REGULARS IN BEFORE OTHERS Judge E. P. Holmes Regards Himself as Presiding Over Only Real Republican Convention in Lancaster.

(From a Staff Correspondent.) LINCOLN, July 25.—(Special.)—The regular republicans, who claim that title and who held a county convention in Lancaster county yesterday after the bull moosers had captured the first meeting, scored a point this morning by filing their certificate designating the delegates to the state convention before the Teddites.

The certificate of the "regulars" stated that the "following were the persons duly elected as delegates to the republican state convention" and was signed by E. P. Holmes as chairman and Luther P. Ludden as secretary. This certificate was filed with Mr. Allen, secretary of the state committee, at 9 o'clock this morning. Following are the delegates:

B. J. Hainer, Victor Seymour, E. C. Stode, L. L. Lindsey, D. A. Frye, W. H. Hunt, A. Lamont Chase, F. M. Crawford, Crawford Kennedy, W. A. Selleck, George L. De Lacy, O. W. Webster, D. W. Mosley, E. This certificate was signed by George A. Adams, chairman, and T. M. Wimberly and L. P. Ludden, secretaries.

MINDEN AFTER PROPOSED NEW GULF RAILROAD

KEARNEY, Neb., July 25.—(Special.)—T. W. Haws, G. M. Ioungson and L. W. Hague constituted a party from Minden who visited Kearney last evening, and made arrangement with B. H. Morey, chief engineer, to make a survey from Kearney through Minden and thence on south to Franklin for a proposed railroad that will either take the place of the present proposed line of the Dakota, Kansas & Gulf road or connect with it. The survey will start the first of the week, the first problem being that of attempting to find a grade as uniform as that now possible over the Beloit line.

Mr. Ioungson, speaking for the party, stated that it was the purpose of the Minden people to first ascertain if the proposed change was feasible, and if it was, Minden people, who are advocating the change, would make it worth while to the road to come through their town instead of passing four miles to the west.

They give out the information that Hildreth is the only place along the route that is not actively pushing the proposition and that Minden is only too eager to take the place on that line that Hildreth does not appreciate.

NEWS OF WEST POINT AND CUMING COUNTY

WEST POINT, Neb., July 25.—(Special.)—The funeral of Miss Josephine Seaman, eldest daughter of Mr. and Mrs. Lawrence Seaman of this vicinity, took place Wednesday morning. Funeral services were held at St. Mary's church, Rev. A. E. Klemens, assistant pastor, celebrating the requiem high mass. Interment was made in St. Mary's cemetery. The cause of death was acute inflammation of the bowels, terminating in a short time after its contraction.

The winter wheat harvest is now being gathered and some threshing done. Reports from the farmers show the yield to be much greater than was anticipated, some fields running as high as thirty-two bushels to the acre. Oats, however, suffered severely.

Darius Barnett, an old citizen of West Point, was taken before the insanity commission and adjudged to be a dipsonant.

An almost continuous, all night rain fell throughout this section on Tuesday night, thoroughly soaking the ground. No further fears are entertained of the safety of the corn crop.

COLLEGE AND BUSINESS SCHOOL FOR DESHLER

DESHLER, Neb., July 25.—(Special.)—A stock company, to be incorporated for \$10,000, has been formed in Deshler for the purpose of conducting a college under the fostering care of the Missouri synod of the Lutheran church. Twenty-five thousand dollars has been subscribed by the Deshler congregation; Rev. William Cholerch is temporary president and Rudolph Koch secretary. Similar schools are now in operation in Chicago, St. Louis, San Francisco and Red Wing, Minn. Deshler's school will draw students from the Dakotas, Nebraska, Kansas, Colorado, Oklahoma and Wyoming. The school will open with not less than 200 students September 1, 1913, in its own buildings, work on which is to begin in a short time.

Louis Groshans, a young farmer residing near Deshler, was married today to Miss Emma, daughter of Ernest Meyer, at the home of the bride's parents in Oak, Neb.

Nebraska. Notes from Beatrice and Gage County

BEATRICE, Neb., July 25.—(Special.)—At a meeting of the county board yesterday a communication from M. L. Rawlings of Wymore asking the board to appoint a county judge to serve during the absence of Judge Walden, who is away on a vacation trip, was read. The matter was referred to a committee. The request of Surveyor A. J. Pethoud to attend military maneuvers at Pole Mountain was turned down because of the fact that there is a great deal of work in his department that must be done before fall. Seven new bridges were ordered built.

