

OROZCO ORDERS ALL AMERICANS TO QUIT NORTHERN MEXICO

Insurgents' Plan is to Force Intervention by the Government of the United States.

SALAZAR MAKES SPEECHES

General says All Americans Will Be Driven Out or Killed.

ALL PROTECTION WITHDRAWN Destruction or Seizure of American Property is Expected.

REFUGEES FLOCK TO EL PASO

Twenty-Five Hundred Will Reach the City by This Evening—Government Sends Tents to Shelter Them.

EL PASO, Tex., July 29.—The correspondent of the El Paso Herald wired a statement here today declaring that General Ines Salazar, second in command of the Mexican rebel army, had made several addresses Sunday, in which he asserted that all Americans in the rebel zone were to be disarmed and all protection guaranteed for American citizens withdrawn.

Salazar is reported as saying that inasmuch as the American government had treated the rebels as bandits, they may as well act such parts. Louis Lach, a Mormon from Dublin, who arrived with his family here last night, said today:

"General Salazar told us at Casas Grandes and again at Pearson that if intervention did not come from the Americans within the next few days that rebels will begin to kill every American they find and keep up the massacre until America was forced to cross the border. Salazar stated that it was the direct order of General Orozco."

Expect Intervention.

Some Americans who recently left Mexico consider it will be only a few days before intervention by the United States is forced. They say they expect the destruction of all American property.

D. M. Branholt, an American mechanic of Pearson, said:

"It means death to all Americans who persist in remaining here. The rebels disarmed everyone at Pearson, at Colonia Dublin, at Colonia Juarez and many other places. At Janos they fought a battle with the federals and were defeated. This was Friday. More than 400 were wounded at this fight."

Gomez Held in Heavy Bonds.

SAN ANTONIO, Tex., July 29.—Emilio Vasquez Gomez and five of his followers today were held under heavy bonds to a federal grand jury on charges of violating the United States neutrality laws. This action was ordered at the preliminary hearing of the accused men.

Tents Sent to El Paso.

WASHINGTON, July 29.—The senate today passed a joint resolution authorizing the War department to supply tents for the care of American refugees from Mexico at El Paso. A telegram read by Senator Fall from the mayor of El Paso said 2,500 Americans from Mexico would be in El Paso within twenty-four hours and that the city had no facilities to take care of them.

TEAMSTER KILLED BY LIGHTNING AT BURLINGTON

BURLINGTON, Ia., July 29.—Harry Jackson, a teamster, was killed by lightning and James Tyndall badly shocked by the same bolt last evening. The men were watching circus employees erect tents.

The sun had been shining brightly, when a bank of black clouds rolled up from the south. Without warning a bolt of lightning shot from the sky and Jackson rolled over dead.

The crown of his hat was burned off and aside from a scar on his forehead there were no other marks on his person Tyndall will recover.

LACKAWANNA TRAINMEN MUST AVOID STRONG DRINK

NEW YORK, July 29.—As a result of an investigation conducted by the management of the Delaware, Lackawanna & Western railroad, following the recent disastrous wreck at Corning, N. Y., an order was issued today to the employees of the transportation service forbidding the use of intoxicants, either while off or on duty. They are prohibited from using their time while off duty in any manner that may unfit them for the safe, prompt and efficient performance of their duties. This rule applies particularly to men who might spend their time off playing cards.

BUSINESS HOUSES AT CHAMBERLAIN S. D. BURNED

CHAMBERLAIN, S. D., July 29.—Fire which broke out in the S. O. cafe this morning caused a loss of \$100,000 and for a time threatened to wipe out the entire business district. The fire was caused by wood alcohol igniting while being filled into a burner under a coffee urn. Only 25 per cent of the loss is covered by insurance.

Agents of Mission Boards Confer Over Korean Situation

WASHINGTON, July 29.—Five representatives of protestant foreign mission boards held conferences here today with government officials regarding the status of American missionaries on Korea and the conditions of the Christians in that country. In the delegation were Bishop Candler of Georgia, Rev. Dr. Cook of Nashville, Tenn., representing the Methodist church south; Rev. Frank North of New York, secretary of the northern Methodist board of foreign missions; Bishop Luther D. Wilson, president of the northern board of missions, and Rev. Arthur J. Brown, secretary of the Presbyterian board of missions.

