Have Root Print It. Electric Fans—Surgess-Graden Co. Stack-Falconer Co., 24th and Harney, undertakers, embalmers, Douglas 887. Omaha Flating Co.—Established 1859. D. 2535. Ivy Camp to Pencil—Ivy camp No. 2, Royal Neighbors of America, will give a basket picnic at Elmwood park this afternoon. Margaret A. Rochester, daughter of Mr. and Mrs. E. R. Rochester, died Monday. Funeral Tuesday afternoon at 2 o'clock from the residence, 2432 South Seventeenth street. Interment, Holy Sepulchre cemetery. Heddon Falls in Faint—Gus Heddon, street inspector under Commissioner McGovern, was attacked with acute indigestion at Twentieth and Locust streets. He fell unconscious and the attendance of a physician was necessary. Held on State Warrant—"Chip" Lee, a prominent visitor at the county jail, is in again serving ninety days. Lee was arrested on a state warrant on the charge of being drunk. This makes it impossible for him to get a pardon. Elks Home Tuesday—Dan B. Butler, city commissioner and representative of the local lodge of Elks at the big convention in Portland, is expected home today. Other Omahans who visited in Portland during the Elks' convention will return today, but a few will prolong their visit to the coast. May Not Accept Playground—Three acres of land in Hawthorne addition donated by Dr. Harold Gifford for a city playground may not be accepted, as examination by the city abstractor shows that special assessment taxes against the property amount to more than the land itself is worth. Burned by Gasoline Explosion—Mrs. E. Eberston, a resident of the Parkside rooming house at Fifteenth and Cass streets, was severely burned about the arms and chest yesterday when a gasoline stove exploded. Her right arm was burned to the elbow and her face and chest singed. She was attended by Drs. Elwood and Vanderhoof. No damage to the building was caused by the explosion. Passes Worthless Checks—Holland Hart, proprietor of the Bailey hotel at Ninth and Farnam streets, was arrested in South Omaha for passing worthless checks. Sunday he passed a worthless check on an automobile concern and paid all his employees with worthless checks. The help appeared at police headquarters and complained. This is the second time Hart has been arrested on the same charge. T. E. McCague, Benedict, Returns—White and pink carnations, rice, oil shoes and the usual other decorations adorned a desk in the front office of the McCague Investment company yesterday. Thomas H. McCague, Benedict, has returned. Mr. and Mrs. McCague, who have been on a wedding tour through the east and the great lakes, arrived in Omaha Sunday night. They are at home at 114 North Twenty-fourth street. Little Girl Hit with Brick—While gathering wood at the dumping grounds at First and Center streets yesterday Emma Vejvoda, 8 years old, was struck on the right leg by a brick thrown by Harold Olsen, which inflicted a gash two inches long. Olsen is about 15 years old and is employed in the yards of the Burlington as timekeeper. The girl was attended by Police Surgeons Elwood and Vanderhoof and taken to her home at 1708 South First street. Her parents swore out a warrant for the arrest of Olsen on an assault and battery charge. A Horrible Death may result from diseased lungs. The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will repay any mother in the comfort it affords before, and the helpful restoration to health and strength it brings about after baby comes. Mother's Friend is for sale at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. VAGS TO BE SET TO WORK

Judge Foster Finds Jobs for Thirty Willing to Work. GO TO IOWA RAILWAY GANG Chronic Vags Must Spend Nights in Jail and Days Helping to Make Omaha the "City Beautiful." We owe to the chronic vagrant. No longer can he roam the streets and lounge around in Jefferson square without being molested by the police. And from now on he will not be allowed to idly while away his jail sentence swapping yarns with the other prisoners in the bull pen at the county jail. All Look Alike. As much good fortune awaits the involuntary "vag" as ill luck befalls the one who is too lazy to work. Judge Foster has decided to weed out those willing to work. In police court he discharged thirty vagrants who were willing to work. He secured work for them on a railroad section gang near Oelwein, Ia. They left for their new field of labor in a body last evening. Judge Foster said he was going to procure work for all those arrested who were willing to do manual labor. The chronic vagrant will be shown no mercy. He will be forced to serve his thirty or sixty days' sentence making Omaha the "City Beautiful." A large number was sentenced yesterday to work on the streets.