William Tremley, who was fined \$30 and costs for being drunk and disorderly, escaped from the officers yesterday. He was put to work at the city hall and during the absence of the officers he hired out.

Jay M. Maxwell and Miss Lottie Schlanger were married at the Methodist parsonage at Blue Springs, Rev. W. F. Haskins officiating. The young couple will make their home on a farm near Wymore.

R. R. Balderson of Pickrell yesterday filed a complaint in the district court charging that his brother, Balderson, is insane and in a dangerous condition. Balderson was lodged in the county jail where he will be kept until his case is disposed of by the insanity commissioners.

The clerk of the county court yesterday granted a marriage license to Rudolph W. Welch of Marysville, Kan., and Miss Florence Ebert of Schrover, Kan.

Doniphan Man Killed by Fall from a Train

GRAND ISLAND, Neb., July 25.—(Special Telegram.)—Andrew Larsen, aged 45 years, a farm hand employed by C. W. Smith, residing six miles from Doniphan, was instantly killed last night while evidently trying to get off a freight train. His father is in Lincoln.

Mr. Smith states that the man has been working for him intermittently for the last four or five years. He went to Hastings Tuesday promising to return on last evening's train. It is presumed that he missed the passenger, caught the freight and attempted to get off while the train was in full motion. His skull was fractured but the body otherwise was not mangled and appearances indicate his head struck a sharp corner of a tie and that death was instantaneous.

LEXINGTON TELEPHONE MERGER CASE GOES OVER

LEXINGTON, Neb., July 25.—(Special.)—The complaint filed by the city of Lexington, against the Nebraska Telephone company, was heard yesterday before T. L. Hall of the railway commission. The telephone company was represented by Attorney E. R. Morsman, G. H. Pratt, commercial superintendent and L. B. Wilson, district superintendent. The city was represented by J. H. Linderman, city attorney, assisted by Attorneys Rhea and Gillian of this city. The telephone company wishes to raise the rates when it puts in the metallic system. The city authorities claim it has no right to do this, as the city has a contract with the company which fixes the rates, not to exceed \$1.50 for house phones and \$2.00 for business phones. The company was not prepared to show that these rates were too low and an adjournment was taken to give the company time to file the necessary papers with the railway commission.

LEXINGTON FARMER STRUCK BY LIGHTNING

LEXINGTON, Neb., July 25.—(Special Telegram.)—Charles Armbruster, a farmer living five miles northwest of this place, was struck by lightning last evening, while loading hay onto a wagon. One horse was killed. Mr. Armbruster had the head burned off his head, one trouser leg torn off, his ankle split and the watch in his pocket melted. He was still unconscious when found and is in a serious condition. The physician attending him says it was the watch that saved his life.

Knox County for Taft. BLOOMFIELD, Neb., July 25.—(Special.)—The republicans of Knox county held their county convention at Center, with a good attendance. While there was considerable difference of opinion developed among the delegates at times, yet harmony prevailed. The delegates elected to the state convention are favorable to Taft. They are: Frank Nelson, George W. Chambers, W. A. Meserve, A. W. Hufsmith, O. W. Rice, T. A. Anthony, E. P. Linsgen, A. C. Logan, George W. Saunders, W. B. Frymire, A. A. Baker and John Dolphin. W. W. Walton was elected chairman of the county central committee, and Frank A. Barta secretary. These are two able and clear young men and no doubt will fill these positions with ability.

BARTON ASSAILS SELLING OF BAD INSURANCE STOCK

SPOKANE, Wash., July 25.—That a uniform "blue sky" law based on the Kansas law will be drafted and presented at the next session of the legislature in every state in the country was determined upon today by the national convention of insurance commissioners, now in session here.

Notes from Yankton. YANKTON, S. D., July 25.—(Special.)—Frank Calvert, arrested in Omaha for having in his possession a number of suits stolen from the W. W. Bouksa store in this city on July 9 last, has been bound over to circuit court for trial.