The delegation called first on Viscount Chinda, the Japanese ambassador, and later went to the White House to be introduced to President Taft, who referred them to the secretary of state.

Secretary Knox summarized the conference, which lasted an hour and a half, as follows:

"The representatives of the missionary board stated that they had come to Washington to call on the Japanese ambassador to express the deep interest and concern about the Korean Christians under arrest in Korea charged with conspiracy against the life of the government.

"Their call at the State department was to inform the department that, reports to the contrary, they had no complaint to make to the department arising out of the Korean situation or diplomatic action on the part of this government."

House Committee to Reintroduce Cotton, Vetoed by Mr. Taft

WASHINGTON, July 29.—The house ways and means committee today determined to reintroduce the democratic cotton tariff bill which was passed at the last session of congress and vetoed by President Taft. Revision of the cotton tariff was decided upon at a full meeting of the committee.

When the house met Majority Leader Underwood presented the amended wool tariff measure and the excise tax bill passed last week by the senate. He will ask tomorrow that conference be named to take up the measure with the senate.

The republican members of the committee voted unanimously to confer with the senate wool bill, the La Follette substitute for the house measure. Representative Hammon of Minnesota (dem.) voted for the repeal of the Canadian reciprocity agreement, which was attached as a rider to the excise tariff measure.

Roosevelt Compares Taft's Nomination to Lorimer's Election

OSTER BAY, N. Y., July 29.—The renomination of President Taft by the republican national convention last month was compared by Colonel Roosevelt today to the election of William Lorimer to the United States senate. The two cases, he declared, stand on the same moral plane, and Mr. Taft's nomination, in his opinion, can be defended only on grounds which would justify Mr. Lorimer's election.

Had the Chicago convention been organized honestly, he said, there would have been a majority of over 100 against Mr. Taft.

Standard Oil Stock Rises to Thousand Dollars a Share

NEW YORK, July 29.—The old stock of the Standard Oil company of New Jersey, which includes all the subsidiaries, sold on the curb today for \$1,000 a share, a high record price. At this figure the market valuation of the old company is \$1,000,000,000. When the dissolution took place the market value of the old stock was around \$75 a share.

The Standard Oil company of New York today announced an advance of 1 cent per gallon in the export price of all grades of kerosene except benzine, which was raised 3 cents.

Dock Workers Refuse to Return to Work

LONDON, July 29.—The refusal of the dock workers in London to obey the manifesto issued by the strike leaders on Saturday declaring the strike at an end after it had lasted ten weeks, was given practical effect today when very few of the men returned to work. The strikers generally are of the opinion that their leaders have betrayed them into an unconditional surrender.

A new spirit seems to have entered into the men, and today it was observed that most of them displayed a much more ugly temper than heretofore. On this account stronger forces of police than usual were stationed at the gates to protect the nonunionists. These men appeared in their usual numbers.

The secretary of the strike committee this morning said that the strike probably will be resumed. Several of the unions involved will meet today to discuss the situation, and it is expected that most of them will vote for a continuance of the strike.

BODY OF MISS SNOGRASS FOUND AT CATSKILL, N. Y.

ALBANY, N. Y., July 29.—The mystery of the disappearance of Miss Dorcas I. Snodgrass, a nurse missing from her sister's home at Mount Vernon, N. Y., since July 17, is believed to have been solved by the finding of a body of a woman in a creek near Catskill. The body is said to tally with the description of the missing young woman and the name "I. Snodgrass" was found on her corset cover. Another initial, believed to have been a "D.", had been obliterated. There were no marks of violence on the body.

DEMOCRATS SEEK TO FIND NEW MAN

Compromise on State Chairman Already Being Talked at Grand Island.

WANT BYRNES TO STEP ASIDE

Columbus Man in No Mood for Such Action

SUPPORTERS OF BYRNES BACKDOWN Declare Bryan Men Would Call it Practical Victory.

BYRNES MAY DECIDE TO APPEAR

Commoner Busy with Chautauqua Dates, but is Not Too Far Away to Listen to Appeal for Help.

