paid manager, delivered today to the Illinois leaders of the third party movement. It was in answer to doubt expressed at Roosevelt headquarters here whether a third ticket would be put out in this state, pending Governor Densen's answer to a question whether he would support President Taft or Colonel Roosevelt.

A committee has gone to Springfield to ask Governor Densen whom he would support and the governor's answer was expected today.
Senator Dixon was emphatic in his stand for a third party ticket. "It would be folly for Colonel Roosevelt to attempt to run on a ticket merely for the electoral vote," he said. "That would be only a moral protest and not a campaign. As for putting Taft and Roosevelt both at the head of the republican ticket in Illinois, that is silly. Colonel Roosevelt has resigned from the old republican party. His campaign marks the birth of a new party entirely free from all the old parties."

Charles E. Merriam and State Senator Walter Clyde Jones, who withdrew from a recent mass meeting of Roosevelt supporters at which a call was issued for a state convention for August 3, in Chicago because the meeting refused to provide specifically for a "state ticket," were among those whom Senator Dixon called into conference.

When shown Governor Densen's announcement that he would support President Taft, Senator Dixon said: "It simply means that Governor Densen is not in the progressive party and that a third party candidate against him will be put out."

Roosevelt Not Surprised.
OSTER BAY, N. Y., July 22.—When Colonel Roosevelt was informed of the decision of Governor Densen of Illinois to support President Taft, he indicated that the news was no surprise to him. "Yes, I thought so," said he. Further than that he would make no comment.
Former State Senator William Flinn of Pittsburgh denied today reports that

PIMPLES LIKE BLISTERS ON HEAD

And Parts of Body, Scratching Formed Sores, Forced to Put Cap on Head and Gloves on Hands, Very Frequent, Used Cuticura Soap and Ointment. Eczema Vanished.
22 Liberty St., Saylor Park, O.—"About two weeks after the birth of my little boy, his head and other parts of his body became covered with pimples that soon after were found to be eczema. The pimples were white-headed and looked like blisters or boils at times. Constant scratching soon formed large sores which were very painful. He was always scratching his little head until at last we were forced to put a cap on his head and gloves on his hands. It also appeared under his arms and on his back and limbs. Some nights he was very restless and very fretful during the day. We never liked to take him out as he was always so red, and we had to have medicine on always. We used ointment and other remedies, too numerous to mention. It lasted about two months, until at last a friend suggested Cuticura Soap and Ointment and we never regret that we tried them. We used the Cuticura Soap and Cuticura Ointment for about a week, putting it on him two or three times a day. Soon we noticed that it was healing and in a week the sores had vanished. He is now never bothered with anything and his little body is as fair as anyone could wish. We owe it all to the use of the Cuticura Soap and Cuticura Ointment." (Signed) Mrs. Ed. Ayward, Jan. 9, 1912.
Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 25-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."
Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

there was a difference of opinion between himself and Colonel Roosevelt in regard to the selection of candidates for presidential electors.
Situation in Iowa Different.
DES MOINES, July 22.—John MacVicar, provisional secretary of the Iowa progressives, whose state convention is to be held here Wednesday, said today he did not expect that Senator Dixon or Colonel Roosevelt would insist on the nomination of a third party ticket in Iowa.
Discussing Senator Dixon's statement to the Associated Press in reference to the Illinois situation, Mr. MacVicar said similar issues were not involved in Iowa.
"The recent republican convention endorsed Roosevelt, progressivism and the leaders here feel that it is unnecessary to have a progressive state ticket in view of that action. We will name a full electoral ticket for Colonel Roosevelt, however," Mr. MacVicar said.

Kansas Voters Must Decide.
TOPEKA, Kan., July 22.—The question of whether Roosevelt or Taft presidential electors shall go on the republican ballot in the November election must be left to the voters and not taken into the courts. This was the decision of the supreme court today in the mandamus suit brought by the Roosevelt adherents to compel county clerks to place the names of Roosevelt electors on the ballot for the primary election of August 6.
According to the decision the Roosevelt electors will remain on the primary ballot.