Pat Cudahy, the famous kidnaper of Eddie Cudahy twelve years ago, now a man of 43 years of age, was arrested in Yankton Tuesday night in an intoxicated condition. He was identified by an Omaha detective here on the Bouksa robbery case. Pat claims to be on his way to a sister, who resides on a farm near Aberdeen.

The crops of Yankton county—corn, oats and wheat, with a large acreage of alfalfa—are all in splendid condition. Small grain is now being cut and gives promise of as good a yield as has been harvested here in many years.

CUSTER'S RELICS PRESERVED

Military Trappings Worn by Indian Fighter Placed in Museum.

INCLUDES TREMENDOUS SABER Among the Memorabilia Is the Buckskin Coat in Which He Was Most Frequently Pictured as a Government Scout.

An interesting collection has recently been installed in the hall of history in the National museum, consisting of articles donated and lent by Mrs. George A. Custer, widow of Brevet Major General George A. Custer, U. S. A.

General Custer is probably best remembered by his achievements in the many Indian fights in which he participated and by his record as an Indian scout. The collection includes a memento of this phase of his career in the form of the white buckskin coat in which he has been most often pictured as a plainsman and scout. This coat is in excellent condition and looks as if the general had just removed it and hung it up. It has deep collar and cuffs and is heavily fringed with slashed buckskin trimming. The pockets are made much as in modern sporting coats, while the buttons are of the regular army pattern of the period. This coat calls to mind the services which General Custer rendered to the government in the campaigns against the Sioux in 1876 and 1877, in the last of which, the battle of the Little Big Horn, he met his death.

Accompanying the coat is a yellow-plumed cavalry helmet and a buckskin gaiter, both worn during his active service against the Indians from 1866 to 1876 while lieutenant colonel, Seventh cavalry, U. S. A.

There is also a blue regulation army officer's coat with two starred straps, plush collar and cuffs—the coat which he wore on the occasion of his marriage to Miss Elizabeth Bacon, February 9, 1864. A straight cavalry saber of tremendous size is also included in the collection. It was a spoil of war captured by Major Drew, who presented it to General Custer, since he knew of no other man able to wield such a large weapon. It has a Toledo blade, on which is engraved in Spanish, "Do not draw me without cause and do not sheath me without honor."

A Virginia state flag, a prize of the general's personal prowess, captured by him in 1863 when a lieutenant, is also on display. It is supposed to be the first standard captured by the Army of the Potomac.

A Flag of Truce. One object of great historical significance, though rather of an unromantic nature is half of a white towel which figured conspicuously in the battle just preceding the surrender of General Lee at Appomattox. It seems that while General Lee had gone to the rear of the confederate lines to secure an interview with General Grant, leaving General Gordon's division became hard pressed by the enemy and called on Longstreet for assistance. Not being able to furnish assistance at that time, Longstreet sent his inspector general, Major R. M. Simms, to suggest to Gordon the sending of a flag of truce to the federal requesting a suspension of hostilities pending an interview between Lee and Grant. Following this suggestion, Gordon at once dispatched Simms to the federal commander, Sheridan, with this request. As Major Simms galloped toward the lines of the federal he searched his haversack for something white to cover his advance, but found only a towel. This he drew out and waved above his head as he approached the enemy. The union soldiers caught sight of the white towel, held their fire, and under this improvised flag Simms was allowed to enter the lines, where he was met by Colonel Whitaker and taken to General Custer, who was in command of that part of the field. Neither of these officers, however, cared to declare a temporary cessation of hostilities just then, feeling that they had the advantage of the fight and held the southern army at their mercy. So Simms was obliged to return to his own lines without accomplishing his purpose. He left the truce towel in the hands of Colonel Whitaker, who took half of it and gave the other portion to General Custer. It was only shortly after the incident just mentioned that Sheridan and Gordon met and established a temporary truce, which held until the conference between Grant and Lee terminated the war.

The "Surrender Table." Most important among the collection of war relics is a little oval table of wood, much battered and scarred, on which General Grant wrote the letter containing the terms of surrender of General Lee, at the home of Wilmer McLean, near Appomattox Court House, Va. Immediately after this event the table was purchased by General Sheridan and given to General Custer as a present for his wife. General Sheridan's letter of presentation, dated April 10, 1865, the day following the surrender, which is included in the collection, corroborates this statement.

