GRAIN AND PRODUCE MARKET

The Export Demand for Wheat is Very Brisk.

SEPTEMBER CORN IS STRONG

Out Bulls Admit That There Will Be a Heavy Movement of Crops Within a Very Short

While.

OMAHA, Aug. 8, 1912. The export demand for wheat is very brisk, but it loses much of its force as a bull influence by the fact that the purchases are mostly for shipment the next ten days. There are very few bids for wheat after August 20. This is taken to mean that the demand will fall off very soon. It also probably means that Europe expects to buy wheat from Canada and Russia after this month. All the northwest reports are fattering on the harvest promise this side of the line. Experts say that the yield for Canada will be about the same as a year ago. The feeling in the local trade is unquestionably bearish for the late months and about the only thing to guard against is the possi-bility of an oversold local trade. Cash

wheat le higher. There seems to be Lttle doubt but that September corn in his a strong position because it is at such a great discount under the cash level. The market shows this almost each day by a quick, strong rally for the early months. It is needless to take chances on the selling side of the September contracts. of the September continers. Those traders who believe in a 50c level for the late months have plenty of leaway in selling the December and May ortions. Some o the former bull leadersy are now mos active on the selling side of May corn. It should not be ignored that transaction in the late months will be governed by any important change in weather or crop conditions and the map should be watched Cash corn was unchanged to le

There never has been such a crop of There never has been such a crop of oats as this year. Many practical grain dealers are of the opinion that the official report is under the facts. Bulls admit there will be a large crop movement in a short while. The skuation looks bearish, but around a 20c level traders believe that even the bears will be ready to take profits on short lines. Cash oats unchanged.

unchanged.

 CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing

Prices on Board of Trade. CHICAGO, Aug. 8 .- Anxiety; over a possible surprise in the government crop re-port tomorrow caused the wheat market port tomorrow caused the wheat in to advance today. Closing prices were unsettled, %c to %61c above last night. Short sellers showed a tendency to take hours uncertainty. Heavy rains in the northwest occasioned talk of a delayed harvest, and there were assertions that no more new wheat would arrive in Min-

west reported a good milling call.
Owing to the outbreak of builts: sentiment export business came to a standstill. Pit transactions centered chiefly in the September delivery which ranged from \$25 to \$35c, with the close 160 net higher at 93% 693%c. Scantiness of supplies to fill September

neapolis till the end of the weet. Ite-ceipts here proved light and the south-

corn contracts brought about a flurry. Favorable weather held down new crop futures but in the end they, too, scored a gain. September swung from 65%c to 65%c, closing firm 2c above last night at Cash grades were not offered No. 3 yellow was quoted at 76%

Shippers reported the east bare of oats. Moreover, rains interfered with enlarg-ment of the movement from the farm. December fluctuated from 32% and 32% The finish, 23 c, represented %40 net advance.

Heaviness ruled provisions, leading long sellers on all hard spots. January pork led the drains and in the end was off

was only natural with such light receipts today to expect a good active and steady market. Unfortunately advices from eastern points were very discouraging, with the result that the market opened slow and lower on beef steers. Buyers apparently wanted the cattle, but they felt that prices here were too high for that kind of cattle coming and were ruled at all anxious to load with any further purchases unless they could be secured at a little lower figures. While there was nothing very good in the yards, the bulk of the receipts consisting of trash, there were few cornfed yearlings good to choice \$1.0004.35; wethere, \$2.0003.00.

The market on cows and helfers was pretty slow and while prices were largely steady the feeling was weak and some sales looked, if anything, a little easier than yesterday.

The fine rains reported over the great of the receipts consisting of the provisions for the legislative, quotations on sheep and lamos. Lambs, good to choice, \$1.000, 7.00; lambs, feeders, \$3.000, 7.00; lambs, feede

than yesterday.

The fine rains reported over the greater part of the western country have had a stimulating effect upon the market for stock cattle and feeders. The result has that cattle of that description have been that cattle of that description have been active sellers all this week and were still in very good demand this morning. Prices paid were fully steady with yes-terday. Stock heifers have been in very active demand and they are sharply

fewer hogs than usual, there being a compartively poor shipping demand. Right from the start the trade was largely in the hands of the packer, buyers and prices generally were 56:10c lower on nearly all kinds, though there was quite a number of sales fully a dime lower than yesterday's general market. The packers were slow to commence business

OMAHA LIVE STOCK MARKET and some of their first bids were more than 16c lower when compared with yesterday's trade. Toward the close business was a little slower than the opening, as what was in first bids were more than 16c lower when compared with yesterday's trade. Toward the close business was a little slower than the opening, as what was in first bids were more than 16c lower when compared with yesterday's trade. time consisted largely of rough, heavy packing grades and piggy sows. The general trade was slow and dull, nevertheless, a pretty fair clearance was made by 10:30 o'clock. Although a considerable number of good hogs were on sale, qualcase for some little time back. Several loads of good light hogs commanded the top price, \$8.10. 15c lower than the night est price yesterday.

