FOR THE NECK AND SHOULDERS

A Free Prescription That Instantly Removes Blemishes, Tan, Freckles and the Wrinkles and Marks Left by High Collars.

The Dutch neck and the evening gown too often expose the discolorations and blemishes of high collars or the effects of tan and freckles. It is easy to overcome these conditions and make the neck beautiful and white and soft and smooth to remove, in other words, every blemish and to make the Dutch collar as attractive as it is comfortable. This prescription can also be used on the shoulders, and it is marvellously effective to beautify the hands and arms. If you want to try it go to your druggist, get an empty two-ounce bottle, also a one-ounce bottle of Kutina Compound. Pour the entire bottle of Kutina into the two-ounce bottle, add quarter an ounce of witch hazel, then fill with water. Prepare this at your own home and then you know what you have. One application will astonish you. It is deliciously cool and soothing and is not affected by perspiration. It will not rub off. If you put it on one hand only, or on one side of the neck, and note the difference you will see the wonderful change it makes instantly. The results are permanent, and continued use of this prescription will result in a skin as soft and smooth as a child's, a skin from which redness and roughness and freckles have been entirely removed.

New Charity Worker

MISS EVA ALTO MARTY.

Miss Eva Alto Marty, who has just arrived to take up the duties of an assistant secretary of the Associated Charities, is a wideawake young woman who has had exceptional preparation in education and experience for social work. After graduating from the University of California at Berkeley, where she specialized in social science, Miss Marty spent a year and a half studying and investigating social conditions in the larger cities abroad. She took a course in sociology at the Sorbonne in Paris and made special investigations of conditions in London, Brussels and Rome. She visited most of the large cities of western Europe, looking at everything from the standpoint of the sociologist and social

worker. Returning to America, Miss Marty took the training course in lectures and field work given by the United Charities of Chicago as preparation for social work and became a regular member of this organization's staff. She has come to Omaha from a tour of the Pacific coast cities—San Francisco, Portland, Seattle and others. Miss Marty says that social conditions are very much worse in the old European cities than they are in this country and that the consciousness of the educated and well-to-do on the other side of the Atlantic is not so awake to the rights and needs of the "other half" as that of the Americans.

Orkin Bros.' Buyers Start East

Probably the largest corps of buyers from any store in the middle west left Friday night for New York City and other prominent eastern markets in a special car chartered from the Milwaukee railway. The above picture was taken just prior to their departure. They were in charge of Messrs. M. E. and J. L. Orkin of the new Orkin Brothers com-

pany, which recently purchased the stocks and fixtures of the old Bennett company at Sixteenth and Harney streets. "Our sale of the old Bennett company's stocks concludes this week," said J. L. Orkin. "We have ordered new fixtures and will rearrange and refinish the entire store with the idea of making it one of the finest in the country. This is our first buying trip since our purchase of the Bennett company, and it is our purpose to secure everything of a reliable quality that will appeal to the people of Omaha. We shall pay particular attention to the medium and finer grades of the stocks we buy and we intend to make it a store for everybody. We shall push the work in the store as rapidly as possible, and hope to have everything in good working order when our fall stocks arrive, which will be in a very, very short time."

Advertisement for Kimball Laundry. Text: HOT DAYS MEAN MORE LAUNDRY. The hot August days are here and with them comes the task of properly laundering extra linens. Let us shoulder the burden of your family wash. We will show you that our way is more satisfactory and much cheaper in the end. A trial this week will open a path for just that much less worry each week. Let us worry for you. KIMBALL LAUNDRY. The "WASHWORD" of The Home. Health and Beauty Hints BY MRS. MAE MARTYN.

Mrs. J. L.: Frequent shampoos with cantrox during the summer months insure a fine growth of brilliant, fluffy hair, rich in its natural color, and so responsive to the finger's touch that doing it up is a genuine pleasure. A teaspoonful cantrox dissolved in a cup hot water is enough mixture, and when this is rubbed up it creates an abundance of white, thick lather that quickly dissolves all dust, dandruff and excess oil. Rinsing leaves hair and scalp immaculately clean, and the hair will dry quickly and evenly. The regular use of cantrox gives to the hair that exquisite fluff and massy softness and will insure a lovely growth. E. A. F.: A delatone paste will remove the hairy growth. Mix enough powdered delatone with water to cover the hairy surface, apply and after 2 or 3 minutes remove, wash the skin and the hairs are gone. This treatment is harmless and does not discolor the skin. Anxious: Cutting the lashes is dangerous. Apply a little pyroxin each night at lash roots with the thumb and forefinger and they will come in long and silky. Thin eyebrows will grow thick and heavy if pyroxin is rubbed on with finger end. Use caution not to get anywhere hair is not wanted. Mrs. O. H.: Turkish baths are a severe tax on the system. Try the parvot treatment for fat reduction and 1 am sure your weight will soon be just where you want it. To prepare, dissolve 4 ounces parvot in 1 1/2 pints hot water, then take a tablespoonful before each meal. This gradually and surely dissolves the fat and restores the figure's symmetrical lines without possible injury or inconvenience and when your weight is where you want it, you can stop without fear of its returning. Lydia F.: Large pores and skin roughness can be overcome with the aid of an almozoin cream-jelly. This is made by stirring 2 teaspoonfuls glycerine into 1/2 pint cold water, to which is then added 1 ounce almozoin. Apply generously to the skin each day and it will clear it of all local impurities. This cream-jelly is fine for beautifying the arms, neck and face as well as for banishing sallowness and that greasy condition, and it can also be used with good effect for rounding out hollows and dispelling fine lines or crow's feet as well as discouraging hairy growths. Mrs. Harry: Impure blood is the cause of much sickness, and I would advise you to begin at once a kardeno treatment. This is an old fashioned blood-cleanser and body-builder, and is made by putting 1 ounce kardeno into 1/2 pint alcohol, then adding 1/2 cupful sugar and hot water to make a quart. Take one tablespoonful before each meal and it will gently expel poisons from the blood and tone up the entire system. This will give you renewed strength and energy and make you feel good. It is especially good as a summer tonic, and its use frequently prevents serious sickness. Mrs. Tim: Unhealthy scalps cause profuse dandruff, excess oiliness and other upsets, and these in turn cause the hair to grow lifeless, brittle and fall out. Try the quinzoin tonic I frequently mention and you can correct all this. Just add 1 ounce quinzoin to 1/2 pint alcohol, then pour in 1/2 pint water and your tonic is ready. Frequent applications of this hair-tonic will banish scalp afflictions, keep it healthy and induce an abundance of soft, brilliant hair, rich in its natural color. Alma M.: You need have no fear of tan or freckles if you apply daily a plain spurmox lotion, made by stirring 4 ounces spurmox into 1/2 pint witch hazel (or hot water) to which has been added two teaspoonfuls glycerine. This lotion is superior to powder, because it does not clog the pores, and it imparts an exquisite tint and velvety smoothness to rough, oily, blotchy or "muddy" skins. The regular use of the spurmox lotion insures a youthful complexion not possible by any other method. The spurmox lotion also is invisible when on and is not affected by wind or perspiration. Mona: Your dull, expressionless eyes, when treated with a simple crysol tonic, will soon regain their former brilliancy and expressiveness. To make the tonic, dissolve 1 ounce crysol in a pint cold water, then put two or three drops in each eye daily. Nothing equals the crysol eye-tonic for removing foreign particles, reducing inflammation and for granulated lids. Its use often does away with glasses. Read Mrs. Martyn's book, "Beauty," 45c. Adv.