GRAND ISLAND, Neb., July 29.—(Special Telegram.)—Here on the eve of the battle that is to be waged tomorrow afternoon in the democratic convention an attempt is being made to compromise on the matter of the selection of a state chairman to conduct the democratic state campaign in this state. It was stated on good authority this evening that the democratic candidates in this state or their agents were already waiting on the leaders of both factions in an effort to bring them to an agreement whereby some man besides J. S. Byrnes could be elected to the chairmanship of the state committee that would still have the confidence of the democratic party of the state. None of the leading candidates is yet present except J. H. Morehead, candidate for governor.

It has been stated by those who claim to know that ex-Governor Shallenberger will not be at the convention as he is busy with lecturing engagements. The effort to compromise by keeping J. S. Byrnes out of the race will meet with a great deal of opposition, as some of the delegates, notably some among the Douglas county delegation, have said they would consider the election of any man other than Mr. Byrnes as a victory for Charley Bryan and Tom Allen, as those men would naturally herald the defeat of Byrnes as a victory for themselves.

Chairman Byrnes has his headquarters at the Koehler hotel and has been busy all day and evening meeting members of the various delegations as they came in. Byrnes is smiling. "I feel very confident," he said. He declares he has no definite table of votes and instructions of the various delegations as they have been reported from day to day, but that he has no cause to fear the result.

On the other hand it is stated by the progressives that out of the sixty counties from which they have reports, the progressives have 49 delegates and they feel that with some thirty counties yet to report, they have excellent chance to get the majority of the votes to endorse the action of W. J. Bryan at the Baltimore convention and to elect a man as state chairman thoroughly in harmony with the progressive movement of the democrats and who has the strength to carry out the pledges of the democratic party this year.

Charles Byrnes, brother of William J. Byrnes, together with Tom Allen, are also stationed at the Koehler hotel. Mr. Byrnes said this evening that he could not say whether W. J. Bryan would be present at the convention or not. He said he would know definitely Tuesday morning. He did not say where the Commoner was at the present time.

In the meantime whether the hero of Baltimore will appear in person on the field of conflict tomorrow is a matter that is being much discussed on every corner and by both factions, some of those who oppose the Bryan faction have a certain fear of his presence, while among the progressives his coming is watched for even as Wellington scanned the horizon for the coming of Blucher at Waterloo. Mayor J. C. Dahlan of Omaha, C. E. Fanning and other members of the Douglas county delegation arrived yesterday and made their headquarters at the Palmer hotel.

The remainder of the Douglas county delegation is expected to arrive in the morning. It was principally fragments of the various delegations that arrived today as the convention will not be called to order until 2 o'clock Tuesday afternoon.

A great many of the counties are sending delegates in unstructured. Both factions admit these delegations are uncertain quantities as the vote of these will be a matter of individual feeling of the delegates.

Custer county for example comes with twenty-one delegates unstructured. Lincoln county comes with ten unstructured. Cherry county delegation comes unstructured. Antelope comes with eleven unstructured. Madison and Wayne counties have advanced delegates on the ground who say their counties did not instruct any they believe the delegates to be mixed.

A large tent has been pitched on South Locust street where the convention is to be held. It is the plan now that the matter of selecting a state chairman shall be first fought out and that while the committee on resolutions is at work drafting the resolutions the convention shall adjourn to attend the ball game.

W. H. Thompson of Grand Island has been selected by the state committee to act as temporary chairman of the convention and it is said there was no question of his being made permanent chairman.

Progressives stated emphatically this evening that it was not true that Tom Allen of Lincoln and Charley Bryan were being especially pushed as candidates for the state chairmanship, but affirmed that all they wanted was to get a man who would be thoroughly progressive and one that could stand out as a man that had been in sympathy with all the fight the democrats had been making against the interests, culminating in the great fight made by W. J. Bryan at the Baltimore convention. It is the fear of the progressives that unless the democrats succeed in putting up a man that is known to be progressive, and if Mr. Byrnes is kept in the place of chairman

What Funny Ideas We Have About Our Vacations

From the Cleveland Plain Dealer.

EMPEROR OF JAPAN IS DEAD

Mikado Passes Away at 12:43 O'Clock Tuesday Morning.

WAS ILL FOR SEVERAL WEEKS

Has Been Succeeded on the Throne by Crown Prince Yoshihito, Who is Thirty-Three Years of Age.