Gerrit Fort Finds Conditions Are Good Throughout East

Passenger Traffic Manager Fort of the Union Pacific is back from a trip of a month spent in the east looking after business matters in connection with the company. While away he got into pretty close touch with the business and manufacturing industries of the east and found everything very prosperous, considering the fact that a presidential campaign is on. Mr. Fort did not talk politics, but he learned that the presidential campaign is not having the effect upon business that has been experienced in former years. At other times industries have curtailed expenses, manufacturing plants have been shut down and thousands have been thrown out of employment, and in the financial centers money has been withdrawn from circulation and gone into hiding. This year, with the election little more than three months away, business is proceeding along normal lines and no signs of a political scare are visible. While he does attempt to give a reason for this condition existing, he is inclined to the belief that people have no fears of the policies outlined by the candidates of the two great political parties.

Gas Company Sued for Leaky Pipes

Ruined in health by inhalation of illuminating gas, which leaked from defective pipes, according to her petition, Mrs. Josephine Girard, 632 South Twenty-eighth street, has started suit for \$15,000 damages against the Omaha Gas company in district court. Mrs. Girard alleges that from January 1 until June 1 her home was filled with gas from the leaking pipes and as a result she contracted serious bronchial and lung trouble. The illness forced her to her bed, where she lay for months and she never will entirely recover her health. Frequently, Mrs. Girard alleges, she notified the company that the pipes were leaking. In response to the notices the company sent out workmen, who, after changing the meter several times, to no apparent effect, decided the trouble was in the pipes and not in the meters.

Appeals Taken from Tax Valuations

Appeals from tax valuations by the County Board of Equalization have been filed in the county clerk's office and in district court by Ralph Kitchen, owner of the Paxton hotel, Fourteenth and Farnam streets, and E. M. F. Lettans, owner of the Pacific Express building, Fourteenth and Harney streets. The appeals will be tried in district court this fall. Valuation of the Paxton hotel real estate, two lots and a fraction of a third, was placed at \$275,000 by the Equalization Board, an increase of \$40,000. Kitchen wants a reduction of at least \$40,000. Lettans' Pacific Express building was valued by the board at \$90,000. He says when he bought it recently he paid only \$65,000.

Fireman is Injured by an Excited Horse

V. Huntley of Engine house No. 2 in one of the horse's stalls yesterday when an alarm of fire was turned in. When the animal heard the gong he became excited and crushed Huntley against the wall, breaking one of his shoulder blades.

WILLS FINDS BIG FRUIT CROP ON THE COAST

R. A. Wills of the Union Pacific's immigration department is back from the west where he went with the Omaha Elks when they attended the grand lodge meeting at Portland, Ore. From Portland Mr. Wills went down the coast to Los Angeles and back through the fruit districts, making a considerable portion of the journey in automobiles. He found the coast in a prosperous condition and a big fruit harvest on. In San Francisco he found a great many idle men.

PARKER JORDAN IS TO SUCCEED F. A. TURNER

Fred A. Turner, assistant boys' work director of the local "Y" association for the last two years, has accepted a position as boys' work director of the Evans-ton, Ill., Young Men's Christian association and will assume his new duties immediately. He will be succeeded by Parker Jordan, present office secretary, and Walter C. Muroch, a graduate of the University of Kansas, will take over the work as office secretary.

Ryan and Pivonka Will Have Hearing in Omaha on July 29

Outer testimony against Commissioners J. J. Ryan and Joseph Pivonka of the South Omaha fire and police board will be heard in this city beginning July 29 at a place to be designated later. Ryan and Pivonka are under fire for alleged grafting in connection with the operation of saloons in South Omaha. Word announcing the date of the hearing was received here by Special Assistant Attorney General Dean Ringer, through Special Assistant Ayers, through Judge Silas Holcomb, referee.