Grass Fed Cattle Bring High Price on Local Market

A record price for strictly grass fed cattle was paid in South Omaha to J. F. Fritchett, who shipped in twenty steers from Montana. He received \$7.50. This is the highest price ever paid in South Omaha for this class of beef.
William Klingemann of Wood Lake, Neb., also received a high price for a bunch of cattle shipped in by him. He received \$7.75. The cattle averaged 1,100 pounds, and were grass fed.

SOUTH DAKOTA FARMER ACCIDENTALLY SHOTS SELF

ABERDEEN, S. D., July 22.—(Special.)—Michael Sellar, a well known resident of Greenway township in McPherson county, met death by shooting, presumably by accident, although the facts may never be known. While working about his farm he discovered two prairie chickens and hastened to a neighbor's where he borrowed a shotgun and started to get the chickens. This was about 10 o'clock in the morning. He did not return to his home for the noonday meal and a search was instituted. About 4 o'clock in the afternoon his body was found with a wound in the left side near the heart. Physicians state death must have been instantaneous. It is supposed Sellar was hastening to that part of the field where he saw the prairie chickens when he stumbled and fell, accidentally discharging the weapon.
The dead man was a pioneer settler of that section of McPherson county. He was about 60 years of age and a native of Germany, where he served a number of years in the German army and was thoroughly familiar with firearms.

He signed a decree ordering that the Gate City Malt company of South Omaha shall pay Stewart & Co. for material and labor in the construction of the malt company's elevator in South Omaha, over which there has been an altercation in the courts. The sum stipulated to be paid is \$2,611.15.

HOLDEN HAS NEW POSITION

Will Head Crop Report Bureau for Greater Des Moines Boosters.

BIG EXPENDITURE IS PLANNED

Folk County and Des Moines Authorities at War Over Location of Road Houses and Beer Camps in City Environs.

DES MOINES, Ia., July 22.—(Special Telegram.)—Prof. P. G. Holden, who last winter retired from the state college at Ames to run for the nomination for governor, at the request of local politicians, is to be head of a new bureau for crop statistics and reporting to be maintained in Des Moines by the booster organizations. It is planned to solicit funds for a \$30,000 annual expenditure in this new crop bureau which will rival the work being done by the state and the government.
The Des Moines committee has already appropriated sufficient funds to start the work.

Raid Upon Beer Camps.
The fight to rid Des Moines and environs of undesirable characters has attracted attention of farmers living near the city and today they united in a demand on the county authorities that they take steps to break up the beer camps by the roadside. The county authorities retaliated on the city police for having gone out into the country to discover wickedness by raiding two places in the city on Sunday and arresting seven persons.

Drake to Care for Paupers.
The Folk county board of supervisors has decided to continue its practice of giving \$5,000 annually to Drake university for the care and treatment of the pauper patients of the county. The board was considering seriously the proposition of taking the money away from the university and spending it in the erection of a county hospital.

HARRISON AND MONONA BULL MOOSERS MEET

LOGAN, Ia., July 22.—(Special.)—Progressive republicans of Harrison county met in convention here Saturday afternoon and after electing Ambrose Burke of Missouri Valley selected the following delegates to the state convention to be held July 24 at Des Moines: F. W. Myers, W. S. Kelley, D. W. Lotzpech, Charles Vollman, G. W. McCoid, H. D. Lewis, O. A. Lewis, O. A. Malone and C. R. Stout.

ONAWA, Ia., July 22.—(Special.)—Third party enthusiasts held a Bull Moose convention here yesterday afternoon for the purpose of selecting six delegates to the Des Moines meeting. Attorney J. A. Prichard of this city acted as chairman and W. C. Hills, editor of the Mapleton Press, as secretary. Ed D. Cor was chosen county chairman. The following delegates were named: R. L. Hawkins, Harry Huntington, Frank Roe, Fred Marquis, E. A. Smith. The alternates were as follows: C. C. Moen, William McDonald, S. D. Johnson, W. C. Hills, B. G. Dalves and J. A. Prichard.

