NEW PARTY LEADERS HEADED HOMEWARD

(Continued from First Page.)
Roosevelt and Governor Johnson will make campaign tours through the state and Senator Dixon also will take a hand in the fight.

FLINN'S PLAN IS OUTLINED

Van Valkenburg Tells of Scheme to Steal Republican Organization.
CHICAGO, Aug. 8.—The method by which William Flinn of Pittsburgh and the other Roosevelt leaders in Pennsylvania expect to keep control of the republican state organization and at the same time to work for the election of Colonel Roosevelt through the new progressive party, was explained today by E. A. Van Valkenburg of Philadelphia. Mr. Van Valkenburg said the republican candidates for state offices would be placed also on the Washington party's ticket, together with as many of the republican candidates for congress as would pledge themselves to support the progressive national ticket.

DEMOS ARE GROWING SORE

county behind him he will land without much doubt. It is said that Governor Aldrich has other plans, but will not insist if the rest of the herd really want Corrick for head bull mooser.

The next move on the political check-board will be the state convention of the real sure enough herd of Teddy-moosers, which will be called soon.

Corrick May Get Land.
Things are not going to be all one way in the bull moose headquarters of the Teddyite faction of the republican party in Lancaster county. When George A. Adams, the new chairman of the county committee returns home he will find the county committee in anything but a unanimous condition. It is true that the moosers are in the majority, but the Taft men have about two-fifths of the committee and they are not feeling especially good because they were not allowed a look at the state convention. The moe of the bull moose in the political forest is liable to find the trumpeting of the elephant a strong factor in preventing harmony in the music of the jungle, and the chairman of the moosers will not find his path all strewn with roses, if the mutterings of the regular republicans who have been disfranchised on the national ticket by the action of the state convention means anything.

NO ADVICE TO GIVE HERE

(From a Staff Correspondent.)
DES MOINES, Aug. 8.—(Special Telegram.)—The Iowa delegates to the bull moose convention returned today and brought th information that whatever is done as to any state, congressional or local candidates in Iowa is to be left entirely to the local managers and the national committee will have no advice to give as to Iowa. They declare that nothing was decided as to Iowa at the Chicago meeting and nothing will be decided for some time as to any additional candidates.

Assessment Board Fixes the State Levy

PIERRE, S. D., Aug. 8.—(Special Telegram.)—The state assessment board today fixed the general state levy for this year at 4 mills and the levy for corporation property at 25 mills, which is in lieu of local taxes. The board placed the assessment of express companies at the same figure as last year, declining to accept the proposition of the companies for a compromise at 2 per cent of gross earnings. Following this a restraining order from the United States court was served on State Treasurer Johnson to prevent his attempting to collect taxes levied for last year.

USE OF ROAD DRAG PROVES SERIOUS AT CROSSINGS

CRESTON, Ia., Aug. 8.—(Special.)—Superintendent Card of the Creston division of the Burlington has issued an announcement that few people realize the danger there is in using the King drag, scrapers and grading machines over the railroad tracks at road crossings and filling the flange ways with dirt.

He says there have recently been two serious derailments due to this one cause and he asks all road supervisors to co-operate with the company in keeping these places free and thus helping in the movement to reduce train accidents and personal injuries.

Accidents by the Dozen; Omaha's Score for One Day

- Twelve bad accidents, one of which was fatal, marked yesterday as one of the bloodiest that has come to the attention of the police surgeons in a long time.
- At 10 o'clock last night James Doyle, 21 years of age, living at Twenty-fifth and Binney streets, was caught between two street cars at Twenty-fourth and Binney and instantly killed. Coroner Crosby took charge of the body.
 - There were no witnesses to the accident except the motormen and conductors of both cars. These, however, did not actually see the man fall. According to Motorman Osborne of a southbound Twenty-fourth street car, he heard something strike the side of the car and then a scream. He stopped his car and found the young man lying dead on the ground. It is believed that the young man was stealing a ride on the front end of the southbound car when the other car going north scraped him off and knocked him under the car upon which he had been riding.
 - The first accident of the day happened at the letter brewery in South Omaha at 5 o'clock yesterday morning. George Medlock, 1913 North Twenty-seventh street, was assisting in boring an artesian well when a 140-pound drill fell upon him, crushing three ribs and a foot. He was taken to his home, where he was treated by Dr. Raber, his family physician.
 - In the afternoon Neils Sorenson, 242 North Forty-seventh avenue, fell fifteen feet into an ash pit at the power house on Fourth and Jones streets and sustained painful injuries to his right leg and possible internal hurts.
 - At 6:45 o'clock Manager Foshier of the Nebraska Carter Car company at 113 Farnam street, told the police that Fred Leeds, a machinist, had fallen one floor into an elevator shaft and sustained painful injuries. Leeds was taken to the Methodist hospital, where it was found that he had a dislocated wrist, a fractured skull and internal injuries. His condition at midnight was reported to be serious.
 - The police patrol and Surgeon Don Vanderhoof then went to 2011 Spruce street, where Harry Cohen, aged 8, had fallen on a broken bottle and out his left side nearly five inches in length. Dr. Vanderhoof sewed the wound up and the lad was cared for at home.
 - At 8 o'clock Hattie Bartell, who lives

Federal Agents at Cattle Markets to Investigate Prices

WASHINGTON, Aug. 8.—Soaring prices of beef and other meats have attracted the attention of the federal government and may have the effect of spurring on the proposed congressional investigation of the so-called beef trust.

Agents of the Department of Commerce and Labor are at the principal markets gathering information on current cattle receipts to determine the relation of the world record of \$10.19 a hundred for beef on the hoof, with the supply and demand.

The house judiciary committee will meet tomorrow with the expectation of deciding whether it will begin its investigation next month and report to the house when congress assembles in December or delay until winter. The Chicago cattle market's breaking the world record for beef has converted some members of the committee to immediate action.

CHICAGO, Aug. 7.—Eighteen head of Aberdeen-Angus cattle from Kansas, Illinois, sold for \$102 a hundred, on the Chicago market today, marking the high price paid for beef since the civil war.

SIoux CITY, Ia., Aug. 7.—Forty-three yearling Short-horns, mixed steers and heifers, weighing 394 pounds each, were sold at \$9.29 today on the local market.

It is said the price never before was equaled on an open market in the United States for this weight of cattle.