MILITIA WILL BOOST OMAHA

Local Companies Prepare to Go to Pole Mountain Maneuvers. GIVE EXHIBITIONS ON THE WAY Work of Incorporating for New Army in Omaha is Progressing, Many Shares Are Already Sold. The trip in the special train of Companies L and G of the National Guard from Omaha to Pole Mountain, Wyo., is to be voluntarily made an Omaha boosting trip by the militiamen. Voluntarily and gratuitously the boosting is to be done, for Colonel Baehr says not a cent will be asked of the Commercial club nor of the business men of the city. In fact, the Commercial club has not even been notified that the militiamen expect to do some boosting on the way. The boys have decided it among themselves and have been practicing up the singing of some of the popular Omaha boosting songs commonly used by the boosting excursions of Omaha. At every station along the way between here and Laramie, Wyo., the boys will break out in a chorus of boosting songs with ninety voices strong. Wherever they stop long enough at a station, and especially where they have to stop for meals, they will parade the streets in marching formation, and will frequently give exhibition drills at the railway stations, and in the streets of the towns along the way. The special is to leave Omaha on the Union Pacific some time next Monday, July 29. The uniforms, guns and other equipment have been received from the arsenal, and the men are being fitted out. At the meeting this evening the allotment of the equipment will be practically completed. The progress of the incorporation of the militia companies of the city for the purpose of better business administration and better permanent improvements for the army is moving along. Although the articles of incorporation have not yet been returned to the office of the secretary of state at Lincoln, subscriptions of those promising to take shares have been taken to exceed \$700 already. The business men have been taking them in bulk of not less than ten shares at a time at \$10 per share.

Guild Tells of Work Done by the Traffic League at Detroit

Commissioner J. M. Guild of the Commercial club has returned from Detroit, where he went a week ago to attend the National Industrial Traffic League convention. "We did a great deal of work there," he said. "The meeting went on record in favor of cars being loaded to capacity, being unloaded promptly, freight removed from the depots and platforms without delay, earlier delivery of outgoing freight at the depots, so that a greater percentage would be handled before 3 o'clock instead of after that hour, and prompt reports to receiving agents on concealed losses." "In the matter of incomplete expense bills, the league members guarantee the railroads legible bills of lading in return for legible freight bills, and we recommended that the rules governing them be printed on the backs of the freight bills." "The league also decided to support the Pomerene substitute bill which represents the best interest of shippers, in the matter of bills of lading." "In regard to the uniform code of demurrage and car service rules, the result of co-operation between the shipping and transportation interests, the shippers believe its interpretation should be by both sides and favor an establishment of a 12 o'clock rule." "The league asked for the same right of appeal for the shippers as the railroads now have in the operation of the Interstate commerce court."

TEETER-TOTTERS AND CROQUET IN THE PARKS

Commissioner Hummel will place "teeter-totters" in Curtis, Turner and Elmwood parks. He says they are old-fashioned, safe, sane and a source of everlasting delight to the kids. "But what is a teeter-totter?" the commissioner was asked. "Oh, don't you know what a teeter-totter is? Well, sir, they're great and I wish I had money enough to put them in all the parks where the kids play. Yes, sir, they're great." Commissioner Hummel will improve the Curtis, Turner or the Elmwood park by the addition of a croquet ground. This has been requested and will be made ready as soon as possible.

TOPEKA MANAGER LIKES THE OMAHA BALL TEAM

The following is what the Topeka State Journal has to say about Pa Rourke's team: "Gear believes Rourke has the best team in the league. Certain he is that the Omaha manager has the best infield. The Kaw leader says that nothing on the circuit has looked like the Rourke infield to him, as that infield does seem to grab everything in sight. Rourke wasn't expected to get anywhere when the season opened. But the fans were against a losing team and Rourke jarred loose with the effort and coin necessary to put the winning team into the infield."

WORKMAN INJURED BY FALLING OF DRILL SEAT

Ed Warrick, employed at the Baker Manufacturing company, Eighth and Leavenworth street, was seriously injured yesterday when a drill seat fell on his head, causing concussion of the brain. He was taken to St. Joseph's hospital in a dangerous condition.

WITHDRAWAL IS RESCINDED

Plattdeutscher Verein Not to Leave State Alliance. CONVENTION HERE ON SATURDAY Plattdeutscher Verein Bund of Nebraska Will Hold Its Annual Meeting at the Germania Home. By a narrow margin of votes the withdrawal action two weeks ago of the Plattdeutscher Verein of Omaha from the Nebraska German-American alliance was "steam rolled" Sunday afternoon at the bi-monthly session of the Verein held at the Germania Home on South Thirteenth street. During the meeting the atmosphere waxed warm and some heated discussion arose on the withdrawal question. Henry Rohlf, president of the Omaha Verein, wielded the gavel. The bone of contention is over representation of the Omaha Plattdeutscher Verein in the Nebraska German-American Alliance body. At present the local organization has a total membership of between 600 and 600 and is allowed but three representatives to the state body, while it is said that other Vereins in smaller towns and cities with enrollments of only forty or fifty are permitted to send two delegates to the same organization. Two weeks ago the local Verein voted to withdraw from the German-American Alliance, but since that time the sentiment has changed enough to warrant a small majority against splitting. Several compromise plans are now under way, and it is likely that the matter will be smoothed over soon and the Omaha body given a larger number of representatives. The annual convention of the Plattdeutscher Verein Bund of Nebraska will be held at the Germania Home next Sunday, starting in the morning and continuing throughout the day. A total of about 400 delegates from all parts of the state will attend. They will be met at the trains by a reception committee of the local Verein.