FORT DODGE, Ia., July 22.—(Special Telegram.)—Maurice O'Connor, a pro-lawyer of this city, has been endorsed for the democratic nomination for the position on the supreme court bench. His name will be presented at the state judicial convention at Cedar Rapids. The entire county bar is for him.

FURNAS VOTES FOR NORRIS

(Continued from First Page.)
Creek, precinct Saturday evening the following delegates were elected to the Thayer county convention, to be held in Hebron Thursday: John Wolf, George Muth, F. B. Hensel, Fred Kapperman, George Barthel and John Young. H. F. Wolf was elected precinct committeeman.
COLUMBUS, Neb., July 22.—(Special Telegram.)—Roosevelt was endorsed as the republican candidate for president at the Platte county republican convention today and resolutions condemning Taft and endorsing the state and county tickets were passed, but Governor Aldrich was sidestepped because of trying to be with both the Taft and Roosevelt forces in this county.
In the city no effort was made by the Taft forces to elect delegates to the convention, but when the convention assembled an unexpected number of the president's friends from the country precincts were in evidence.
The fight on the resolutions against Taft was made by the Humphrey and Creston delegations, and when the Teddy steam roller had finished its work the Creston delegation left the convention.
H. G. Taylor, republican candidate for railway commissioner, was present and made a talk, declaring he would not support Taft. When the selection of delegates to the state convention was in order after the nominations had been made the convention took a recess while the tickets were prepared, and when the ballot was taken the delegates selected beforehand were the unanimous choice of the convention.

HOT SPRINGS SURGEON NEARLY BLEEDS TO DEATH

HOT SPRINGS, S. D., July 22.—(Special.)—Dr. P. T. Geyerman, a prominent surgeon here, sustained a hemorrhage of the nose while at Sylvan lake yesterday. Medical help was summoned from here and an auto carrying his wife and Dr. F. E. Walker and Dr. Nafziger, a nose and throat specialist, made the forty-five mile trip last night in a rain storm. The roads were too heavy to make the return trip in the auto and the patient was taken to a freight car to get him to a lower altitude and brought home this morning. The bleeding was not stopped until this morning and he is very weak, but will be all right by a few days' nursing.

FARM HAND DROWNED SWIMMING ACROSS LAKE

WANOO, Neb., July 22.—(Special Telegram.)—Adolph Vraspair, a farm hand employed by George Virka, was drowned in Kellers lake, east of Morse Bluffs, at 10 o'clock this morning. His death was caused from heart failure. He had the reputation of being a good swimmer and drowned while attempting to swim across the lake. He was 23 years of age. The water at this point is intensely cold and several deaths have occurred by the same cause in this vicinity during the last few weeks. A brother at Holly, Minn., has been notified.

Preacher Prays to God for an Ingersoll

CHICAGO, July 22.—"Oh, God, send us another Bob Ingersoll to arouse the people," was the plea made by Rev. Charles B. Mitchell, pastor of St. James' Methodist Episcopal church, at the Desplains camp meeting today.
"They sit in the pews with dull, dead indifference that breaks our hearts. It would be better if they threw bricks at us as they did at Wesley, but they don't even talk back."
"This is an age of doubt. We ministers need more than apostolic succession in this scoffing, indifferent and Godless age. The pendulum, I believe, will soon begin to swing back again."

BELL MAKING CONNECTIONS

Company Furnishes Toll Service Over Automatic at Lincoln.
OTHER LINES ARE BEING JOINED
Automatic Will Be Discontinued at Fremont and Other Improvements Are Also Announced.

