Two Much Wanted Car Robbers Are Captured at Beatrice

BEATRICE, Neb., July 29.—(Special.)—In the capture of Norman and Merle Bonner, two brothers, at this place Saturday the authorities believe they have in custody two of the worst car robbers in the country. The two young men, who are aged 18 and 20 years, respectively, broke jail at Pawnee City, Neb., Friday night, where they were taken after their arrest at Table Rock on charge of entering a car and stealing a quantity of merchandise.

Norman Bonner admitted to Chief of Police McGirr that a few months ago he escaped from an Iowa prison guard at Joplin, Mo., where he had been given permission to visit his sick mother. He was captured and taken back to Joplin. His mother passed away, and he was again taken to his home to view the body.

White kneeling at the bedside he sprang to his feet, jumped through a window and escaped. Eighteen shots were fired at him by the guard, but none took effect. Since that time he admits that he and his younger brother have been engaged in robbing cars. He was sent to the Iowa state penitentiary at Fort Madison for six years for safe cracking and has served half of that time.

FAIRBURY GIRL REFUSES TO LIVE IN COUNTRY

FAIRBURY, Neb., July 29.—(Special.)—Alleging that his wife, Elsie Marcell, pined for city life and had a dislike for farming; scoffed at the handsome six-room cottage he had furnished for her; that she refused to aid in milking the cows, to feed the chickens, to churn, and that she wanted him to leave his farm and remove to this city and clerk in a dry goods store, has caused T. J. Marcell of Highland, Kan., to file a suit for divorce.

The defendant in the suit is a pretty Fairbury girl, formerly Miss Elsie Hanford. Marcell alleges that his wife returned to her mother at Fairbury when she got the "back to the city" bug. Baker, Returning, Finds Wife Married

HASTINGS, July 29.—(Special.)—After an absence of fourteen years, W. Baker has returned to find his undivorced wife married to David Hyatt. Baker has taken possession of the Hyatt home with the avowed purpose of making a visit with his family. Hyatt meanwhile has established temporary abode elsewhere and will not return home until Baker resumes his wanderings.

After being married fourteen years Baker deserted his wife and six children in 1898 and has since traveled about from place to place in Iowa, Kansas and Nebraska. His departure, he says, was caused by trouble he had with the Hastings police.

A few days ago Baker came here from Omaha and found David Hyatt the head of his household. Mrs. Baker married Hyatt ten years ago. She says a lawyer told her it was not necessary to get a divorce in order to repudiate, as the desertion by her husband was equivalent to a decree of separation. Mrs. and Mr. Hyatt have had two children, one of whom a daughter died a year ago. The mother is the complaining witness in the pending case against Dr. Swigart, charged with performing a criminal operation which resulted in the death of the girl.

The Oldest Blood Disease

The most ancient history furnishes evidence that mankind suffered with Contagious Blood Poison. The disease has come down through all the ages and is to-day, as it has ever been, a scourge and blight upon humanity.

The symptoms of Contagious Blood Poison are the same as in its earliest history, but its cure has now become an accomplished fact. S. S. S. is an antidote for the virus of Contagious Blood Poison, and cures it in all its forms and stages.

A person who has been cured of Contagious Blood Poison by the use of S. S. S. need not fear a return of its symptoms at any future time. This great medicine checks the progress of the poison and gradually but surely all sores and eruptions heal, ulcerated mouth and throat pass away, the hair stops falling out, copper-colored spots fade away, and when the blood is thoroughly purified no sign of the disease is left.