TOKIO, July 29.—The emperor of Japan died at 12:43 o'clock this morning. He has been succeeded on the throne by the Crown Prince Yoshihito.

TOKIO, July 29.—Mutsuhito, the emperor of Japan, was still alive this evening. Although he had been unconscious since dawn, yet his heart continued to beat and he made occasional feeble movements with his hands.

All the imperial princess who have been in the vicinity of the emperor's palace since the beginning of the serious period of his illness on July 13, were summoned to the sick chamber last evening and remained there till late today.

They were present at the noon examination by the court physicians, who found that his majesty's pulse was very feeble. The beats have increased to 146. The imperial patient's fingers and toes have turned to purple hue. His respiration and temperature, were unchanged.

A further examination at 3 o'clock this afternoon showed his majesty's condition unchanged.

At 10 o'clock tonight the physicians' bulletin said that the emperor's temperature had increased and that his condition had become more serious.

Prince Sadanru Fushimi, the emperor's cousin, and three of the other princes left the palace for a short rest at 6 o'clock this evening, but the crown prince and most of the cabinet ministers remained in a room adjoining the sick chamber. The crowds outside the palace continued to increase today and numbered at least 10,000 persons at 10 o'clock this evening.

The fatal illness of the emperor first became known publicly nine days ago. In the bulletin announcing the critical illness of his majesty the court physicians announced that it had been diagnosed as acute nephritis, with alarming symptoms of uremic poisoning. From the date of the announcement, the emperor was almost entirely unable to take nourishment and the continued fever gradually broke down his strength.

The emperor had been suffering from diabetes for eight years and in 1906, chronic kidney trouble developed.

The Crown Prince Yoshihito, who succeeds the throne, was born August 31, 1879. He was made heir apparent, August 12, 1887, proclaimed crown prince, November 8, 1888, and decorated with the Grand Order of Merit and Grand Insignia of the Imperial Chrysanthemum. He was promoted to be a lieutenant colonel in the army and commander in the navy in 1906. He became lieutenant general and vice general on November 3, 1909.

The prince was married to Princess Sadako, daughter of Prince Kujo Michitaka, on May 10, 1900.

Thirteenth Juror Takes Place in Box for Darrow Trial

LOS ANGELES, July 29.—After twice delaying the bribery trial of Clarence S. Darrow because of illness, L. A. Lovvitt was relieved of further duties as a juror today and the alternate juror, A. M. Blakesley took his place. According to the attorneys in the case it is called the first instance in the history of American jurisprudence of the substitution of a thirteenth juror for a regular one who had been incapacitated for service.

The National Capital

The senate met at noon. Sitting as a court of impeachment, took up the Archibald case.

The house met at noon. Took up unanimous consent calendar. Ways and means committee decided to reintroduce the cotton bill vetoed by President Taft.

MUTSUHITO.

Calls for Figures on Cost of Mining and Selling Coal

WASHINGTON, July 29.—The house today adopted a resolution calling upon the secretary of commerce and labor to inquire into "the different elements of cost and profit included in the present high price of anthracite."

Representative Diffenderfer of Pennsylvania, democrat, author of the resolution, declared that a "hard coal trust" existed and that coal mined in Pennsylvania was sold at higher prices in Philadelphia and other points within his state than was charged for the same grades of coal in New York.

He contended that while the miners' wages recently had been increased a fraction more than 5 per cent, coal operators had arbitrarily advanced the price to the consumer 25 cents a ton.

Are Writers of News Free to Tell Truth?

MADISON, Wis., July 29.—Various phases of the question "Are newspaper and magazine writers free to tell the truth? If not, why not, and what can be done about it?" will be discussed by representative newspaper and magazine men from various parts of the country at the first national newspaper conference, which opens here tonight and is scheduled to close Thursday evening with a banquet.

President George E. Vincent of the University of Minnesota is to deliver the principal address of the opening session of the conference, taking as his topic "The press and the People."

"Is the newspaper reading public getting all the truth it is entitled to?" is the first section of the question to be taken up tomorrow morning when the views of Adolph Ochs of New York are scheduled to be presented. Will Irwin of New York and L. V. Richard of Boston are expected to follow.