The Nebraska Telephone company is now making connections with the automatic system of Lincoln for toll line service. It is now possible for a person having a Bell telephone in Omaha to talk to a person in Lincoln who talks over the automatic. This, the Bell people say, is practicable for toll lines only, as the calls are few and the Bell long-distance operator in Lincoln, for example, has one automatic dial before her through which she can make connections with the automatic long-distance in Lincoln and thus establish the connections.
No effort will be made to establish a physical connection between the Bell system here and what is left of the automatic telephone system.

Putting in Bell at Norfolk.

The Norfolk Telephone company, operating in the vicinity of Norfolk, has also been purchased recently by the Nebraska Telephone company just after it had been handled at a receiver's sale. The Nebraska company expects soon to install switch boards there for the Bell system, so that the automatic can be discontinued there and perfect connection can be made with the lines of the Bell throughout the state.
The Nebraska company expects to combine exchanges with the Independent Telephone company at Fremont soon. It is expected that this will be accomplished about January 1.
The Nebraska Telephone company is now making connections with the Douglas County Telephone company, and with the Papillon Home Telephone company.

Lorimer Injured During Auto Trip

CLAYSVILLE, Pa., July 22.—William Lorimer, the Illinois senator recently deprived of his seat by the United States senate, was out, bruised and stunned when his automobile was wrecked late this afternoon one mile west of here. Mr. Lorimer was not seriously hurt, but had a narrow escape. His private secretary and chauffeur sustained scratches. All three proceeded to Chicago by train tonight.
Mr. Lorimer and party left Washington Saturday morning en route to Chicago in a large touring car. Shortly after passing Clayville a fractious horse, driven by William McCoombs, a farmer, was encountered. In an effort to avoid a collision the steering gear was thrown out and the automobile crashed into a telegraph pole. The three occupants were then thrown out.
The former senator was the first to recover his feet and went to the aid of the farmer who was having difficulty restraining his frightened team. In a few moments the horses were calmed and Mr. Lorimer collapsed and fell unconscious to the muddy roadway. He was revived and helped to this place where his injuries were given medical attention.
The Chicago express train was stopped here and Mr. Lorimer boarded it for the west at 4:40 p. m. The former member of the senate was in good humor by the time the train pulled out. He jokingly remarked that his life had been filled with exciting periods and smilingly said: "My hat is still in the ring."

Turkish Warrior New Grand Vizier

CONSTANTINOPLE, July 22.—Tewfik Pasha, ambassador at London, who was appointed grand vizier, made the stipulation as a condition of his acceptance that the chamber be dissolved. The sultan declared that he was not willing to consent to such an arrangement and today appointed Ghazi Moukhtar Pasha grand vizier. Tewfik will be retained as ambassador.
Moukhtar Pasha has formed a new cabinet. The new grand vizier has had a great military career. He was leader of Turkish resistance in the war with Russia in 1877.
The new cabinet is a strong body. It includes three former grand viziers and other notable men. Moukhtar Pasha is very popular in Albania. Ferid Pasha, minister of the interior, is an Albanian, and it is evident therefore that the Albanian movement has been given primary consideration.
The inclusion of Kiamil Pasha as minister of foreign affairs should tend to satisfy the military agitators, and it is believed that the new ministry will be in a better position to negotiate peace with Italy.

Mr. Dillon came to California from Normal, Ill., last fall. The body will be taken to Normal for burial.

EX-WIFE SPOILS HONEYMOON

Frederick Meeker of Omaha Jailed to Get Alimony.

STEPS RIGHT INTO THE TRAP

Partner of His Home Has Deputy Sheriff in Waiting When He Visits His Little Girl.

DENVER, July 22.—(Special Telegram.)—The honeymoon of Frederick Meeker, an Omaha engraver, was marred by an officer, who threw him into jail. His bride of a week got him out. He came here to show her the beauties of Denver and his divorced wife had him imprisoned for nonpayment of alimony.
Meeker was married last Monday and came to Denver yesterday. He called on his former wife and got permission to take their little girl down town to buy her some clothing and presents. When he returned with the girl he found a deputy sheriff with the divorced woman.
As soon as Meeker entered the house the officer was ordered to arrest him. Meeker asked why, and his former wife said: "You owe me \$120 back alimony and I am going to have it."
Meeker begged and pleaded with her, but she was firm, and he was taken to jail. His wife employed lawyers, who raised a \$500 bond. Meeker says his divorced wife never made any claim for alimony before and he had almost forgotten that it was allowed her. She says she will have it before he gets away.