The collection also includes a pin made from a piece of conch shell, once a button from the coat of General Washington, presented by a relative of the general to Custer. Later Custer had it mounted in gold for his wife, who wore it for many years as a brooch.

TOURING PARTY HELPS OLD MAN TO POOR FARM

A big seven-passenger car came to a standstill in front of the poor farm door about midnight Wednesday. A bent and tottering old man was assisted from the car by the chauffeur and hobbled up the steps.

According to the old man's disconnected story, he went for a walk last evening and, becoming confused, mistook one of the big mansions in the upper Farnam street district for the poor house. When he reached there, it was as far as his poor old legs could go and he lay down on the grass, where he was found by a night watchman. As the watchman was helping him up and pointing out the way to the county farm, a big machine with a party, evidently returning from one of the clubs, stopped to see what had happened. When they found the old man's plight, room was made for him in the car and it was "over the hills to the poor house" in a far different style than the usual trip.

Uniforms Are Here for Omaha Militia

The consignment of olive drab uniforms for the fitting out of the Omaha companies of the state militia that are to go to the Pole Mountain maneuvers have arrived in Omaha. They had been expected for over a week. The uniforms will be issued to the men of Companies L of the First regiment and G of the Second Sunday morning at 8 o'clock at the old armory, 497 South Twentieth street.

Wanderlust Soon Leaves Lincoln Lad

Tired, hungry and homesick, Robert Cumings, 11 years of age, wandered into the police station Wednesday with his clothes in tatters and with tears in his eyes pleaded with Matron Gibbons to send him to his home in Lincoln.

Young Cumings left his home last week to work in the harvest fields, believing he could perform the duties of a farm hand with ease and soon make his fortune. His dream of wealth was brought to a sad end when the numerous farmers he asked for work refused to hire him because of his age.

He walked all the way from Lincoln to Omaha, securing meals from farm houses along the way and sleeping out in the open.

School Attendance Shows an Increase

According to the annual report of Superintendent Graff for 1912 the average daily attendance in the city schools was 15,245, against an average attendance in 1911 of 15,420, an increase of 25, which is the largest increase recorded.

The total number of students registered in the schools for the last year was 20,909, against 20,334 in 1911. This is the average increase in registrations.

At the high school 2,233 students were enrolled. In 1911 the enrollment was 2,157. The average attendance at the high school in 1912 was 1,823. In 1911 the average daily attendance was 1,654.

KANSAS RAILRADERS BOOST THEIR CROPS

Thirty freight agents of the Union Pacific, coming from as many different points in the company's Kansas lines, are at headquarters holding a family meeting with the head officials. They come from the eastern, central, northern and western portions of the state and are all enthusiastic over Kansas crop prospects this year.

The Kansas railroad men declare that the winter wheat crop of the state is a bumper. The yield will exceed that of any former year and the quality is of the best. This crop has all been secured, a large portion of it has been threshed and much of it is being marketed. The wheat is turning out from twenty to thirty bushels per acre and many fields are running as high as forty bushels.

While there has not been too much rain, all of the railroad men say there has been an abundance for the corn and that with a few exceptions where the area is very limited the crop promises to be the best the state has ever garnered. As far west as Ellis, where corn is never looked upon as a sure crop, this year it is good, and with reasonable weather from now on it will haul from thirty to forty bushels per acre, while east and southeast the yield will be fully double this.

STATE TROOPS START FOR POLE MOUNTAIN MONDAY

Next Monday the Burlington will begin the movement of the Nebraska militia of the South Platte country on the way to Pole Mountain, near Laramie, Wyo. The movement will include the companies of Auburn, Beatrice, Wymore, York, Geneva and McCook, each company occupying a sixteen section tourist sleeper. Besides these, there will be detachments from Beaver City, Nebraska City, Hastings, Holdrege, Lincoln, Alma and Crete, a total of 267 officers and men.

The Burlington will haul the men to Denver, where they will be turned over to the Union Pacific. Each man will be permitted to carry 150 pounds of baggage, free of charge.