Representative sales:

80 T 80 ...235 SHEEP-About fourteen double decks or around 3,500 head, comprised the run of sheep and lambs today, as against 8,100 head a week ago and 5,850 head for the corresponding day a year ago. Included in the shipments was a deck of goats. Quality of the supply showed no improvement over the last few days back, there being a very small proportion of good stuff among the offerings. Sheep were more numerous than lambs, the same as on yesterday. Consignments came largely

.232 .200 .222

volume of business was transacted during the first rounds. Of course, buyers went about picking up most desirable killers first and bought the commoner kinds a little later in the morning. It may be mentioned here that the packers and feeder buyers are beginning to compete with with each other on the common to medium stuff and this fact has made trade a little more active of late. Another feature is the continued good demand for anything at all choice and as comparatively little of that class of stuff is coming as yet sellers are enabled to get better prices for the less desirable grades. Included in the first sales were some range lambs at \$7.40 and a bunch

by 11:30 o'clock, the general trade being fairly active all the morning. According to prices paid lambs are steady to strong with yesterday. Among the later sales were two cars of Idaho lambs that brought \$7.35 with 100 head out.

A complete clearance of fat sheep was

not made until well along towards midday and although the early trade was rather with the same days a year ago.

Considering the good demand that has prevailed at this point all the week it was only natural with such light receipts today to expect a good active and steady market. Unfortunately advices from good to choice, \$7.00@7.59; lambs, fair to executive and judicial appropriation bill.

96 Nebraska lambs..... 38 Idaho yearlings.....

SENATE UPHOLDS FREE TOLLS

Upper Chamber Makes Defiant Answer to Great Britain.

LONG DEBATE ON CANAL BILL

Disputed Clause Applies Only to American Coastwise Ships-The Vote Stood Forty-Four to Eleven.

WASHINGTON, Aug. 8 .- By a vote of 44 to 11 the senate late tonight refused to strike from the Panama canal bill the provision exempting American coastwise ships from payment of tolls for passage through the Panama canal, Debate on the question had continued from 1 p. m. until nearly midnight. The senate then adjourned until tomorrow without voting on the bill itself.

The defeat of the Burton amendment to strike out the discrimination in favor of American ships was the senate's defiant answer to the protest of the British government against the legislation. It was this clause of the bill which led Great Britain to send a formal protest to the State department.

The senators who voted in-favor of the Burton amendment are: Brandegee. Burton, Crane, Fall, Gronna, Lodge, Nelson, Oliver, Penrose, Root and Wetmore.

Cummins Foresces War.

Just before the vote was taken Senator Cummins made an impassioned speech, in which he charged senators who interpreted the Hay-Pauncefote treaty as denying to the United States the power to discriminate in favor of its own ships with giving an interpretation which they knew the American people would not observe. He declared the question of power was one that could not be arbitrated and that should diplomacy fail in its settlement, war would be the final arbiter.

Senators Williams and Burton declared Senator Cummins was disregarding the arbitration treaty between the United States and Great Britan.

Because of the delicacy of the situation Senator Stone asked that the order directing a roll call on the Burton on yesterday. Consignments came larger, from Montana. Wyoming and Idaho.

As on yesterday the opening of the market showed a little, more life than on the first two days of the week and a fair this procedure from Senator O'Gorman resulted in the roll call being taken. During the evening the clause in ques-

tion, which provided that no tolls should be levied upon vessels engaged in the coastwise trade of the United States was amended upon motion of Senator Hoke Smith of Georgia, by making the exemption apply only to vessels engaged exclusively in the coastwise trade of the United States. Another amendment by the senator requiring owners of ships to acknowledge the United States free from liabilities

of ewes that brought \$3.70,
In the lamb division everything was sold sage through the canal was defeated. So was an amendment by Senator Percy, which provided that vessels owned by Limited terms for civil service employes,

service employes and also the abolition of the commerce court. The bill carries an appropriation of \$34,000,000.

PACKERS RECEIVE HOGS OF BETTER QUALITY

CINCINNATI, Aug. 8 .- (Special Telegram.)-Price Current says the returns for the week indicate some further decrease in market supplies of hogs, with a moderate shortage in comparison with the corresponding period last year. The good quality of the stock being marketed and maintenance of average weights are suggestive of a little hurrying of shipments, which is encouraged by market prices currently and prospectively. Total western slaughtering was 350,000 hogs, compared with 405,000 the preceding week. For a corresponding time last year the number was 300,000. From March 1 the total is 11,250,000, against 12,570,000 a year ago, a decrease of 1,320,000 hogs. The market has had an advancing tendency, with irregular increases in different markets, the general average at the close for prominent markets being at about \$8.05 per 100 pounds, compared with \$7.90 a week ago.

Total number of hogs slaughtered since March 1 at places indicated: 2 390 000