Andrew Lang, Critic and Poet, is Dead

BANCHORY, Scotland, July 22.—Andrew Lang, critic, poet and anthropologist, died here today.
Mr. Lang died from heart disease. He arrived at Banchory apparently in good health last Tuesday but suffered a sudden seizure Saturday morning and died soon after midnight.
Andrew Lang was born at Selkirk, Scotland, on March 18, 1844. He was educated at St. Andrews university and Balliol college, Oxford. At the university he was noted for the knowledge of classics. He has long held his place at the head of literary critics, although he had before gained fame as a writer. His reviews have been a source of much delight to his readers, his criticisms being accurate, just and pointed, but tinged with a humor so warm and unctuous that no bitterness was left in his comment. His most notable works are historical, being "A History of Scotland from the Roman Occupation," "James VI and the Gowrie Mystery."

TELEGRAPHERS RESENT WESTERN UNION ACTION

NEW YORK, July 22.—Members of the Commercial Telegraphers' Union of America met here tonight to discuss the alleged discharge last Friday of forty-three employees of the Western Union Telegraph company.
When the meeting was called to order it was asserted that it was decided to have President S. J. Koenigkamp of the union exercise his authority and declare a strike in this city. This plan was tabled, however, and instead a committee of five union men will be appointed to discuss the situation with the management of the company. This committee will, it is said, demand reinstatement of any men discharged. It also will be empowered to demand that telegraphers be not dismissed without just cause.
A resolution adopted requested the union men in St. Louis, Denver, Chicago, St. Francisco, Kansas City, Dallas and Atlanta to assist the local men to send delegates to this city to argue their differences.
Another meeting will be held next Sunday to hear the report of the committee that will wait on the Western Union officials. Local union officials say more than 800 men have been discharged in the cities to which the call was sent but that not many of them are union men. It is said these men have asked the union to help them out.

ITALIAN ADMIRAL VALE SAYS BOATS UNHARMED

ROME, July 22.—Admiral Vale in a wireless report on the raid of the Dardanelles by Italian warships says: "On the night July 18-19 the torpedo boats Spica, Centauro, Astora, Cimeno and Perseo crept unseen through the opening to the Dardanelles, but were discovered before they had progressed far inside. Dozens of searchlights flashed on the torpedo boats and the Turkish forts opened a hot fire. The flotilla, however, continued to steam on at the rate of twenty-one knots in close formation, hugging the European shore. When they reached Kild Bahr, the Spica, which was leading, ran into a steel cable. It disengaged itself, but soon ran into another maze of cables. The searchlights then became so dazzling that it was impossible to steer its course and Commandant Millo decided to retire. This was effected in perfect order. The torpedo boats suffered only slight damage."

PAIR OF PICKPOCKETS LIFT ADAMS' PURSE

Joseph Adams, 1712 Military avenue, lost \$14 and a leather purse yesterday afternoon on a Krug Park car, due to the activity of a pair of pickpockets. He reported the loss to police headquarters, but was unable to give a description of the men who robbed him.

Kinsella Drowns on Top of Twelve-Story Building

NEW YORK, July 22.—Robert Kinsella was drowned on the top of a twelve story building in which he lived in East Sixteenth street today. He had gone to the roof of the building and found a foot and a half of water which had collected there after the drain pipe became clogged. He ran his right arm down into the drain pipe and as he released the rubbish the suction of the rushing water caught him. His arm was drawn in up to his shoulder and became wedged in the pipe.
Three companions strove frantically but vainly to release the imprisoned man. The suction held him in the water and his head was drawn into the water which still remained on the roof causing him to drown.