Carpenters Make Record at Double House Raising

Building records were smashed Sunday when forty union carpenters erected two six-room cottages in eight hours. The entire exterior work was finished at 5 o'clock and the interior work will be completed by the same crew of men next Sunday. The houses were built for Thomas Z. Merritt and Harry E. Moore, associates of the men who erected the homes. A few weeks ago these two men sold their temporary homes to friends and decided to live in tents until they could erect new homes. This plan met with favor by the wives, but after two weeks of this kind of life a change was wanted. The outcome of it was that Messrs. Merritt and Moore asked for volunteers at the meeting of the union last Thursday. At 8:30 o'clock Sunday morning forty carpenters began their task. At noon work was halted, with the two buildings almost half completed. Messrs. Merritt and Moore, surprised the men with an old fashioned barbecue. At 1 o'clock work was resumed and at 5 o'clock the signal for cessation of work was given. Among the men who helped construct the two homes, which will be ready for occupancy next Sunday night, are: George Eastman, Nels Berkeland, Oscar Stowell, Dan Wilson, Ed White, George White, Henry Hale, Tom Mansard, Sam Spence, G. Christoffer, Henry Wolfe, Charles McGlumphy, Charles Dennis, William Chambers, Pat Hughes, Ralph Almsley, William Curran, Charles Gibson, William Manley, Frank Black, Bob Ryder, Harry Cox, Harry Plotts, Dan Conners, Lew Hannan, Anthony Hannan, Edgar Hale, Charles Swanson, Mr. McKay and thirteen others.

MORE WAGONS THAN EVER ARE NOW DELIVERING ICE

More men, horses and wagons are engaged in the ice industry in Omaha this season than during any previous summer. City License Inspector Berkowitz has issued 112 licenses to delivery wagons and expects at least a dozen more to take out licenses within the week. Last year ninety-nine licenses were issued and the year before that there were but seventy-eight. Each wagon must be licensed, the price of the license being \$5.

Nineteen Italians Killed in Conflict

MISRATE, Tripoli, July 22.—General Fara attempted today to dislodge a large body of Turks which has been harassing the region from the oasis near Misrate. The enemy, however, made a tenacious stand in the desert beyond, and a fierce engagement ensued. The Turks were forced to retreat after four hours' sharp fighting. They suffered heavy losses. The Italian casualties were nineteen killed and eighty-seven wounded.

MODERATE TEMPERATURES PROMISED FOR THE WEEK

WASHINGTON, July 22.—Moderate temperatures will prevail over the north half of the country during the first of the coming week according to the weather bureau bulletin tonight. Warmer weather will reach the extreme northwest about Thursday, extending eastward to the Atlantic at the end of the week, the temperature continuing warm in the west. In the south the weather will be moderately warm. It will be unsettled and showery during Monday over the northern districts east of the Rocky mountains, followed by generally fair weather during the remainder of the week except in the northwest, where there will be a return to unsettled weather by Thursday or Friday. In the extreme central west and in the south the week will be generally fair except in the east and south Atlantic states, where showers are probable during the second half of the week.

UNIDENTIFIED WOMAN HURT IN AUTO CRASH

NEW YORK, July 22.—Five persons were injured, two seriously, when an automobile with three men and two women passengers struck a tree, turned turtle and flattened into a wreck. One of the most seriously injured is an unidentified woman, about 24 years old, who was richly attired and wore diamonds valued at \$2,500 or more.

William W. Griger Succumbs to Cancer in Forres, Scotland

William W. Griger died in Forres, Scotland Sunday, according to a cablegram received yesterday by Alfred Kennedy. Ever since he was a boy he was connected with Orchard & Wilhelm, going through the various stages of promotion until he became a department manager and acquired an interest in the business. Mr. Griger had been suffering from cancer for about three years and took several trips for his health. He had been in his native country since last fall. He was married about ten years ago to the only daughter of the late Howard Kennedy, and last March a daughter was born to them in Scotland. The only near relative in this country is an aunt, Mrs. Helen S. Griger of 113 South Twenty-fifth street. The remains will be laid to rest in Scotland.

