

AFFAIRS AT SOUTH OMAHA

City Treasurer Forced to Cash Check Drawn by School Board.

GILLIN COMES OFF HIGH HORSE

His Own Attorneys Point Out Statute Which He Was Not Obeying in Keeping Money in One Fund.

A. C. Pancoast, attorney for the school board, and James P. Sullivan, secretary of the board, forced City Treasurer Gillin yesterday to cash a check for \$500 drawn on the building fund and turned down last Saturday by Gillin on the score that registered warrants should be paid first.

Gillin has lately endeavored to assume the same status towards the school board as he bears to the city council. The members of the school board however can not see the importance of the treasurer and have called him at every turn.

Refusing to enter into further dispute with the treasurer, Secretary James Sullivan put the matter in the hands of Attorney A. C. Pancoast, who immediately pointed out the statute which commanded the treasurer to keep the school money in separate funds.

City Values Raised. Yesterday marked the final sitting of the board of equalization and review for the current year.

Hose Company Paid. It was voted by \$2,200 to the Manhattan Hose company for fire hose purchased by the city a year ago, and \$600 for voting machines with express charges of \$75 at a meeting of the city council.

By action of the council all balances in municipal funds are to be transferred with the exception of \$1,200 which will be used for the installation of sanitary catch basins in the man holes of the Mud creek sewer, which have been closed with dirt by late citizens.

Tax Commissioner Fitzgerald reported that the total valuation of assessable property in South Omaha is \$28,500,000, an increase of \$1,000,000 since last year.

The council signified its intention of attending the regular Monday night festivities of Ak-Sar-Beg at least twice a month and on these occasions will meet on some other week night to make this possible.

John Kincaid Goes Free. The big policemen who brought John Kincaid and his wife before Judge James Callahan yesterday morning said they were vagrants and hinted at heavier crimes.

URGES BUSINESS MEN TO INSTALL EXTINGUISHERS. Fire Warden Ed Morris will urge all business men and even the owners of large houses to install chemical fire extinguishers.

Motherhood

The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms.

KING CHRISTIAN X of Denmark

DR. MAURICE FRANCIS EGAN, United States Minister to Denmark

"Hurrah for de Danske Amerikanere!" This will be the cry that will resound in the Rebild hills of Denmark August 5, when the Danish-American National park is dedicated and King Christian X of the Danish kingdom, through his representative, formally accepts the park, the gift of Danish-born Americans.

When this park is opened to the public it will be the realization of an age-long dream of Danes everywhere. The park comprises 400 acres of historic heath in the Rebild hills on a little plateau on the Jutland peninsula.

At the opening of the park two flags will be raised side by side, the Star-Spangled Banner and the Dannebrog, and they will flutter always side by side, for that is the decree of the Danish government.

A great crowd will gather at Rebild hills for the dedication, for at this time of the year the bloom is on the heather and the happiest season of the year is in full swing.

Rebild hills will echo with the sound of music and orators of international repute will speak. Addresses will be made by the following: C. Bruun, governor of the province of Aalborg; Dr. Max Henius

of Chicago, who has had charge of the collections; the official representative of King Christian; Dr. Maurice Francis Egan, American minister to Denmark; Rev. C. P. Hjoebjerg, Nysted, Neb.; Rev. H. O. Frimodt Moller, Aarhus, Denmark; Carl Antonson, Aarhus; Count C. Moltke, Danish minister to the United States.

Poetry will be recited and songs will be sung. Adam Dan of Chicago will sing "The Stars and Stripes," and the audience and the orchestra will assist. "Faledaad," national song of Denmark, will be sung by Ivar Kirkegaard of Racine, the audience and the orchestra joining in.

Jeppu Aaklar of Denmark and Johannes Fossas will recite poetry and sing. Michael Salomon of Seattle will render "The Rebild Song." Povl Holmstrup of Blair, Neb., will read an introductory poem.

"My Country 'Tis of Thee" will close the program and the entire audience will join in the singing of this song. Many Americans will be present and will sing with ardor the "Faledaad" as the Danes will join enthusiastically in singing "The Star-Spangled Banner."

President Taft will send the Danish king his congratulations and felicitations

them at once. The expense of installation would be slight compared with the possible damage a fire would do.

BAKERY WAGON DRIVER SCARES AWAY BURGLARS. A. F. Bachman, a driver for the Wagner Bakery company, prevented a drug store robbery yesterday morning at 3 o'clock when he frightened away a couple of thieves from the apothecary of Matthew C. Floto, 524 North Twenty-fourth street.

Bachman was out on his morning delivery and was driving along Twenty-fourth street. When he reached California street he noticed a couple of prowlers trying to gain entrance through the front door of the drug store.

Other portions of Denmark were sooner or later made subject to the farmers' needs and the heather gave way to the cultivated plants, but Rebild hills are still wild and beautiful and covered with the heather through which the Norsemen are supposed to have tramped.

This park is located on a lonely plateau, but a picturesque place. There are many legends connected with it and Danes have for years desired to reserve it as a "bit of the old Denmark" for it is most like the Denmark of which the Norsemen were the pioneers.

It was not legend alone that inspired the Danes with a desire to reserve these hills for the playgrounds of their children and their children's children. Need of such a park has long been felt, but the Danes of the fatherland were unable to raise the money to purchase the land and maintain the park.

The fund grew gradually and at last was sufficient to warrant the purchase of the 400 heather-clad acres on the Jutland peninsula.

This park will be a token of the respect in which the Danish-born Americans will ever hold the fatherland, for it was there they were taught the first lessons that have meant for the majority of them a satisfactory success in the land of their adoption.

When the call for funds was made several years ago the Danish-born Americans quickly began to respond. The money was not raised in large sums, but in small amounts given by thousands and thousands of Danes all over this country.

The fund grew gradually and at last was sufficient to warrant the purchase of the 400 heather-clad acres on the Jutland peninsula.

Money Available to Fight Big Muddy

(From a Staff Correspondent.) WASHINGTON, Aug. 3.—(Special Telegram.)—Eight thousand dollars is to be expended under the direction of the War department upon the dikes of the Missouri river near Decatur, according to the recent recommendation of Major Schultz, the engineer in charge. This sum will be set aside from the appropriation of \$5,000 for the upper Missouri contained in the river and harbor bill.

Sharper Juggles Money in "Change"

Because he refused to heed the warning of his wife, H. Helm, traveling representative of the Lipman-Wolfe company of Portland, Ore., is out just \$36. While passing through Omaha in a tourist car on the Union Pacific railroad he was swindled by a confidence man.

HEAT ENDANGERS LIVES OF ELDERLY FOLKS

Older people should be especially careful of their health during the hot months, as high temperature has a peculiarly enervating effect that tends to disarrange the entire digestive system. The slightest indigestion in diet is almost sure to be followed by bowel trouble and indigestion, but if care is taken to keep the bowels open by using a gentle laxative stimulant at the first sign of any irregularity, a great deal of the misery and distress can be avoided.
