Commissioner Ryder Would Amend Ordinance Regulating Sale.

SQUATTERS TO LEAVE PARKS McGovern Introduces His Ordinance

Permitting Meters to Be Placed in Basements of Houses

Instead of Curbs. Commissioner Ryder introduced at the city council meeting Friday morning an amendment to the existing ordinance regulating disorderly houses and the sale of intoxicants. The amendment makes it a misdemeanor for any business firm, in-

dividual or householder to sell malt, spirituous and vinous liquors in any house after 8 p. m. Mr. Ryder says this phase of the liquor industry was not covered by the old ordinance, which was passed long before the 8 o'clock closing law complicated the situation. By the amendment, which will

be discussed by the entire commission before it is passed, the holding of a government or local license is interpreted as intention of selling intoxicants. The fine for conviction under the amendment i not less than \$5 nor more than \$100. Commissioner Hummel introduced

resolution ordering all squatters on public property to vacate forthwith or be prosecuted. He will prepare a list of residents who have located on public lands. Commissioner McGovern's resolution ordering all water meters to be installed in the basement instead of at the curbs was read and referred to the committee of the whole. The committee of the whole will hereafter meet each Thursday morning at 10 o'clock.

The, ordinance fixing the distance moving picture theaters must be located from churches and schools was read and referred to the committee of the whole. The distance was not named, but will be 300 feet or more, so that present establishments will not be ferced to move. Bids for curbing the northwest boulevard with artificial stone were received and referred to the engineering department for tabulation. The prices in the bids varied from 23 cents to 44:4 cents per

SPRINKLER SYSTEM STOPS FIRE IN THE BRANDEIS STORE

Perfect mechanical action in the huge D. T. automatic sprinkler in the Brandels store last night prevented a pos-
