BOILER PLATE WILL GO UP

Joslyn Tells of Effect of Newspaper Union Agreement.

COUNTRY PUBLISHERS ARE HIT

Anti-Trust Suit is Brought About Through Courtland Smith of the American Press Association.

The filing of an agreed decree in the civil anti-trust suit against the Western Newspaper union and the American Press association will have only the effect of raising the prices of "ready print" and "boiler plate" which is furnished to the country newspapers, according to George A. Joslyn, president and general manager of the Western Newspaper union.

"As for winding off a monopoly in either one of the businesses where the thought of 50,000,000 readers of rural newspapers could be influenced," said Joslyn, "neither of the concerns can do that. We furnish the country newspapers with only the matter they want and we could not make them take editorials or news stories favoring anything or opposing anything, unless they asked for it. We have a catalogue of material that goes into the ready prints or boiler plates and the editors of country newspapers give their orders from these catalogues. In them there is everything, feature stories, cartoons, illustrations and general news matter.

Get What They Want.

"Political stories, for instance, are furnished us by the campaign committees of the various parties. We have all of them, the republican, democratic and bull moose. We send out post cards to the country editors asking them what they want and they send a card back marking which political party they are backing. In consequence they get the editorial or news matter that pertains to their side of the question. We have absolutely nothing to say about it and could no more influence the readers of the country papers than we could the readers of the Omaha papers.

"This anti-trust suit," declared Joslyn, "was brought about through Courtland Smith of the American Press association. The American Press first wanted to buy our boiler plate business. We wouldn't sell it. Then they began to try coercion. We have been selling boiler plates at 50 cents a page while they sold it at \$1 and \$1.50. When they made the complaint to the government, expert accountants were sent here and

went over our books. They reported that we were selling below cost.

The result of this recent decision will mean that we will increase the cost of boiler plates to 75 cents a page, pending an investigation of accountants to determine the cost of boiler plate production. We merely have been forced to sell boiler plates at a profit."

Lawsuit Because of Apartment House Din

Lease of an apartment with a guaranty that the walls were deeded is responsible for an \$180 law suit in which Edward S. Traver and Gwyer H. Yates are involved in district court. Some months ago Traver sued Yates for \$180, alleging he leased an apartment in the Alsatian at \$45 a month and moved out four months before the lease expired.

Kalamazoo Accident Adds Another Death

Richard D. McKinney, 55 years old, president of the Globe Casket company and brother of William S. McKinney of Omaha, died at a hospital in Kalamazoo, Mich., yesterday morning as a result of injuries received in an automobile accident near that place last Friday evening. William S. McKinney of Omaha died in an ambulance on the way to the hospital following the accident.

Edward Hexten, proprietor of the Gladish pharmacy, Twelfth and Dodge streets, and a close friend of Mr. McKinney, left for Kalamazoo Saturday night. In company with Mrs. McKinney, Hexten will return with the body of W. S. McKinney, leaving Kalamazoo Tuesday evening. The body will be taken to Hastings, Neb., where family funeral services will be held Wednesday morning. Interment will be at Hastings. R. D. McKinney will be buried at Kalamazoo.

NO ONE-MAN PARTY FOR HIM

Kearney Democrat Will Vote for Taft and Tells Reason Why.

CASE OF TOO MUCH COLONEL

Does Not Like High Handedness of Fearless Leader Nor the Dictations of Leader of the Bull Mooseers.

Richard Hibberd, democrat, and for thirty-two years a brick manufacturer at Kearney, was in Omaha Monday, having returned but recently from England, where he went to interest English capital in the construction of a railroad from Canada to the Gulf of Mexico. He summed up his idea of the political situation in short order: "I'm going to vote for Taft."

"I'm not in favor of any one-man party," said Mr. Hibberd, "and would have voted for Champ Clark if he had been nominated, but Mr. Bryan's high-handedness in forcing the nomination of Woodrow Wilson is too much for me. I've been a good democrat, but I'm going to vote the republican ticket this fall."

"I think we've had enough of Roosevelt and Bryan. I believe the party ought to divide to the leaders and not the leaders to the party. And there are other democrats all over the western part of the state who feel the same way about it. They will vote for Taft because he doesn't belong to a one-man party."

Mr. Hibberd returned to Kearney yesterday. He is constructing a brick residence at Twenty-seventh and Central and came down to purchase brick and steel and other material.

Rabbit Powell Sold to Detroit Tigers

"Rabbit" Powell, outfielder with the St. Joseph ball club in the Western league, has been sold to the Detroit Tigers in the American league. It is said that President Navin of Detroit named the purchase price at \$5,000.

Powell will finish the season with the Drummers and will not report to the Tigers until next spring. He was purchased through the veteran Jim McGuire, who is scouting for Detroit.

This makes three Jostown players who have been sold to the big leagues in the last three weeks, Winnebago Johnson, pitcher, and Dick Gossett, catcher, having been sold to the White Sox recently.

STORE ROBBERS CONTINUE THEIR OPERATIONS NIGHTLY

A brace of daring burglars gained entrance to two stores Sunday night by cutting the glass out of the doors. They rifled the cash registers in both places, obtaining \$18. At the store of J. Berkowitz, 1502 North Twenty-fourth street, they secured \$10 and at the Hinterlong drug store at Thirty-first and Farnam streets they obtained \$6.

The thieves did not take any of the stock at either place, although there were very valuable goods in both stores, which would have been easy to carry away.