Melville E. Stone, C. D. Lee and A. M. Simons are scheduled to speak on "Can the Impartiality of the News Gathering and News Supplying Agencies Be Fairly Challenged?"

Other phases of the main question will be presented by Samuel T. Hughes, Don Selts, George French, H. H. Tamm, Charles H. Grant, William Holt and George H. Dunlop and others.

Inquiry Into Funk Case Again Resumed

CHICAGO, July 29.—The Cook county grand jury today resumed its hearing testimony in connection with the alleged plot to besmear the name of Clarence S. Funk, general manager of the International Harvester company. Mrs. Josephine Hanning, wife of the man who filed a \$25,000 alienation suit against Funk, and other witnesses who appeared before the investigating body a week ago, were called before the grand jury again today.

GIFT OF BUFFALO HERD

John Gilbert of Friend Proposes to Donate Animals.

WANT THEM IN NEBRASKA

Representative Kinkaid Seeks to Have Them Placed in Niobrara Reservation—Lively Debate Over Proposition.

(From a Staff Correspondent.) WASHINGTON, July 29.—(Special Telegram.)—John Gilbert of Friend wishes to present to the government a herd of buffalo, elk and deer, thirty-nine in all, providing that they are placed in a Nebraska preserve. His offer has been made to the secretary of agriculture, who favors their acceptance and recommends that they be placed in the Niobrara reservation.

Representative Kinkaid endeavored to secure the necessary legislation by offering an amendment to the general deficiency bill in the house. In support of his motion he quoted the recommendation of the secretary of agriculture, proposing that the present unexpended portion of the appropriation for the Montana national bison reserve be made available for the Nebraska proposition.

In his recommendation the secretary said:

"The Niobrara reservation is the only place in the state of Nebraska available for this purpose, and in order to avail itself of the present offer the department must construct an enclosure on the Niobrara reservation immediately and arrange for the transfer of the animals at an early date. The reservation in question is well adapted to that purpose, and the present appropriation, if made available, will admit of the transfer of the herd, but the department is without specific authority to erect the necessary fencing. No additional appropriation is necessary if the balance remaining in this fund can be reapportioned for this purpose."

During the debate on the amendment some member facetiously inquired if there were any bull moose in the herd, and Mr. Mann, minority leader, from Illinois, asked Mr. Kinkaid if he thought "any ordinary fence would be sufficient to keep a bull moose enclosed."

"When he is properly domesticated, yes," answered the Nebraska member.

"If the gentleman knows of any fence which will keep a bull moose within bounds, I am sure he can sell the fence at a very high price," concluded Mr. Mann.

The amendment was defeated by a point of order. Judge Kinkaid will follow it to the senate and try to have it authorized there.

Representative Sloan has been obliged to cancel dates in early August he had agreed to fill at Hebron, Shickley, Crete and the David City chautauquas because of the prolongation of the session of congress. Under the orders of the house leaders, leaves of absence will not be granted except for cause of illness. Mr. Sloan said today there might be a chance of his filling the David City chautauqua date, provided they had not made other arrangements, if the business of the house permitted his leaving.

Many Drowned at a German Resort When Landing Collapses

BINZ, Germany, July 29.—A shocking catastrophe, causing the deaths of a large number of German excursionists, occurred last evening at Balitz bathing resort. The landing stage which was crowded to its utmost capacity during a concert given by a local band, collapsed and threw more than 100 people into the sea.

Twenty-one bodies have been recovered, but it is believed that many more persons lost their lives. The excursionists had come from all parts of north-eastern Prussia to spend the day on the seashore.

Two Men Killed by Explosion

NEW YORK, July 29.—Three men were killed and five probably fatally injured this morning by the explosion of a dynamite charge 30 feet below the surface in an aqueduct shaft in Central Park. The victims were drillers and assistants. The accident occurred when a drill point struck an unexploded charge.

STATE REPUBLICAN COMMITTEE HEARS CASES IN CONTEST

Party Organization in Dispute in Several Counties Before Big Meeting Today.

NO DECISIONS YET MADE

Outlook Seems Good for Holding Two Conventions.

ROSEWATER IS GIVEN OVATION

Greeted by Delegates as Having Put Nebraska on Map.

