-year-old son, who was drowned in a water tank on his farm. The body was found by Mrs. McFarland. The family located on a ranch in that county a few years ago and were making preparations to return to Gage county when the accident happened.

Eugene Snyder, who has worked as reporter on Denver newspapers, arrived in the city yesterday, having made the trip from Denver afoot.