WORK ON HOSPITAL STOPS

City Attorney Holds Donation Funds Cannot Now Be Used. WERE GIVEN FOR MAINTENANCE Cannot Be Used for Remodeling the Anna Wilson Home — Contractors Are After Their Money. Work of remodeling the Anna Wilson home into a city emergency hospital is being held up following an opinion by Assistant City Attorney Lambert, in which he holds that no part of the \$10,000 bequeathed to maintain this place as a hospital can be used to pay for remodeling it. Frock & Egan, who secured a \$1,200 contract to do the carpenter work at the hospital, have been told to wait. None but the minor repairs authorized by the city purchasing agent and payable out of various funds are now being made. There is no money available to complete the remodeling and unless the unexpected happens the police commissioner and the health department will be unable to cope with the situation. The opening of the hospital may be delayed indefinitely. It is understood that most of the work that has been done has been paid for, but those who are now repairing the house fear their warrants may be held up, and a strike is probable. Assistant City Attorney Lambert rendered the opinion upon the request of A. L. Reed, executor of the estate of Anna Wilson, deceased. Dr. R. W. Connell, health commissioner, had asked Mr. Reed for a part of the \$10,000 to apply on the cost of remodeling. Lambert says this money must be spent only in maintenance.

Supposed Leper Located in Buffalo

BUFFALO, N. Y., July 22.—After a chase that covered several states and lasted several weeks, Sam Isen, a Russian immigrant, suffering from what is declared to be a pronounced attack of leprosy, was located here tonight. He has been isolated. Isen, who is also known as Joe Meyers and Josef Mayero-witz, has been sleeping at the headquarters of the Jewish charities for a week. Isen was under observation in New York when he disappeared. He was traced to Cleveland, thence to Bay City, Mich., and Ann Arbor, and finally to Buffalo.

SENIATOR WORKS REFUSES TO SAY HOW HE WILL VOTE

WASHINGTON, July 22.—The controversy between Senator John D. Works and progressive leaders of California advanced another stage today when the senator was called upon by telegraph by Lieutenant Governor A. J. Wallace to inform the progressive voters whether he intended to vote for Roosevelt, Taft or Wilson. "Will not vote for Taft," Senator Works telegraphed back. "Would have voted for and aided in election of Roosevelt if he had stood on his just rights to the nomination at Chicago and run as a republican. Will not follow him into new party. Believe a new party abandons the ground that would make his claim invulnerable." Senator Works added that whether he would now vote for Roosevelt "depends on how he is nominated and whether he runs as a republican." He further said that he felt he could "as a progressive republican vote for Wilson consistently, if no republican other than Taft is nominated."

FORMER MINNESOTA SENATOR HOME IN A DYING CONDITION

MINNEAPOLIS, Minn., July 22.—William D. Washburn, sr., former senator from Minnesota and pioneer in the building of the northwest, arrived today from Europe in a dying condition. A quick trip from New York to Minneapolis was made on a special train.

Milady's Toilet Table

"A neglected complexion makes a woman look older than she is. The easiest way to preserve or restore a girlish complexion is to lightly massage face, neck and arms with a solution made by dissolving an original package of mayatone in a half-pint witch hazel. This prevents sunburn, tan and freckles, and keeps the skin soft, satiny and altogether lovely. "Men always will admire beautiful hair. Washing the head leaves the hair dull and lifeless. Dry shampooing removes dust, dirt and dandruff and leaves the scalp clean, cool and refreshed. Mix four ounces of powdered orris root with an original package of Therax; sprinkle a little on the head, brush thoroughly through the hair—and your shampoo is done—your hair light, beautifully lustrous and easy to do up. "A simple way has been found to remove superfluous hair from the face or forehead. Make a paste by mixing powdered delatone and water and cover the hairy surface; leave it on one or two minutes, then remove and wash the skin. Shut thin eyelashes can be made to come in long, thick and silky if proxitin is applied to the roots with thumb and forefinger, and brushing gives them a curl. The eyebrows can be made to grow in well formed arches by brushing with proxitin."—Adv.