PERSONAL PARAGRAPHS

Dr. A. L. Muirhead has returned from an extended visit in central Nebraska. Prof. S. Asher of Philadelphia, Pa., noted dancing master, is visiting his brother, Harry Asher, of this city. Asher B. Burrows, district passenger agent of the Nickel Plate road, with headquarters in Kansas City is in town.

Hot Weather Helps for Skin and Hair

The Hot winds and scorching sun of summer will not mar the clear, velvety complexion and delicate skin if a plain spumax lotion is applied daily. You can prepare your own lotion for a trifling sum by stirring two teaspoonfuls glycerine in 1/2 pint witch hazel (or hot water), then adding 4 ounces spumax. This spumax lotion is invisible when on, does not spot, streak, or rub off and will banish tan, freckles, lines, age-marks and blotches, as well as dispel the oily, shiny condition.

Hair shampooed frequently with a teaspoonful canthrox dissolved in a cup of hot water will quickly regain its former rich color and gloss and always be soft and silky. Nothing can equal canthrox to promote a clean, healthy condition of hair and scalp, and its use keeps the hair beautifully soft and lustrous during the most trying days of summer.—Adv.

Omaha Club Takes Referendum as to Building Addition

A referendum of members of the Omaha club is being taken to advise the directors on the question of enlarging the club house by the addition of a building on the west side to contain card and reading rooms and squash courts, at an estimate cost of \$40,000. The architect's diagram of the proposed change accompanies the postal card, which members are invited to fill and return. The detailed explanation of what is involved among other things says:

The fixed indebtedness of the club is \$55,000, made up of a mortgage of \$35,000 on the club house, \$10,000 mortgage on the strip of land adjoining and \$10,000 owed the bank. It is hoped the club will reduce this by the indebtedness of the year to \$50,000. With the suggested addition the fixed indebtedness would be \$90,000.

The board has assurance that a mortgage of \$50,000 can be placed on the realty and the balance, \$40,000, can be borrowed from the bank. The interest charges now amount to \$2,500 and assuming the addition is built would approximate \$4,000. Without doubt at least twenty-five new members could be obtained, whose dues would offset the addition interest.

The board, after careful consideration, believes that it is to the interest of the club and of the city that lounging and card rooms and squash courts be built. At present we are using the rooms designated for a writing room as a card room and this room is inadequate to meet the demands, besides leaving no appropriate writing room.

About two years ago submitted to the members on the theory that the members would take bonds to cover the cost and wearing up of the building, the proposition now submitted the members will not be called on for subscriptions, assessments or donations.

Engineers Complain of Hours for Work

W. A. Chrisman and Otto Stark, engineers, have requested the city council, in the name of the engineers and firemen employed by the city and county, to pass an ordinance regulating their hours of work.

Mr. Chrisman told the council that engineers now work from 6 in the morning until 6 at night, and that there was serious objection to the twelve-hour shift. The council advised him to write out his complaint and it would be given consideration.

LAD WHO ESCAPED FROM DETENTION HOME ARRESTED

George Bracken, 11 years old, who a week ago escaped from the Detention home, wanted to start on a wild career, so he visited the loan office at 1107 Farnam street and when the proprietor, H. Seigel, was in the back of the store, went behind the show case and lifted three revolvers and a watch. His actions attracted Seigel, who held him for the police, who returned him to the home.

WHERE DID YOUR MONEY GO?

There were fifty old line life insurance companies doing business in Nebraska in 1911. Forty-four were outside companies and six were home companies. The former wrote \$17,359,074 of insurance and the latter \$5,857,726. The former collected in premiums \$2,641,541 and the latter \$1,240,264. The proportion is about two to one in favor of the outside companies on new business and 2 to 1 on premiums collected.

AGENCY SHIPPING OF STOCK NOT SATISFACTORY

The plan of shipping live stock through the agency of a farmers' shipping association has been practically abandoned at Creighton, according to Samuel J. Clemman, of near Creighton, who is in Omaha. He says the farmers after trying this method for a time have become dissatisfied with the results, as they complain of having too much loss from dead hogs in the cars. Personally Mr. Clemman does not believe that the practice of shipping hogs through the shipping association method is responsible for the killing of hogs in transit to any great extent, but he says many of the farmers feel that the throwing of several bunches of strange hogs together in this way causes them to fight a great deal in the cars and results in the killing of some.