NORRIS OPPOSED TO COMPROMISE

Senatorial Candidate of Roosevelt Men Sends Telegram Urging Bullmoose to Stand Firm in Convention.

(From a Staff Correspondent.) LINCOLN, July 29.—(Special.)—Indications do not point to a harmonious gathering when the republican state convention convenes Tuesday. Several delegates came in last night, among them being the delegations from Dawes and Boyd counties. Both of those counties have contested delegations brought by the regular republicans.

Last night State Chairman Kennedy, Governor Aldrich and C. C. Flansburg, chief of the progressive forces in Lancaster county, held a harmony meeting on a seat on the outside of the Auditorium and for an hour worked over the problem in an effort to get together on some kind of a proposition. At the close of the conference both sides would give out no information, but it has since been learned that nothing was agreed on.

This morning delegations from all over the state have been coming in and if one is to judge by lobby talk there is not much chance for a harmony convention.

Roosevelt Men Stubborn.

Early this morning F. P. Corrick, chief engineer of the Roosevelt forces, established headquarters in rooms 113 and 115 at the Lindell and conferences were in progress most of the time during the forenoon. State headquarters are in the same hotel. It is understood that the Roosevelt men are bitterly opposed to an endorsement of the national ticket and will fight such an endorsement to a finish. It is also understood that the Taft forces are just as insistent that the national ticket shall be endorsed and will use every effort possible to that end.

That there will be two conventions held seems to be the opinion of everybody. Should the Taft forces win out in an endorsement of the national ticket there is little doubt but that the Roosevelt forces will go into the new party convention called for Wednesday.

On the other hand if the bull moose delegates vote down a resolution endorsing President Taft the regular republicans will hold a convention, endorse the national ticket and take steps to put a full senatorial, congressional and state ticket in the field, headed by a complete electoral ticket, placing Taft men in the places of the Roosevelt men.

Position of Electors.

The electoral ticket at present is composed of W. J. Branch of Omaha, Wesley Wilcox of North Platte, Allen Johnson of Fremont, W. E. Thorne of Bladen, George Flory of Pawnee City, A. R. Davis of Wayne, A. C. Kennedy of Omaha and A. V. Pease of Fairbury. Five of these are said to be for Roosevelt and three for Taft. The Taft men are Wilcox, Kennedy and Johnson. The latter has signified his intention to vote for Taft, though his choice personally is Roosevelt. As he does not like the president, he will cast his personal vote for the democratic nominee, Mr. Wilson, but considering Mr. Taft the regularly nominated candidate of the republican party he will cast his electoral vote for him. This is rather a peculiar stand to take and has caused considerable comment.

Ovation for Rosewater.

Victor Rosewater, chairman of the national committee at the time of the Chicago convention, arrived this morning and received an ovation at the hands of the republicans assembled in the lobby of the Lindell. It was evident that while some of them have been criticizing him for his attitude as chairman of the national committee, that they are still willing to recognize him as he man who more than any other put Nebraska on the map at the national republican convention.

There are several counties with contested delegations. Among those who at noon had filed notices of contest were: Boyd, six delegates; Dawes, six; Douglas, ninety-four; Furnas, nine; Gage, nine; Harlan, seven; Jefferson, thirteen; Lancaster, fifty-six; Richardson, fourteen.

The state committee gave out at noon that these contests would be taken up in alphabetical order and each side allowed two men to present their claims and give them a half hour each, or an hour for each contest.

Norris Vetoes Compromise.

Another thing which has not helped very much in the way of bringing harmony was a telegram received from Congressman Norris, which stated that he did not approve of any compromise. "Any compromise is an unconditional surrender." Another said to have been received by Governor Aldrich from Colonel Roosevelt, said that he wanted no delegates elected from the Nebraska republican convention.

The meeting of the executive committee called for the hearing of contests was called to order at 1:30 by Chairman J. L. Kennedy. About 200 were present.

Chairman Kennedy announced that the committee wanted the facts in each case. F. S. Baird for Dawes county announced that the convention was called by the chairman of the county committee without consulting any other members of the committee. As a result Chadrin had twenty-six delegates and one other county precinct was represented with two more. Later when it became known that a convention had been held six of the precinct committeemen issued a call for a convention, which was held and resulted in the selection of the second

(Continued on Second Page.)
